Whereas the United States was the first great power to recognize Tunisia's independence from France in 1956;

Whereas Tunisia was a steady and reliable ally of the United States during the darkest days of the Cold War, providing naval facilities to the United States Sixth Fleet and supporting the United States at the United Nations and other international bodies;

Whereas Tunisia after independence received more aid from the United States than from any other donor country in the form of governmental loans and technical assistance;

Whereas Tunisia efficiently utilized American assistance and its own resources to drastically improve social conditions, further economic development, and establish an open market economy and a tolerant society based on the principles of democracy, social peace, and justice;
