

is going to create division and animus in this country of ours.

Mr. NICKLES. Mr. President, regular order. I will answer a question. If the Senator wants to make a speech, he can make the speech on his own time.

Mr. SCHUMER. I will yield back my time to the Senator, retract my question, and ask unanimous consent that I might speak for 3 minutes.

The PRESIDING OFFICER. Is there objection?

The Senator from Oklahoma.

Mr. NICKLES. I didn't know my colleague wanted to engage in this. I was not clear that the Senator wanted to make a speech.

I want to say absolutely and positively that there is no "color test." No one raised that suggestion, that I am aware of, during the Clarence Thomas confirmation. I want to clarify again. I had several colleagues say they did not know what race Mr. White is. I think it is very much uncalled for and incorrect for anybody to make that kind of implication.

I yield the floor.

Mr. SCHUMER. Will the Senator yield for a question?

The PRESIDING OFFICER. The Chair advises that the pending business before the Senate is the vote on the Robb amendment. Unless there is unanimous consent to move beyond that vote, debate is not in order.

Mr. SCHUMER. Mr. President, I ask unanimous consent to address the Senate for 3 minutes.

The PRESIDING OFFICER. The Senator from Arizona is recognized.

Mr. MCCAIN. Mr. President, I respect the right of my friend from New York. In behalf of the Senator from Connecticut, who is waiting, we have pending business we are trying to finish today. I ask unanimous consent that the Senator from New York be allowed to speak for 3 minutes. Hopefully, we can move on.

The PRESIDING OFFICER. Is there objection?

Without objection, it is so ordered.

Mr. SCHUMER. I very much appreciate the courtesy.

The PRESIDING OFFICER. Will the Senator withhold?

Without objection, the vote on the Robb amendment is laid aside.

Mr. MCCAIN. Mr. President, could I ask for recognition.

The PRESIDING OFFICER. The Senator from Arizona may clarify his unanimous consent.

Mr. MCCAIN. Mr. President, prior to the Senator from New York being recognized, I ask unanimous consent the vote on or in relation to the Robb amendment be postponed, to occur in the next stacked sequence of votes, and, prior to the vote, Senators ROBB, WARNER, BRYAN, and MCCAIN be given 5 minutes each for closing remarks and that the amendment now be laid aside.

The PRESIDING OFFICER. Without objection, it is so ordered.

The Senator from New York is recognized for 3 minutes.

Mr. SCHUMER. I thank the Senators from Arizona, Oklahoma, and Connecticut for their courtesy, and the President as well.

I would like to make some remarks in contraposition to the Senator from Oklahoma. I say that without casting any impugning of any motivations as to why people voted.

It seems to me that this being, as I understand it, the first time we have this year rejected a Senate candidate on the floor—and I understand that there were recommendations from the home State—I still find myself very troubled by that rejection. I find myself troubled because we do need diversity on our bench. We need to, in my judgment, try to have more African Americans on the bench.

There is not an African American Member of this body. I find that regretful. The first impression I had the first day I walked on the floor was that. And I guess what I would like to do is just call into question why this nomination was rejected. I would ask that we examine. I know one of the reasons was the opposition of this nominee to the death penalty. I happen to be for the death penalty. I wrote the death penalty law when I was in the House. But I would like to ask how many other nominees we have rejected because of opposition to the death penalty.

I am told that one of the Senators who objected from Missouri actually nominated judges on that State court who agreed with Ronnie White on the very case that has been brought into question.

So if we are not to be accused of maybe having two standards, I think we ought to be very careful.

I respect each Senator's right to oppose nominations for judge. I respect the idea that we often defer to our colleagues in their home States. But I think there is a higher calling here. That is, because this was one of the few African American nominees to reach this floor, we ought to be extra careful to make sure the standard was not being used that we haven't used for some other nominees who have come before this body this year.

I disagree with that nominee on the issue at hand. But I still think that we should have extra sensitivity, given the long history of division in this country and the need to try to bring some equality onto our bench in the sense that we have a diverse and representative judiciary.

I hope my colleagues will examine those questions. I do not know the answers to them. But my guess is, we have unanimously approved or approved overwhelmingly judges who have the same view as Judge Ronnie White on this very controversial issue.

Mr. NICKLES. Mr. President, will the Senator yield for a question?

Mr. SCHUMER. I would be happy to yield for a question.

Mr. NICKLES. To my knowledge, we have never confirmed a nominee who was opposed by the National Sheriffs

Association or by a State Federation of Police Chiefs. I don't think we have done that in my Senate career.

Does the Senator know of any instance where we have ignored the recommendations of major law enforcement officers?

The PRESIDING OFFICER. The Senator's 3 minutes have expired.

Mr. SCHUMER. I ask unanimous consent for 30 seconds to respond to the Senator's question.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. SCHUMER. I thank the Senator. I don't know of cases. But I would want to have examined the record about those questions and the questions I asked before we moved so hastily to reject this nominee. It so happened that there were votes on the other side in committee for this nominee that abruptly reversed themselves without any explanation as to why.

