STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. ALLARD:

S. 1094. A bill to authorize the use of certain public housing operating funds to provide tenant-based assistance to public housing residents; to the Committee on Banking, Housing, and Urban Affairs.

THE CRIME VICTIM HOUSING VOUCHERS BILL JULY 30, 1997

Mr. ALLARD. Today, Mr. President, I would like to introduce a bill that would provide for more public housing vouchers. I have been working on this issue in the Housing Subcommittee, and it is my hope that a similar provision will be placed in the Public Housing bill.

The original intent of the Federal housing assistance program was to provide temporary housing to poor individuals and families. Since their inception, federal housing programs have grown dramatically. Today they provide \$25 billion per year in housing assistance.

In my view, the voucher program is the best means for low-income families to find secure affordable rental housing. The voucher program first began in 1974 and has grown to serve over 1.5 million low-income families today. These families are empowered with the choice of where they want to live and are given the freedom to determine what surroundings they desire. Vouchers are the preferable means of providing affordable housing to low-income individuals.

Vouchers enjoy wide support, including past Republican and Democratic administrations. In fact, the current Secretary of HUD, Secretary Andrew Cuomo supports an expanded voucher program.

Vouchers are very popular, which is demonstrated by the 1.5 million families who are currently using vouchers or certificates. Vouchers empower individuals and promote competition within Public Housing Authorities and within the community, thereby lowering costs and improving conditions for the residents. Vouchers or other alternatives can be less expensive than the current public housing program; they can save the government money, and improve conditions for the tenants.

Studies have indicated that project-based housing assistance costs more on average than the voucher housing program. In fact, the findings of the June 1995 GAO report indicated that housing vouchers cost 10 percent less than project-based housing. This study clearly demonstrated that on a national average, the section 8 tenant-based housing program is cheaper than the public unit-based housing program. In fact, one can say that the savings from the movement to vouchers would amount to \$640 million per year which could add additional housing assistance.

Under this legislation, ten percent of the public housing operating funds that are distributed to each public housing authority would be made available for those who currently live in the public housing unit and wish to be given a voucher. Nothing would be required or mandated; it is simply a choice given to the resident. In fact, we make clear that any unexpended amounts set aside for vouchers would be used by the PHAs for normal operating funds.

Quite frankly, I really don't know how anyone could oppose this provision unless they are just opposed to giving people a choice and an opportunity.

The language that I have proposed also establishes a preference for crime victims. It states that a voucher will be made available to any resident of public housing who is the victim of a crime of violence that has been reported to law enforcement. People should have the option of vouchers when their housing is unsafe.

My strong belief is that we should increase the pace at which we move ahead with the conversion of housing from the old central planning and concentrated public housing model, to one of choice and opportunities through the use of vouchers.

By Mr. ROBERTS (for himself, Mr. BINGAMAN, Mr. BROWNBACK, Mr. CAMPBELL, Mr. DOMENICI and Mr. INOUE):

S. 1095. A bill to enhance the administrative authority of the respective presidents of Haskell Indian Nations University and the Southwestern Indian Polytechnic Institute, and for other purposes; to the Committee on Indian Affairs.
