

Republican leadership makes impossible if this rich-get-very-much-richer bill were to become law. I forgot to bring the chart that I have here, but I will get it because I would like to show the American people what happens on just one issue, and that is the issue of the Nation's debt.

If this tax bill is passed, as it was passed in the House of Representatives, then it would be nearly impossible to reduce the Nation's debt. Let me show this chart. This chart shows where the present \$3.7 trillion of debt that is publicly held was created.

The first 38 presidents, from George Washington, our first president, through Mr. Ford, our 38th president, produced \$549 billion of debt. President Carter, in his 4 years, created an additional \$236 billion of debt. President Reagan created, in his 8 years, \$1.4 trillion. President Bush, \$1.1 trillion, and President Clinton, in his almost 7 years, an additional \$472 billion.