I yield my time.

The PRESIDING OFFICER. The Senator's time has expired.

#### AIR TRANSPORTATION IMPROVEMENT ACT—Resumed

The PRESIDING OFFICER. Under the regular order, we are now in legislative business.

The Senator from Connecticut.

AMENDMENT NO. 2241

(Purpose: To require the submission of information to the Federal Aviation Administration regarding the year 2000 technology problem, and for other purposes)

Mr. DODD. Mr. President, I call up amendment No. 2241.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Connecticut (Mr. DODD), for himself, Mr. BENNETT, Mr. MCCAIN, Mr. ROCKEFELLER, and Mr. HOLLINGS, proposes an amendment numbered 2241.

Mr. DODD. Mr. President, I ask unanimous consent that reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

At the appropriate place, insert the following:

#### SEC. \_\_\_\_ FEDERAL AVIATION ADMINISTRATION YEAR 2000 TECHNOLOGY SAFETY EN- FORCEMENT ACT OF 1999.

(a) SHORT TITLE.—This section be cited as the "Federal Aviation Administration Year 2000 Technology Safety Enforcement Act of 1999".

(b) DEFINITIONS.—In this section:

(1) ADMINISTRATOR.—The term "Administrator" means the Administrator of the Federal Aviation Administration.

(2) AIR CARRIER OPERATING CERTIFICATE.—The term "air carrier operating certificate" has the same meaning as in section 44705 of title 49, United States Code.

(3) YEAR 2000 TECHNOLOGY PROBLEM.—The term "year 2000 technology problem" means a failure by any device or system (including any computer system and any microchip or integrated circuit embedded in another device or product), or any software, firmware, or other set or collection of processing instructions to process, to calculate, to compare, to sequence, to display, to store, to

transmit, or to receive year-2000 date-related data failures—

(A) to deal with or account for transitions or comparisons from, into, and between the years 1999 and 2000 accurately;

(B) to recognize or accurately process any specific date in 1999, 2000, or 2001; or

(C) to accurately account for the year 2000's status as a leap year, including recognition and processing of the correct date on February 29, 2000.

(c) RESPONSE TO REQUEST FOR INFORMATION.—Any person who has an air carrier operating certificate shall respond on or before November 1, 1999, to any request for information from the Administrator regarding readiness of that person with regard to the year 2000 technology problem as it relates to the compliance of that person with applicable safety regulations.

(d) FAILURE TO RESPOND.—

(1) SURRENDER OF CERTIFICATE.—After November 1, 1999, the Administrator shall make a decision on the record whether to compel any air carrier that has not responded on or before November 1, 1999, to a request for information regarding the readiness of that air carrier with regard to the year 2000 technology problem as it relates to the air carrier's compliance with applicable safety regulations to surrender its operating certificate to the Administrator.

(2) REINSTATEMENT OF CERTIFICATE.—The Administrator may return an air carrier operating certificate that has been surrendered under this subsection upon—

(A) a finding by the Administrator that a person whose certificate has been surrendered has provided sufficient information to demonstrate compliance with applicable safety regulations as it relates to the year 2000 technology problem; or

(B) upon receipt of a certification, signed under penalty of perjury, by the chief operating officer of the air carrier, that such air carrier has addressed the year 2000 technology problem so that the air carrier will be in full compliance with applicable safety regulations on and after January 1, 2000.

#### AMENDMENT NO. 2241, AS MODIFIED

Mr. DODD. Mr. President, I ask unanimous consent that a modified version of that amendment be permitted. I send the modification to the desk.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is so modified.

The amendment (No. 2241), as modified, is as follows:

At the appropriate place, insert the following:

#### SEC. \_\_\_\_ FEDERAL AVIATION ADMINISTRATION YEAR 2000 TECHNOLOGY SAFETY ENFORCEMENT ACT OF 1999.

(a) SHORT TITLE.—This section be cited as the "Federal Aviation Administration Year 2000 Technology Safety Enforcement Act of 1999".

(b) DEFINITIONS.—In this section:

(1) ADMINISTRATOR.—The term "Administrator" means the Administrator of the Federal Aviation Administration.

(2) AIR CARRIER OPERATING CERTIFICATE.—The term "air carrier operating certificate" has the same meaning as in section 44705 of title 49, United States Code.

(3) YEAR 2000 TECHNOLOGY PROBLEM.—The term "year 2000 technology problem" means a failure by any device or system (including any computer system and any microchip or integrated circuit embedded in another device or product), or any software, firmware, or other set or collection of processing instructions to process, to calculate, to compare, to sequence, to display, to store, to transmit, or to receive year-2000 date-related data failures—

(A) to deal with or account for transitions or comparisons from, into, and between the years 1999 and 2000 accurately;

(B) to recognize or accurately process any specific date in 1999, 2000, or 2001; or

(C) to accurately account for the year 2000's status as a leap year, including recognition and processing of the correct date on February 29, 2000.

