

—The United States understands that Article 3(d) of Convention 182 does not encompass situations in which children are employed by a parent or by a person standing in the place of a parent on a farm owned or operated by such parent or person.

—The United States understands that the term "basic education" in Article 7 of Convention 182 means primary education plus one year: eight or nine years of schooling, based on curriculum and not age.

These understandings would have no effect on our international obligations under Convention No. 182.

Convention No. 182 represents a true breakthrough for the children of the world. Ratification of this instrument will enhance the ability of the United States to provide global leadership in the effort to eliminate the worst forms of child labor. I recommend that the Senate give its advice and consent to the ratification of ILO Convention No. 182.

WILLIAM J. CLINTON.

THE WHITE HOUSE, August 5, 1999.
