#### EARTH DAY INTRODUCTORY STATEMENT

#### HON. TOM UDALL

OF NEW MEXICO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, November 18, 1999*

Mr. UDALL of New Mexico. Mr. Speaker, today I rise to introduce a resolution recognizing the growing observance of Earth Day. On April 22, 1970, 20 million Americans celebrated the first Earth Day. Since Earth Day's first observance, the number of Americans celebrating Earth Day and the number of countries observing Earth Day has steadily risen. In fact, Earth Day is now observed in more than 140 countries.

Every year on April 22, millions of Americans and millions of people throughout the world participate in activities that call attention to harmful human activities that impact our natural environment. These calls have not gone unanswered. Since the first observance of Earth Day, Congress has passed the Clean Air Act, the Clean Water Act, and the Endangered Species Act in an effort to halt and roll back the harmful impacts of human activity. In addition, we have seen the creation of the U.S. Environmental Protection Agency, and just recently, in the House Committee on Resources, we witnessed a successful bipartisan effort to provide funding for an array of conservation and wildlife programs.

Earth Day provides an opportunity to learn about the positive actions we can take to improve energy efficiency; to develop safe, renewable energy sources; to design goods that are durable, reusable, and recyclable; and to eliminate the production of harmful wastes while protecting our environment and encouraging sustainable development throughout the world.

Mr. Speaker, this resolution recognizes the importance of Earth Day and calls on the House of Representatives to recognize that Earth Day should be established to draw attention to the impact of human activity on the natural environment, to alert the world to environmental threats to human health and well-being, and advocate personal actions and public policies to promote and preserve a healthy, diverse, resilient, and productive world for our children and our children's children.

This is a companion measure to one already introduced in the other chamber by Senator JEFF BINGAMAN of New Mexico.

Mr. Speaker, I ask this body to support this worthy resolution.

#### HONORING JOHN OLSEN AS HE RECEIVES THE STATE OF ISRAEL BONDS LABOR MEDAL

#### HON. ROSA L. DeLAURO

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

*Thursday, November 18, 1999*

Ms. DeLAURO. Mr. Speaker, I rise today to honor my good friend John W. Olsen as he receives the State of Israel Bonds Labor Medal for his lifelong contributions to the labor movement in the State of Connecticut.

Created in 1951, State of Israel Bonds serves as the cornerstone of Israel's economy. Committed to improving Israel's infrastructure as a whole, Israel Bonds provides financial support for the construction of research facilities, transportation networks, communications links, and the expansion of port and airport facilities. Its commitment to the betterment of Israel's people and its economy is unparalleled—helping transform the state of Israel into one of the world's leading industrial nations.

In many ways, John's commitment to the labor movement is reflective on Israel Bonds' commitment to the state of Israel. Since he began his career as a member of the UA Local 133, Plumbers and Pipefitters, John has dedicated his life to working families. He has fought for better wages, more comprehensive health benefits for workers and their families, and safer work environment. As President of the Connecticut AFL-CIO, John has forced the largest corporations in Connecticut to listen to their employees' and afford them these basic rights. He has been a true leader for our working families, giving them a voice during the hardest of economic times.

John has also worked hard to make Connecticut a better place to live and grow. He has been active in state and national politics, serving on the Democratic State Central Committee and the Democratic National Committee. He also serves on a number of boards and commissions with the purpose of making Connecticut's workers the most productive in the nation. Over the years, John has become an ambassador for the labor movement, spreading its message of helping and protecting working families through lectures, newspaper columns, and on the radio. We in Connecticut have much to thank John for—his contributions have been truly invaluable.

It is with great pride that I rise to join friends and family in saluting my dear friend, John, as he receives the State of Israel Bonds Labor Medal. Congratulations.

#### TRIBUTE TO MICHAEL TERRELL

#### HON. ANNE M. NORTHUP

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

*Thursday, November 18, 1999*

Mrs. NORTHUP. Mr. Speaker, I rise today to congratulate and honor a Kentucky teacher from my district who has achieved national recognition for his exemplary role in educating young students. Michael Terrell of Louisville is one of 29 teachers from across the country selected for USA TODAY'S 1999 ALL-USA Teacher Team. He should be extremely proud to have been both nominated by a colleague and to have received an award conferred on the most impressive teachers in the nation. In light of constant stories about the crisis in our nation's schools, it is vital that we recognize the dedication and outstanding achievements of our teachers. It is my honor to pay tribute to someone who has made such a difference to so many children.