(c) RESPONSE TO REQUEST FOR INFORMATION.—Any person who has an air carrier operating certificate shall respond on or before November 1, 1999, to any request for information from the Administrator regarding readiness of that person with regard to the year 2000 technology problem as it relates to the compliance of that person with applicable safety regulations.

(d) FAILURE TO RESPOND.—

(1) SURRENDER OF CERTIFICATE.—After November 1, 1999, the Administrator shall make a decision on the record whether to compel any air carrier that has not responded on or before November 1, 1999, to a request for information regarding the readiness of that air carrier with regard to the year 2000 technology problem as it relates to the air carrier's compliance with applicable safety regulations to surrender its operating certificate to the Administrator.

(2) REINSTATEMENT OF CERTIFICATE.—The Administrator may return an air carrier operating certificate that has been surrendered under this subsection upon—

(A) a finding by the Administrator that a person whose certificate has been surrendered has provided sufficient information to demonstrate compliance with applicable safety regulations as it relates to the year 2000 technology problem; or

(B) upon receipt of a certification, signed under penalty of perjury, by the chief operating officer of the air carrier, that such air carrier has addressed the year 2000 technology problem so that the air carrier will be in full compliance with applicable safety regulations on and after January 1, 2000.

Mr. DODD. Mr. President, I offer this amendment on behalf of myself, Senator BENNETT, Senator McCAIN, Senator ROCKEFELLER, and Senator HOLINGS.

I urge my colleagues to support this proposal that would ground air carriers that do not respond to the Federal Aviation Administration's request for information about their Y2K status. This information is obviously critical not only to Americans who are now making travel plans for the millennium period, but to all American businesses that rely on safe air transportation to keep their doors open, to pay employees, and to contribute to the national economy.

Through our work on the Special Committee on the Year 2000 Technology Problem, Senator BENNETT and I have learned how hard it is for Americans to determine what precautions they should take to prepare for the year 2000. This task has been made unduly onerous by the failure of too many industries, including the aviation industry, to disclose information about their Y2K status.

The Y2K problem is a national challenge that requires all of us to do whatever it takes to make the transition between this century and the next one safe. The least any of us can do is to respond to surveys asking about the status of our Y2K preparations.

I suppose that you and others would assume that members of the safety-conscious aviation community would be eager to reassure the public by responding to the FAA's request for information about their Y2K status. Mr. President, if you made that assumption, unfortunately, you would be wrong.

At the committee's hearing last week on transportation and the Y2K issue, we learned that 1,900 of the 3,300 certificate holders, which includes air carriers and manufacturers, failed to respond to the FAA's request. Bear in mind that this survey is only 4 pages long, and the FAA estimates it would take 45 minutes to fill it out at an average cost of \$30. There is no excuse, in my view, for this high rate of nonresponsiveness to the FAA's survey inquiry of certificate holders.

The FAA did not conduct this survey as a mere exercise. Reviewing a Y2K survey is often the only way the public can be sure an industry can keep functioning safely into the new year. When such a high percentage of the aviation industry fails to respond, the public might as well be flying blind.

These nonrespondents are mostly smaller carriers and charter airlines—not major airlines, I would quickly point out. But all of us have constituents who fly on these small carriers and rely on their cargo services. Their failure to respond to the request of their regulator is, I think, unacceptable, and I am sure my colleagues do as well.

The FAA has given me an updated list of the members of the aviation industry who have not responded to this survey. I made the request, along with the chairman, last Thursday, to give time to the members of their representative organizations who were in the room until today to comply with that survey. Of the 1,900 who had failed to comply last week, roughly 600 have responded to the survey since last Thursday. The list now contains 1,368 carriers and operators who have not complied with the FAA's survey request on the Y2K issue. I told the people in that hearing that, today, I would submit the names of the air carriers, manufacturers, or others with FAA certificates who have not responded to the survey to the Senate and put them in the CONGRESSIONAL RECORD.

Today, I ask unanimous consent that a list of 1,368 carriers and operators who have not complied with these surveys be printed in the RECORD. It lists the States they are from and the names of the businesses that have not complied. I hope that, in the coming days, these businesses will comply and provide the information to the FAA as requested.

Mr. President, I ask unanimous consent that this list at a cost of \$3,122.00, be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

Mr. DODD. Mr. President, lastly, all of us have a sense of responsibility to our constituents and the people of this country to act when we have information that raises concerns about the safety of an industry over this new millennium period. Since so many air carriers did not respond to the FAA survey, I have unanswered questions about the safety of these companies to which we deserve the answers. The irresponsibility of these carriers and companies that fail to respond prompts me to offer this amendment which I have already sent to the desk on behalf of Senator BENNETT, myself, Senator McCAIN, Senator HOLLINGS, and Senator ROCKEFELLER.

