

At the end of title VIII, add the following:

SEC. 8099. (a) The Secretary of Defense shall waive generally with respect to a foreign country each limitation on procurements from foreign sources provided in law if the Secretary determines that the application of the limitation with respect to that country would impede cooperative programs entered into between the Department of Defense and the foreign country, or would impede arrangements for the reciprocal procurement of defense items entered into under section 2531 of title 10, United States Code, or under any other provision of law, and the country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

(b) Subsection (a) applies with respect to—
(1) contacts and subcontracts entered into on or after the date of the enactment of this Act; and

(2) options for the procurement of items that are exercised after such date under contracts that are entered into before such date if the option prices are adjusted for any reason other than the application of a waiver granted under subsection (a).

At the appropriate place in the bill, insert the following new section:

SEC. . (a) FUNDING.—The Department of Defense budget is insufficient to fulfill all the requirements on the unfunded priorities lists of the military services and defense agencies.

(b) The documented printing expenses of the Department of Defense amount to several hundred million dollars per year, and a similar amount of undocumented printing expenses may be included in external defense contracts.

(c) Printing in two or more colors generally increases costs.

(d) The Joint Committee on Printing of the Congress of the United States has established regulations intended to protect taxpayers from extravagant government printing expenses.

(e) The Government Printing and Binding Regulations published by the Joint Committee on Printing direct that, "... it is the responsibility of the head of any department, independent office or establishment of the Government to assure that all multicolor printing shall contribute demonstrable value toward achieving a greater fulfillment of the ultimate end-purpose of whatever printed item in which it is included."

(f) The Department of Defense publishes a large number of brochures, calendars, and other products in which the use of multicolor printing does not appear to meet the demonstrably valuable contribution requirement of the Joint Committee on Printing, but instead appears to be used primarily for decorative effect.

(g) The Department of Defense could save resources for higher priority needs by reducing printing expenses:

Therefore, it is the sense of the Senate that:

(1) the Secretary of Defense should ensure that the printing costs of the Department of Defense and military services are the lowest amount possible;

(2) the Department of Defense should strictly comply with the Printing and Binding Regulations published by the Joint Committee on Printing of the Congress of the United States; and

(3) that the Department of Defense budget submission for fiscal year 1999 should reflect the savings that will result from the stricter printing guidelines in (1) and (2).

ADDITIONAL STATEMENTS

TRIBUTE TO THE TOWN OF BARRINGTON ON ITS 275TH ANNIVERSARY

• Mr. SMITH of New Hampshire. Mr. President, I rise today to pay tribute to the town of Barrington, NH. On July 20, 1997, the people of Barrington will gather in celebration of the 275th anniversary of the town's charter.

On May 10, 1722 Gov. Samuel Shute signed Barrington's charter on behalf of King George I, encouraging the settlement of a new plantation of 50 dwelling houses, a meeting house for public worship, a parsonage, and a school. However, when Barrington's first settlers crossed the 20 miles between the harbor town of Portsmouth and their new plots of white pine forest land, they found the terrain wrought with the tough, plow-bending granite which has come to make New Hampshire famous. Early accounts depict fields overrun with rattle snakes and forests brimming with less-than-hospitable native tribes.

Nevertheless, in quintessential Yankee fashion, the people of Barrington cut out a tiny foothold for themselves. Together, they burned back the brush, felled the towering hardwoods, and quarried the granite using crude hand-held drills and chisels. By 1742, granite boulders had been hewn into foundations and apple orchards had been planted. By 1750, Barrington's lumber

mills were providing the timber for ships' masts in England, posts and beams for homes in surrounding towns, and chord wood for firing the seacoast's early ironworks.

Mr. President, on Sunday I will join with the people of Barrington on the steps of its landmark Calef's Country Store to commemorate this historic birthday. Since its rudimentary beginnings the town of Barrington has grown into a prosperous township of 6,600 people. Joining me on Sunday will be members of Barrington's volunteer fire department, Barrington's volunteer emergency medical service and Barrington's volunteer youth association. I am pleased to report the unwavering dedication to community is alive and well in Barrington after 275 years.

Happy birthday, Barrington. Live Free or Die.●

TRIBUTE TO THE 1997 GRADUATES OF THE AMERICAN ASSOCIATION OF HEALTH PLANS' MINORITY MANAGEMENT DEVELOPMENT PROGRAM

• Ms. MIKULSKI. Mr. President, I rise today to congratulate 14 individuals who recently completed the American Association of Health Plans [AAHP] Minority Management Development Program [MMDP]. This intensive year-long fellowship program prepares minority managers for middle management positions in network-based health plans.

The 1997 graduates are: Cheryl Bitoun, M.H.A.; Michelle Browne, M.P.A., M.S.W.; Kendrick Carpenter; Janice Cartera; Bernadette Cooper, M.H.A.; Lisa Lawrence Eggleston, R.N., M.H.A.; Juli Harkins, M.S.H.A.; Lisa Little Axe; Elizabeth Mendoza, M.B.A., M.H.A.; and Erik Thorne, M.P.H.

The Minority Management Development Program was created in 1994 when AAHP and the health plan community recognized the need to develop diverse management teams—especially in light of the growing number of minorities joining health plans. Since the MMDP's inception in 1992, 42 fellows of diverse ethnic backgrounds have participated in this innovative management training program and have distinguished themselves as leaders throughout the health care community. The MMDP is a comprehensive program designed to provide managerial training, work experience, and knowledge of health plans through focused didactic and practical interactive training opportunities. The program's varied curriculum is focused on key health care related management tools, including quality management and accreditation, marketing, delivery systems, financial management, and operations.

Fellows in the 1997 class trained at health plans in Washington, DC, and in several neighboring counties in Maryland. This year's training sites were Kaiser Foundation Health Plan/Mid-Atlantic States, Rockville, MD; NYLCare