Michael Terrell has had a distinguished career as a primary teacher for 27 years, including 18 years at Cochran Elementary School where he currently teaches first and second grades. Thanks to Michael Terrell's devotion and selfless contributions, the Cochran Elementary School is filled with spirit and activism. His hard work and dedication to making schools better and improving the lives of his students, both encourages parents to get involved and sets an example for all teachers to follow. He is one of the people who helps create the vitality of Cochran Elementary School and his enthusiasm creates a can-do attitude. He is responsible for the many successes there which, in turn, positively affect our entire community's well-being.

Mr. Terrell is a teacher who knows how to get the job done. He knows it takes hard work, it takes flexibility, and it takes a commitment to each child. I was proud to hear that Michael Terrell supports what this Congress is trying to do—give schools and teachers the ability to make the choices which best reflect their students needs. We are all in agreement that such changes will help improve education—for Michael Terrell and his students. Because of all he does, I salute Michael Terrell for working so hard to make our schools a flourishing environment for our children to learn, grow and play.

#### TRIBUTE TO RONALD L. BOOK

#### HON. CARRIE P. MEEK

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, November 18, 1999*

Mrs. MEEK of Florida. Mr. Speaker, I rise to honor Ronald L. Book, one of Florida's truly remarkable citizens. Without ever holding elective public office, Ron Book has had a tremendous and positive influence on our state and our community for over 25 years.

Ron's tireless efforts and knowledge of both government and business has led to hundreds of millions of dollars in private and public investment in Miami-Dade County and throughout the State of Florida, resulting in the creation of thousands of new job opportunities, improving the quality of life for our citizens and greatly enhancing our position as a destination

of choice for vacationers and sports enthusiasts from around the nation and the world.

His efforts on behalf of the homeless and dozens of charitable organizations ranging from the Special Olympics to the Epilepsy Foundation to the Humane Society are not well-publicized, but they point out that, when it comes to community service, Ron Book is all business. In the highest traditions of public service, he is most generous with his time and attention in helping people who cannot themselves solve the problems that they face.

I have known Ron Book since he was just a youngster, making a name for himself working on local campaigns. As is the case today, everyone who met him then was impressed with his intelligence, hard work, devotion to principle and leadership capabilities. No one was surprised that Ron served as Vice President of his High School Class, or served in the University of Florida's Student Senate, or that he started working for a Florida legislator before he even graduated from college.

Because of his interest in government and desire to develop his own considerable capabilities, law school was a natural next step for Ron, as were his service as a Special Assistant to Governor Bob Graham; his employment in two of Florida's preeminent law firms; and the creation of his own law firm.

On December 14, 1999, Ron Book's achievements will be recognized at a testimonial dinner sponsored by the American Association of Bikur Cholim Hospital, Jerusalem's first hospital and one of Israel's preeminent medical care facilities. Mr. Book will be presented Bikur Cholim's International Brotherhood Award in recognition of this outstanding contributions to both his profession and our community.

Mr. Speaker, I know that my colleagues join with me in congratulating Ronald L. Book on this great honor.

#### TRIBUTE TO RABBI GERSHON AND SHARENE JOHNSON

##### HON. BRAD SHERMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 18, 1999

Mr. SHERMAN. Mr. Speaker, I rise today to pay tribute to Rabbi Gershon and Sharene Johnson in honor of their "Silver Celebration" at Temple Beth Haverim in Agoura Hills, California. This loving couple has spent 25 years as leaders in the Jewish community, both spiritually and educationally.

Rabbi Gershon Johnson has served as Rabbi at Temple Beth Haverim since 1988. He is described by many as the temple's incomparable spiritual leader. His devotion and expertise as a Rabbi are evident in his presence as a chaplain for the Southern California Board of Rabbis. He has always been extremely interested in passing on his love for and knowledge of Judaism. The Elderhostel program at the Brandeis Bardin Institute has benefited from Rabbi Gershon's knowledge, and he is one of their most popular teachers. He also has been instrumental in introducing religion to beginners through his "Introduction to Judaism" class sponsored by the University of Judaism.

Sharene Johnson is the wife of Rabbi Gershon, and has worked for the betterment

of the Jewish community in many different ways. She has taught at several Jewish day schools throughout the United States, and has been involved in programming and consulting at Jewish resource centers as well. Her leadership has shone through as chairperson on the Principal's Council at the Bureau of Jewish Education. For the past 11 years, she has passed on her wealth of experience and knowledge as Director of Education at Temple Ner Marev in Encino, California. The Jewish community also enjoys her teaching through adult workshops and her conducting of a women's Torah Study class at Temple Beth Haverim.

In addition to their devotion to the temple, they have become a model of excellent family life and values. Rabbi Gershon teaches the "Making Marriage Work" program at the University of Judaism. Sharene leads several family workshops each year, and has spent much of her time working with families and children. They have been happily married for 27 years and have raised 3 wonderful children—Gavi, Rachel, and Aliza.

