

son Daniel was one of the students murdered at Columbine High School. I am attaching his letter to this statement, and I urge all Members of the House—particularly the leadership of the Judiciary Committee—to review it carefully as we move toward a conference with the Senate on the Juvenile Justice legislation.

DEAR REPRESENTATIVES HEFLEY, MCINNIS, SCHAFER and UDALL: I am Tom Mauser, father of Columbine High School victim Daniel Mauser. While I do not live in your district, as an advocate for common sense gun laws I have heard from people from all over Colorado through a web site I've set up in honor of my son (www.danielmauser.com). These people have expressed fear about the safety of their children. Many believe in common sense gun laws, and though they don't speak with the intensity of NRA members, I think their voices should also be heard.

I urge you to pass the Juvenile Justice bill now before the House with the gun control amendments as passed by the Senate intact. Please don't water them down, don't create more loopholes, and don't approve poison pills that would deter passage.

There are those who think I am singularly focused on gun control. No, in ALL of my public appearances I have clearly stated that there are many factors that are responsible for the tragedy at Columbine and other schools (lack of parental oversight, lack of value placed on human life, violence in the media, etc.) However, addressing these cultural factors will take time. Most must be addressed by families and communities, not Congress. One of the only major things Congress can do is to tighten loopholes and reduce children's access to guns. So the question is, will you show leadership to address this one action you can take? Or will you pretend that the status quo is okay?

I urge you once again to pass the Juvenile Justice bill with the gun control amendments passed by the Senate. If you are unwilling to do so, I ask you to ponder these questions: What useful purpose is there for the semi-automatic weapons like the one used to kill my son? Why do we need imported gun clips holding more than ten bullets, like the one used to kill my son? How many more school shootings or how many more gun deaths would there have to be before you would put aside concerns about 'bureaucratic burdens on gun owners' and vote against the NRA and for common sense gun laws? How many???

On my son's web site I will place your voting record on this issue. Just as the NRA pressures you and holds you accountable, so too will I. In just 12 days since it began, the web site has had well over 5,000 hits, and I expect more as time goes on. I hope you will honor Coloradans and our God by doing the RIGHT thing.

I encourage you to visit my son's web site (www.danielmauser.com) so you'll be reminded of the human costs of these tragic shootings. I welcome your response to this letter, as would the thousands of Coloradans logging on to the web site.

Sincerely,

TOM MAUSER.

TRIBUTE TO COLONEL JOHN FRANCIS KELLY, UNITED STATES MARINE CORPS

HON. FLOYD SPENCE

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 23, 1999

Mr. SPENCE. Mr. Speaker, I rise today to recognize an exceptional United States Ma-

rines officer, Colonel John Francis Kelly. Next week, Colonel Kelly completes a highly successful four year tour as the Marine Corps' Liaison to this body. It is a pleasure for me to recognize a few of his many outstanding achievements.

A native of Brighton, Massachusetts, John Kelly initially served in the United States Merchant Marines until 1969. On September 10, 1970, John Kelly dedicated himself to the service of this Country by enlisting in the Marine Corps. Upon graduating from the Marine Corps Recruit Depot at Parris Island, South Carolina in November 1970, he was designated as a Rifleman and conducted training with the Infantry Training Regiment, until February 1971. Due to his exemplary performance, he was meritoriously promoted ahead of his peers to the grades of Private First Class, Lance Corporal, Corporal, and Sergeant. He was discharged from the Marine Corps in September 1972. Soon after graduating from the University of Massachusetts, Colonel Kelly was commissioned as a Marine Corps Second Lieutenant, in November 1975.