We realize the FAA already has the authority to suspend a carrier's flying privileges under appropriate circumstances. With this proposal, we want to make it explicit that Y2K non-compliance is one of those circumstances. Under the amendment, any air carrier that does not respond by November 1 to the FAA's request for information about their Y2K status may be required to surrender its operating certificate. It is simple. If you

don't comply, you don't fly. The FAA will have the authority to keep you grounded.

Air carriers do business not by right, but by privilege. Most fulfill their responsibilities with distinction, offering services unmatched by any country on the face of this Earth.

Since the Y2K noncompliance of air carriers may raise safety issues, Congress must ensure that the privilege of possessing a certificate can be withdrawn from carriers and manufacturers that fail to give their regulator, the FAA, the information that is central to the safety of the flying public. This amendment does just that. We hope it spurs these carriers and manufacturers to respond to the survey before November 1, and we know it will reassure the public about the safety of the aviation system as we enter this new millennium, just 87 days away.

I urge the adoption of the amendment and yield the floor.

The PRESIDING OFFICER. The Senator from West Virginia.

Mr. ROCKEFELLER. Mr. President, the chairman of the full committee is here. On the Democratic side, the amendment is acceptable, and I believe that is the case on the Republican side, but I will let the chairman of the full committee speak for himself.

The PRESIDING OFFICER. The Senator from Arizona.

Mr. McCAIN. Mr. President, I thank the Senator from Connecticut for his usual perspective on an important issue that had escaped the attention of this committee, and it is an important issue. His involvement in the Y2K issue clearly indicates he is qualified to discuss this issue, and this amendment will be extremely helpful. I thank the Senator from Connecticut.

I believe there is no further debate on the amendment.

The PRESIDING OFFICER. The question is on agreeing to the amendment.

The amendment (No. 2241), as modified, was agreed to.

Mr. DODD. Mr. President, I move to reconsider the vote.

Mr. McCAIN. I move to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. McCAIN. Mr. President, for the benefit of my colleagues, we are working through most of the amendments. We are close except for a couple. We have a number that have been agreed to. I would like to clear some that have been agreed to by both sides.

AMENDMENT NO. 2256

(Purpose: to establish a commission to study the airline industry and to recommend policies to ensure consumer information and choice)

Mr. McCAIN. Mr. President, I send to the desk an amendment on behalf of Senator BURNS and Senator ASHCROFT.

The PRESIDING OFFICER. Without objection, the clerk will report the amendment.

The legislative clerk read as follows:

The Senator from Arizona [Mr. McCAIN], for Mr. BURNS, for himself and Mr. ASHCROFT, proposes an amendment numbered 2256.

The amendment is as follows:

At the appropriate place insert:

TITLE —

**SECTION 1. SHORT TITLE.**

This title may be cited as the "Improved Consumer Access to Travel Information Act".

**SEC. 2. NATIONAL COMMISSION TO ENSURE CONSUMER INFORMATION AND CHOICE IN THE AIRLINE INDUSTRY.**

(b) ESTABLISHMENT.—There is established a commission to be known as the "National Commission to Ensure Consumer Information and Choice in the Airline Industry" (in this section referred to as the "Commission").

(c) DUTIES.—

(1) STUDY.—The Commission shall undertake a study of—

(A) consumer access to information about the products and services of the airline industry;

(B) the effect on the marketplace on the emergency of new means of distributing such products and services;

(C) the effect on consumers of the declining financial condition of travel agents in the United States; and

(D) the impediments imposed by the airline industry on distributors of the industry's products and services, including travel agents and Internet-based distributors.

(2) POLICY RECOMMENDATIONS.—Based on the results of the study described in paragraph (1), the Commission shall recommend to the President and Congress policies necessary to—

(A) ensure full consumer access to complete information concerning airline fares, routes, and other services;

(B) ensure that the means of distributing the products and services of the airline industry, and of disseminating information about such products and services, is adequate to ensure that competitive information is available in the marketplace;

(C) ensure that distributors of the products and services of the airline industry have adequate relief from illegal, anticompetitive practices that occur in the marketplace; and

(D) foster healthy competition in the airline industry and the entry of new entrants.

(d) SPECIFIC MATTERS TO BE ADDRESSED.—In carrying out the study authorized under subsection (c)(1), the Commission shall specifically address the following:

(1) CONSUMER ACCESS TO INFORMATION.—With respect to consumer access to information regarding the services and products offered by the airline industry, the following:

(A) The state of such access.

(B) The effect in the 5-year period following the date of the study of the making of alliances in the airline industry.

(C) Whether and to what degree the trends regarding such access will produce benefits to consumers.

(2) MEANS OF DISTRIBUTION.—With respect to the means of distributing the products and services of the airline industry, the following:

(A) The state of such means of distribution.

(B) The roles played by travel agencies and Internet-based providers of travel information and services in distributing such products and services.