Mr. Speaker, distinguished colleagues, please join me in paying tribute to Rabbi Gershon and Sharene Johnson. They are both deserving of our utmost respect and praise.

#### HONORING EDWARD WEISS

##### HON. ELIOT L. ENGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 18, 1999

Mr. ENGEL. Mr. Speaker, public service, when performed wisely and well, is the most noble of callings. I speak today to honor a man who has been in public service and who performed in just those ways. Edward Weiss is retiring from the United States Department of Justice, Immigration and Naturalization Service, after 30 years of service.

In his many capacities with the Department, Ed has received outstanding performance ratings from every United States Attorney General under whom he has served since 1981. He is well known for his ability to prepare and litigate cases. He also coordinated the Criminal Alien Program for the New Jersey District.

Ed received his BA degree from Syracuse University and graduated from Brooklyn Law School. He and his wife Susan have two daughters; Robyn, in a pre-doctorate program in Religion at Hebrew University, and Karen, studying law at George Washington University.

Ed is retiring to follow his other passions, hiking and traveling. He is a dedicated professional of who we can all be proud. I join his many friends in wishing him and his family many happy years in his retirement.

#### CAL BIO SUMMIT CEO SATELLITE CONFERENCE WITH MEMBERS OF THE U.S. HOUSE OF REPRESENTATIVES ON OCTOBER 26, 1999

##### HON. BRIAN P. BILBRAY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 18, 1999

Mr. BILBRAY. Mr. Speaker, I insert the following for the RECORD:

RICHARD WILLIS. Good morning, I am Richard Willis, the Regional Manager of ComDis Co. Laboratory and Scientific Services. We are delighted to participate in this first ever BIOCOM Satellite CEO Conference. I think it is a compelling measure of the progress that is being made by so many dedicated people here in this business in San Diego over the past few years. ComDis Co. has a strong presence and a long presence in San Diego. The short commercial is that we offer services ranging from venture finance for early stage entities through to life cycle management services for more advanced companies in this business. We have a local representative here, Gail Obley who is presently working with many of you. Again, we are delighted to participate as a sponsor and wish you well in this activity. Thank you.

NARRATOR. Welcome to the Satellite CEO Conference with the Commerce Committee of the U.S. House of Representatives. In San Diego, on today's panel are: President and COO, Alliance Pharmaceutical Company, Ted D. Roth, President and CEO, IDUN Pharmaceuticals, Inc. Steven J. Mento, Ph.D., President and CEO, BIOCOM/San Diego, Joe Panetta, President and CEO, California Healthcare Institute, David L. Gollaher, Ph.D., Chairman, President and CEO, IDEC Pharmaceutical William H. Rastetter, Ph.D., Founder and CEO, INNERCOOL Therapies, Inc., John Dobak, M.D., and your moderator for today, Chairman and CEO, Alliance Pharmaceutical Company, Duane Roth.

DUANE ROTH. Let me start and just briefly introduce our panel members: First, Ted Roth who is President of Alliance Pharmaceutical, Bill Rastetter, who is Chairman, President and CEO of IDEC Pharmaceutical, Steven Mento who is President and CEO of IDUN Pharmaceuticals, David Gollaher who is President and CEO of the California Healthcare Institute, John Dobak who is the Founder and CEO of INNERCOOL Therapies, and Joe Panetta who is President and CEO of San Diego's BIOCOM. Let me suggest that we go into the issues, if that's OK with you, that we would like to have a discussion or a dialogue with you on. And for that we've got a moderator for each topic. Congressman, did you want to say anything?

Congressman BILBRAY. I need to inform you, before we get started, that the transcript of this panel will be entered into the congressional record. So don't say anything that you don't want your grandchildren to read. But, seriously, we want for this dialogue to reflect the fact that these are issues that the biotech industry needs to have addressed and wants to have addressed. So you have been duly warned.

DUANE ROTH. We have been warned, and I guess that changes just about everything. However, let me turn to Ted and let him get the first issue on the table.

TED ROTH. Good morning Congressman, or afternoon I guess out there. Thank you for participating in this program. The issue that I would like to discuss briefly is the access to capital as the issue we are facing right now. As you know, San Diego has about 250 companies that are engaged in the various aspects of bioscience. We employ nearly 25,000 people. And spend over a billion dollars a year in research and development. We are the third largest concentration of biotech companies in the nation, or the world for that matter. All of these companies are similar in their issues to the roughly 1,300 other biotech companies in the United States.

Yesterday we had a panel of analysts who talked about the financing environment, both in the public and private markets. As most of us know, they talked about the difficulty in raising money with companies having valuations under approximately between 750 and a billion dollars. I think it is