Then, Second Lieutenant Kelly reported to The Basic School in Quantico, Virginia, for six months of basic officer training. Upon his graduation from that school, John Kelly reported for duty with the Second Battalion, Second Marine Regiment, Camp Lejeune, North Carolina, where he served as a Platoon Commander, a Rifle Company Executive Officer, an Assistant Operations Officer, and Commanding Officer of a rifle company. In November 1977, he was promoted to First Lieutenant. Subsequent non-Fleet Marine Force assignments from 1979 to 1984 included service as the Executive Officer for Marine Detachments, aboard the USS FORRESTAL and the USS INDEPENDENCE, and as the Ground Officer Assignment Monitor at Headquarters, United States Marine Corps, Washington, DC. During this time, he was promoted to Captain. He also graduated from Georgetown University in 1978, where he earned a Masters Degree in National Security Studies.

In June of 1984, Captain Kelly was assigned to the Third Battalion, Fourth Marine Regiment, and he commanded both Rifle and Weapons Companies. Upon being promoted to the rank of Major, John Kelly served as the Battalion's Operation Officer. In June 1987, Major Kelly was transferred to Quantico, Virginia, where he was initially assigned as the Section Head, Offensive Tactics at The Basic School. In April 1988, Major Kelly was assigned as the Officer in Charge and Chief Instructor at the Marine Corps Infantry Officer Course, also located at Quantico, Virginia. He held this position until August 1990, at which time he was reassigned as a student at Marine Corps Command and Staff College and later to the School for Advanced Warfighting. In June 1992, Major Kelly transferred to the First Marine Division, Camp Pendleton, California, and he assumed the duties as Commanding Officer of the First Light Armored Reconnaissance Battalion, where he was promoted to Lieutenant Colonel.

John Kelly arrived for duty as the Marine Corps' Liaison Officer at the House of Representatives in June of 1995. In this capacity, he has been instrumental in providing the Congress with in-depth knowledge of the Marine Corps. Most importantly, Mr. Speaker, Colonel John Kelly has come to epitomize those qualities that we as a Nation have come

to expect from our Marines—absolutely impeccable integrity and character, as well as professionalism.

John Kelly was promoted to Colonel, at a ceremony in which I had the honor to participate, at the House of Representatives in July 1998. His personal awards include two Meritorious Service Medals, four Navy-Marine Corps Commendation Medals and the Navy-Marine Corps Achievement Medal. Mr. Speaker, John Kelly has served our Country with distinction for the past twenty-six years. As he continues to do so, I call upon my colleagues from both sides of the aisle to wish him, his lovely wife Karen, and their three children, John Jr., Robert, and Kathleen, much continued success in the future, as well as fair winds and following seas.

TRIBUTE TO WEST POINT GRADUATE RALPH WARE

HON. BOB SCHAFER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 23, 1999

Mr. SCHAFER. Mr. Speaker, I rise to recognize a young man dedicated to excellence in the service of his Country. On May 29, 1999, Cadet Captain Ralph Ware of Aurora, Colorado, Graduated from the United States Military Academy at West Point, New York.

The United States Military Academy is among the most prestigious military academies in all the world. The Academy selects only the best and brightest young people of our nation to serve and study at West Point for four years. Once admitted, the cadet must endure the most rigorous training, testing his mind, body and spirit on a daily basis. As the cadet meets each challenge, he is transformed into a new, multifaceted person, capable of serving his country in the face of any obstacle. This transformation culminates in graduation, where each cadet celebrates the achievements of the past and the possibilities of the future.

Mr. Speaker, it is my privilege to congratulate Cadet Captain Ralph Ware and all of the East Point graduates. With confidence, I look forward to their leadership in America.

IN RECOGNITION OF THE CONTRIBUTIONS OF DR. WILLIAM R. WILSON, JR.

HON. SAM GEJDENSON

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 23, 1999

Mr. GEJDENSON. Mr. Speaker, I rise today to congratulate Dr. William R. Wilson, Jr. upon receiving his Norwich Rotary Club's Native Son award for 1999. Dr. Wilson is a distinguished son of Norwich and an extraordinary humanitarian.