(C) Whether the policies of the United States promote the access of consumers to multiple means of distribution.

(3) AIRLINE RESERVATION SYSTEMS.—With respect to airline reservation systems, the following:

(A) The rules, regulations, policies, and practices of the industry governing such systems.

(B) How trends in such systems will affect consumers, including—

(i) the effect on consumer access to flight reservation information; and

(ii) the effect on consumers of the use by the airline industry of penalties and promotions to convince distributors to use such systems, and the degree of consumer awareness of such penalties and promotions.

(4) LEGAL IMPEDIMENTS TO DISTRIBUTORS SEEKING RELIEF FOR ANTICOMPETITIVE ACTIONS.—The policies of the United States with respect to the legal impediments to distributors seeking relief for anticompetitive actions, including—

(A) Federal preemption of civil actions against airlines; and

(B) the role of the Department of Transportation in enforcing rules against anticompetitive practices.

(e) MEMBERSHIP.—

(1) APPOINTMENT.—The Commission shall be composed of 15 voting members and 11 nonvoting members as follows:

(A) 5 voting members and 1 nonvoting member appointed by the President.

(B) 3 voting members and 3 nonvoting members appointed by the Speaker of the House of Representatives.

(C) 2 voting members and 2 nonvoting members appointed by the minority leader of the House of Representatives.

(D) 3 voting members and 3 nonvoting members appointed by the majority leader of the Senate.

(E) 2 voting members and 2 nonvoting members appointed by the minority leader of the Senate.

(2) QUALIFICATIONS.—Voting members appointed under paragraph (1) shall be appointed from among individuals who are experts in economics, service product distribution, or transportation, or any related discipline, and who can represent consumers, passengers, shippers, travel agents, airlines, or general aviation.

(3) TERMS.—Members shall be appointed for the life of the Commission.

(4) VACANCIES.—A vacancy in the Commission shall be filled in the manner in which the original appointment was made.

(5) TRAVEL EXPENSES.—Members shall serve without pay but shall receive travel expenses, including per diem in lieu of subsistence, in accordance with subchapter I of chapter 57 of title 5, United States Code.

(6) CHAIRPERSON.—The President, in consultation with the Speaker of the House of Representatives and the majority leader of the Senate, shall designate the Chairperson of the Commission (referred to in this Act as the "Chairperson") from among its voting members.

(f) COMMISSION PANELS.—The Chairperson shall establish such panels consisting of voting members of the Commission as the Chairperson determines appropriate to carry out the functions of the Commission.

(g) STAFF.—The Commission may appoint and fix the pay of such personnel as it considers appropriate.

(h) STAFF OF FEDERAL AGENCIES.—Upon request of the Commission, the head of any department or agency of the United States may detail, on a reimbursable basis, any of the personnel of that department or agency to the Commission to assist it in carrying out its duties under this section.

(i) OTHER STAFF AND SUPPORT.—Upon the request of the Commission, or a panel of the Commission, the Secretary of Transportation shall provide the Commission or panel with professional and administrative staff and other support, on a reimbursable basis, to assist the Commission or panel in carrying out its responsibilities.

(j) OBTAINING OFFICIAL DATA.—The Commission may secure directly from any department or agency of the United States information (other than information required by any statute of the United States to be kept confidential by such department or agency) necessary for the Commission to carry out its duties under this section. Upon request of the Commission, the head of that department or agency shall furnish such nonconfidential information to the Commission.

(k) REPORT.—Not later than 6 months after the date on which initial appointments of members to the Commission are completed, the Commission shall transmit to the President and Congress a report on the activities of the Commission, including recommendations made by the Commission under subsection (c)(2).

(l) TERMINATION.—The Commission shall terminate on the 30th day following the date of transmittal of the report under subsection (k). All records and papers of the Commission shall thereupon be delivered by the Administrator of General Services for deposit in the National Archives.

(m) APPLICABILITY OF THE FEDERAL ADVISORY COMMITTEE ACT.—The Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the Commission.

Mr. McCAIN. Mr. President, that amendment has been accepted by both sides, and there is no further debate.

The PRESIDING OFFICER. Without objection, the amendment is agreed to.

The amendment (No. 2256) was agreed to.

AMENDMENT NO. 1925

(Purpose: expressing the sense of the Senate concerning air traffic over northern Delaware)

Mr. McCAIN. Mr. President, on behalf of Senator ROTH, I send amendment No. 1925 to the desk and ask for its immediate consideration.

The PRESIDING OFFICER. Without objection, the clerk will report.

The legislative clerk read as follows:

The Senator from Arizona [Mr. McCAIN], for Mr. ROTH, proposes an amendment numbered 1925.

The amendment is as follows:

At the appropriate place, insert the following new section:

**SEC. \_\_\_\_ EXPRESSING THE SENSE OF THE SENATE CONCERNING AIR TRAFFIC OVER NORTHERN DELAWARE.**

(a) DEFINITION.—The term "Brandywine Intercept" means the point over Brandywine Hundred in northern Delaware that pilots use for guidance and maintenance of safe operation from other aircraft and over which most aircraft pass on their East Operations approach to Philadelphia International Airport.