Dr. Wilson is a highly skilled cardiac surgeon specializing in pediatric cardiology. He is chief of cardiovascular surgery at The Children's Hospital, University Hospital and Clinics in Columbia, Missouri. Dr. Wilson has performed more than 120 heart transplants, including on the youngest Americans.

However, Dr. Wilson is more than just a surgeon, he is a humanitarian. He has traveled

across the world to use his skills to better the lives of people who live in nations which do not enjoy the medical care available in our great country. Thanks to Dr. Wilson, children around the globe have been given a precious gift—the opportunity to grow up healthy and happy. I have attached an editorial from the Norwich Bulletin commending Dr. Wilson which I request be included following my remarks.

Mr. Speaker, I join residents from Norwich in congratulating Dr. William Wilson, Jr. on receiving this prestigious award. He is a humanitarian, a tribute to his family and a great ambassador for our country.

DR. WILLIAM R. WILSON, JR. IS NATIVE SON FOR 1999

William R. Wilson Jr., M.D., today will be awarded the Norwich Rotary Club's Native Son honor for 1999. Bill left Norwich many years ago, and since that departure he has distinguished himself both throughout this country and internationally as a cardiac surgeon and, specifically, a pediatric cardiac surgeon.

The son of Margaret Sullivan Wilson and the late W. Robert Wilson—and the brother of Margaret, known hereabouts as Peggy—Bill was born in Norwich in 1954 and grew up on Lincoln Avenue and Canterbury Turnpike.

During his early years here, Bill learned to golf and ski. He and his sister volunteered for Head Start, and Bill had stints locally with a bank and the American Ambulance Service.

His early learning took place at the John Mason and Samuel Huntington schools, Kelly Junior High and, finally, the Norwich Free Academy from which he graduated in 1972. While his curriculum vitae and individual honors are much too extensive to enumerate here, his education continued at Kenyon College, the University of Connecticut, the Medical Center Hospital of Vermont and Case Western Reserve University.

During his time in Kenyon, Bill served as a town volunteer firefighter. In the course of those duties, he responded to a horrific car accident where one person died at the scene, another at the hospital. That spurred his initial interest in medicine.

Bill's skill today—which includes surgery on infants and more than 125 heart transplants—takes brilliance, a steady hand and enormous dedication.

Bill was 35 before he finished training and went to work.

He has taught anatomy, been staff and chief physician, and today is chief of cardiovascular surgery at The Children's Hospital, University Hospital and Clinics in Columbia, Mo.

He's licensed in Vermont, Minnesota, Illinois, Ohio and Missouri. He's led medical missions to Peru and the Republic of Georgia in the former Soviet Union.

Today, when he's not saving or improving the quality of human lives, Bill and his wife, Joan, and their children Bobby, Brandon and Alaina make their home in Columbia, Mo.

With family, job and an occasional round of golf, the demands on Bill's time are considerable. And though today he calls Missouri home, he will always be a Norwich native, one of whom this community is enormously proud.

The Norwich Rotary Club has made a fine choice in selecting Dr. Wilson as 1999 Native Son. On behalf of the community, we extend our congratulations to a man who has made us very proud.

Well done, Bill, and welcome home.

TRIBUTE TO MR. FRAN GRADISAR

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 23, 1999

Mr. McINNIS. Mr. Speaker, I would like to take a moment to recognize and honor Mr. Fran Gradišar. Later this month, Mr. Gradišar will retire after 39 years as a leading veterinarian in Pueblo, Colorado, and I would like to pay tribute to him for his hard work, dedication and service to citizens of Pueblo and their pets.

After graduating from high school, Mr. Gradišar was drafted and served two years in the Army. Searching for a career after completing his military service, Mr. Gradišar remembered his admiration of dogs and decided to become a veterinarian.

He enrolled at Colorado State University, was accepted to vet school and in 1960, he graduated and returned to Pueblo to work for Dr. Ed Eden for several years. After gaining valuable experience from Dr. Eden, Mr. Gradišar established his own practice which he has maintained since 1964.