(b) FINDINGS.—Congress makes the following findings:

(1) The Brandywine Hundred area of New Castle County, Delaware serves as a major approach causeway to Philadelphia International Airport's East Operations runways.

(2) The standard of altitude over the Brandywine Intercept is 3,000 feet, with airport scatter charts indicating that within a given hour of consistent weather and visibility aircraft fly over the Brandywine Hundred at anywhere from 2,500 to 4,000 feet.

(3) Lower airplane altitudes result in increased ground noise.

(c) SENSE OF THE SENATE.—It is the sense of the Senate that the Secretary of Transportation should—

(1) include northern Delaware in any study of aircraft noise conducted under part 150 of

title 14 of the Code of Federal Regulations required under the National Environmental Policy Act of 1969 for the redesign of the air-space surrounding Philadelphia International Airport;

(2) study the feasibility, consistent with safety, of placing the approach causeway for Philadelphia International Airport's East Operations over the Delaware River (instead of Brandywine Hundred); and

(3) study the feasibility of increasing the standard altitude over the Brandywine Intercept from 3,000 feet to 4,000 feet.

Mr. McCAIN. Mr. President, this amendment has been agreed to by both sides. There is no further debate.

The PRESIDING OFFICER. Without objection, the amendment is agreed to.

The amendment (No. 1925) was agreed to.

#### AMENDMENT NO. 2251

(Purpose: to restore the eligibility of reliever airports for Airport Improvement Program Letters of Intent)

Mr. McCAIN. Mr. President, I send to the desk amendment No. 2251 on behalf of Senator ABRAHAM.

The PRESIDING OFFICER. Without objection, the clerk will report.

The legislative clerk read as follows:

The Senator from Arizona [Mr. McCAIN], for Mr. ABRAHAM, proposes an amendment numbered 2251.

The amendment is as follows:

On page 14, strike lines 9 through 11.

Mr. McCAIN. Mr. President, this amendment has been agreed to by both sides, and there is no further debate.

The PRESIDING OFFICER. Without objection, the amendment is agreed to.

The amendment (No. 2251) was agreed to.

#### AMENDMENT NO. 1909

(Purpose: to authorize the Federal Aviation Administration's civil aviation research and development programs for fiscal years 2000 and 2001, and for other purposes)

Mr. McCAIN. Mr. President, on behalf of myself, I send amendment No. 1909 to the desk and ask for its immediate consideration.

The PRESIDING OFFICER. Without objection, the clerk will report.

The legislative clerk read as follows:

The Senator from Arizona [Mr. McCAIN] proposes an amendment numbered 1909.

The amendment is as follows:

At the appropriate place, insert the following:

#### TITLE —FEDERAL AVIATION RESEARCH, ENGINEERING, AND DEVELOPMENT

#### SEC. 01. AUTHORIZATION OF APPROPRIATIONS.

Section 48102(a) of title 49, United States Code, is amended—

(1) by striking “and” at the end of paragraph (4)(J);

(2) by striking the period at the end of paragraph (5) and inserting in lieu thereof a semicolon; and

(3) by adding at the end the following:

“(6) \$240,000,000 for fiscal year 2000;  
“(7) \$250,000,000 for fiscal year 2001; and

“(8) \$260,000,000 for fiscal year 2002.”

#### SEC. 02. INTEGRATED NATIONAL AVIATION RESEARCH PLAN.

(a) IN GENERAL.—Section 44501(c) of title 49, United States Code, is amended—

(1) in paragraph (2)(B)—

(A) by striking “and” at the end of clause (iii);

(B) by striking the period at the end of clause (iv) and inserting in lieu thereof “; and”; and

(C) by adding at the end the following new clause:

“(v) highlight the research and development technology transfer activities that promote technology sharing among government, industry, and academia through the Stevenson-Wydler Technology Innovation Act of 1980.”; and

(2) in paragraph (3), by inserting “The report shall be prepared in accordance with requirements of section 1116 of title 31, United States Code.” after “effect for the prior fiscal year.”

(b) REQUIREMENT.—Not later than March 1, 2000, the Administrator of the National Aeronautics and Space Administration and the Administrator of the Federal Aviation Administration shall jointly prepare and transmit to the Congress an integrated civil aviation research and development plan.

(c) CONTENTS.—The plan required by subsection (b) shall include—

(1) an identification of the respective research and development requirements, roles, and responsibilities of the National Aeronautics and Space Administration and the Federal Aviation Administration;

(2) formal mechanisms for the timely sharing of information between the National Aeronautics and Space Administration and the Federal Aviation Administration; and

(3) procedures for increased communication and coordination between the Federal Aviation Administration research advisory committee established under section 44508 of title 49, United States Code, and the NASA Aeronautics and Space Transportation Technology Advisory Committee.