His dedication to the health of animals has instilled in the owners of his patients a sense of trust which now brings the third generation of some families to his office. Mr. Gradišar has not only cared for the animals which have visited his office, but he has also volunteered time and services to the humane society.

Individuals such as Mr. Fran Gradišar, who contribute to the community in which they live, and set a good example for all, are a rare breed. Today, as Mr. Gradišar opens the page on a new chapter in his life, I would like to offer my gratitude for his work ethic and for the inspiration which he has provided. It is clear that Pueblo has benefitted greatly from his practice. I would like to congratulate him on a job well done, and wish him the best of luck in all of his future endeavors.

INTRODUCTION OF LEGISLATION TO PROVIDE HEALTH COVERAGE FOR HEARING AIDS FOR FEDERAL EMPLOYEES

HON. CONSTANCE A. MORELLA

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 23, 1999

Mrs. MORELLA. Mr. Speaker, today I am introducing legislation that would provide coverage for hearing aids under the health benefits program for Federal employees.

Hearing loss is a health issue. If hearing loss is not treated, it can affect the general and psychological health of an individual. Studies show that people with hearing loss often suffer serious emotional and social consequences. Untreated hearing loss can lead to depression, anxiety, stress and chemical dependency which results in an increase in medical visits and hospital stays.

Many people feel that there is a stigma attached to hearing loss and try to hide it. This is especially true of employees who fear that they will be seen as less than competent in the workplace if they admit that they have a hearing loss.

Hearing loss affects about nine million Americans over the age of 65 and 10 million

Americans between 45 and 64. About three out of five older Americans and six out of seven middle-aged Americans with hearing loss do not wear a hearing aid. More than one-half of the non-users cite the cost as a reason for not wearing a hearing aid.

Hearing aids are a major uncovered health care expense. The average cost of a hearing aid in 1997 was \$971. By providing health care coverage, this legislation will ensure that federal employees and their families will be able to afford much-needed hearing aids.

There are a number of insurance policies that cover hearing aids. The California Public Employees Retirement System (CalPERS) provides coverage for hearing tests and hearing evaluations, at no cost. This plan also covers up to \$1,000 every three years for hearing aids.

The State of Minnesota Employees Insurance provides coverage for hearing exams and up to 80 percent of the cost of a hearing aid for all its employees. And Hartford Insurance offers hearing testing and the full cost of two aids every five years.

Mr. Speaker, hearing loss is one of the most prevalent chronic conditions in America. We must address this serious problem by making hearing aids more affordable, so that hearing-impaired individuals and their families can improve the quality of their lives.

PERSONAL EXPLANATION

HON. AMO HOUGHTON

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 23, 1999

Mr. HOUGHTON. Mr. Speaker, I rise to say that I missed votes numbered 204–238 from June 14 to 18, 1999, as I was attending the inauguration ceremony of South African President Thabo Mbeki.

Under the authorization of Chairman BEN GILMAN of the House International Relations Committee, I was the sole representative of the U.S. Congress at the inauguration.

IN HONOR OF THE 150TH BIRTHDAY OF DAYTON, KENTUCKY

HON. KEN LUCAS

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 23, 1999

Mr. LUCAS of Kentucky. Mr. Speaker, I rise today in recognition and celebration of the 150th birthday of Dayton, Kentucky.

Dayton is a city that has overcome much adversity in its 150 years, including three major floods. Dayton's resilience can be traced to the strong work ethic of its people. The people of Dayton, including its government, business, and education leaders, have always had a "roll up your sleeves and get to work" attitude. It's that kind of work ethic that helped build America's great cities—big and small.

Earlier this month, I was honored to take part in Dayton's sesquicentennial parade to commemorate Dayton's many accomplishments and to celebrate this important milestone. And today, in the U.S. House of Representatives, I rise to congratulate the city of