#### SEC. 03. INTERNET AVAILABILITY OF INFORMATION.

The Administrator of the Federal Aviation Administration shall make available through the Internet home page of the Federal Aviation Administration the abstracts relating to all research grants and awards made with funds authorized by the amendments made by this Act. Nothing in this section shall be construed to require or permit the release of any information prohibited by law or regulation from being released to the public.

#### SEC. 04. RESEARCH ON NONSTRUCTURAL AIRCRAFT SYSTEMS.

Section 44504(b)(1) of title 49, United States Code, is amended by inserting “, including nonstructural aircraft systems,” after “life of aircraft”.

#### SEC. 05. POST FREE FLIGHT PHASE I ACTIVITIES.

No later than May 1, 2000, the Administrator of the Federal Aviation Administration shall transmit to Congress a definitive plan for the continued implementation of Free Flight Phase I operational capabilities for fiscal years 2003 through 2005. The plan shall include and address the recommendations concerning operational capabilities for fiscal years 2003 through 2005 due to be made by the RTCA Free Flight Steering Committee in December 1999 that was established at the direction of the Federal Aviation Administration. The plan shall also include budget estimates for the implementation of these operational capabilities.

#### SEC. 06. RESEARCH PROGRAM TO IMPROVE AIRFIELD PAVEMENTS.

The Administrator of the Federal Aviation Administration shall consider awards to non-profit concrete pavement research foundations to improve the design, construction, rehabilitation, and repair of rigid concrete airfield pavements to aid in the development of safer, more cost-effective, and durable airfield pavements. The Administrator may use

a grant or cooperative agreement for this purpose. Nothing in this section shall require the Administrator to prioritize an airfield payment research program above safety, security, Flight 21, environment, or energy research programs.

#### SEC. 07. SENSE OF SENATE REGARDING PROTECTING THE FREQUENCY SPECTRUM USED FOR AVIATION COMMUNICATION.

It is the sense of the Senate that with the World Radio Communication Conference scheduled to begin in May, 2000, and the need to ensure that the frequency spectrum available for aviation communication and navigation is adequate, the Federal Aviation Administration should—

(1) give high priority to developing a national policy to protect the frequency spectrum used for the Global Positioning System that is critical to aviation communications and the safe operation of aircraft; and

(2) expedite the appointment of the United States Ambassador to the World Radio Communication Conference.

#### SEC. 08. STUDY.

The Secretary shall conduct a study to evaluate the applicability of the techniques used to fund and administer research under the National Highway Cooperative Research Program and the National Transmit Research Program to the research needs of airports.

Mr. McCAIN. Mr. President, the amendment is agreed to by both sides.

The PRESIDING OFFICER. Without objection, the amendment is agreed to.

The amendment (No. 1909) was agreed to.

#### AMENDMENTS NOS. 1911, 1897, 1914, 2238, EN BLOC

Mr. McCAIN. Mr. President, I send the final four amendments to the desk en bloc. They are amendment No. 1911 on behalf of Senator FEINSTEIN, amendment No. 1897 on behalf of Senator ABRAHAM, amendment No. 1914 on behalf of Mr. TORRICELLI, and amendment No. 2238 on behalf of Senator CONRAD. I ask unanimous consent that these amendments be considered en bloc.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will report the amendments en bloc.

The legislative clerk read as follows:

The Senator from Arizona [Mr. McCAIN] proposes amendments numbered 1911, 1897, 1914, and 2238, en bloc.

The amendments are as follows:

#### AMENDMENT NO. 1911

(Purpose: To direct the Secretary of Transportation, acting through the Administrator of the Federal Aviation Administration, to issue regulations relating to the outdoor air and ventilation requirements for ventilation for passenger cabins)

At the appropriate place, insert the following new section:

#### SEC. \_\_\_\_ STUDY OF OUTDOOR AIR, VENTILATION, AND RECIRCULATION AIR REQUIREMENTS FOR PASSENGER CABINS IN COMMERCIAL AIRCRAFT.

(a) DEFINITIONS.—In this section, the terms “air carrier” and “aircraft” have the meanings given those terms in section 40102 of title 49, United States Code.

(b) IN GENERAL.—As soon as practicable after the date of enactment of this section, the Secretary of Transportation (referred to in this section as the “Secretary”) shall conduct a study of sources of air supply contaminants of aircraft and air carriers to develop alternatives to replace engine and auxiliary power unit bleed air as a source of air

supply. To carry out this paragraph, the Secretary may enter into an agreement with the Director of the National Academy of Sciences for the National Research Council to conduct the study.

(c) AVAILABILITY OF INFORMATION.—Upon completion of the study under this section in one year's time, the Administrator of the Federal Aviation Administration shall make available the results of the study to air carriers through the Aviation Consumer Protection Division of the Office of the General Counsel for the Department of Transportation.

AMENDMENT NO. 1897

(Purpose: To provide for a General Aviation Metropolitan Access and Reliever Airport Grant Fund)

At the appropriate place insert the following:

**SEC. . GENERAL AVIATION METROPOLITAN ACCESS AND RELIEVER AIRPORT GRANT FUND.**

(a) DEFINITION.—Title 49, United States Code, is amended by adding the following new section at the end of section 47144(d)(1):

“(C) GENERAL AVIATION METROPOLITAN ACCESS AND RELIEVER AIRPORT.—‘General Aviation Metropolitan Access and Reliever Airport’ means a Reliever Airport which has annual operations in excess of 75,000 operations, a runway with a minimum usable landing distance of 5,000 feet, a precision instrument landing procedure, a minimum of 150 based aircraft, and where the adjacent Air Carrier Airport exceeds 20,000 hours of annual delays as determined by the Federal Aviation Administration.”

(b) APPORTIONMENT.—Title 49, United States Code, section 47144(d), is amended by adding at the end:

“(4) The Secretary shall apportion an additional 5 percent of the amount subject to apportionment for each fiscal year to States that include a General Aviation Metropolitan Access and Reliever Airport equal to the percentage of the apportionment equal to the percentage of the number of operations of the State's eligible General Aviation Metropolitan Access and Reliever Airports compared to the total operations of all General Aviation Metropolitan Access and Reliever Airports.”

AMENDMENT NO. 1914

(Purpose: To require the Administrator of the Environmental Protection Agency to conduct a study on airport noise)

At the appropriate place in title IV, insert the following:

**SEC. 4. STUDY.**

(a) IN GENERAL.—Not later than 18 months after the date of enactment of this Act, the Administrator of the Environmental Protection Agency shall submit a study on airport noise to Congress, the Secretary of Transportation, and the Administrator of the Federal Aviation Administration.

(b) AREAS OF STUDY.—The study shall examine—

(1) the selection of noise measurement methodologies used by the Administrator of the Federal Aviation Administration;

(2) the threshold of noise at which health impacts are felt;

(3) the effectiveness of noise abatement programs at airports around the United States; and

(4) the impacts of aircraft noise on students and educators in schools.

(c) RECOMMENDATIONS.—The study shall include specific recommendations to the Secretary of Transportation and the Administrator of the Federal Aviation Administration concerning new measures that should be

implemented to mitigate the impact of aircraft noise on communities surrounding airports.

AMENDMENT NO. 2238

**SECTION 1. SENSE OF THE SENATE.**

It is the Sense of the Senate that—

(a) essential air service (EAS) to smaller communities remains vital, and that the difficulties encountered by many of communities in retaining EAS warrant increased federal attention.

(b) the FAA should give full consideration to ending the local match required by Dickinson, North Dakota.

**SEC. 2. REPORT.**

Not later than 60 days after enactment of this legislation, the Secretary of Transportation shall report to the Congress with an analysis of the difficulties faced by many smaller communities in retaining EAS and a plan to facilitate easier EAS retention. This report shall give particular attention to communities in North Dakota.

Mr. McCAIN. Mr. President, those amendments are agreed to by both sides.

The PRESIDING OFFICER. Without objection, the amendments are agreed to en bloc.

The amendments (Nos. 1911, 1897, 1914, and 2238) were agreed to.

Mr. BURNS. Mr. President, I rise today to introduce an amendment to S. 82, the Air Transport Improvement Act. This amendment will establish a commission to study the future of the travel agent industry and determine the consumer impact of airline interaction with travel agents.

Since the Airline Deregulation Act of 1978 was enacted, major airlines have controlled pricing and distribution policies of our nation's domestic air transportation system. Over the past four years, the airlines have reduced airline commissions to travel agents in an competitive effort to reduce costs.

I am concerned the impact of today's business interaction between airlines and travel agents may be a driving force that will force many travel agents out of business. Combined with the competitive emergence of Internet services, these practices may be harming an industry that employs over 250,000 Americans.

This amendment will explore these concerns through the establishment of a commission to objectively review the emerging trends in the airline ticket distribution system. Among airline consumers there is a growing concern that airlines may be using their market power to limit how airline tickets are distributed.

Mr. President, if we lose our travel agents, we lose a competitive component to affordable air fare. Travel agents provide a much needed service and without, the consumer is the loser.

The current use of independent travel agencies as the predominate method to distribute tickets ensures an efficient and unbiased source of information for air travel. Before deregulation, travel agents handled only about 40% of the airline ticket distribution system. Since deregulation, the complexity of the ticket pricing system created the

need for travel agents resulting in travel agents handling nearly 90% of transactions.

Therefore, the travel agent system has proven to be a key factor to the success of airline deregulation. I'm afraid, however, that the demise of the independent travel agent would be a factor of deregulation's failure if the major airlines succeed in dominating the ticket distribution system.

Travel agents and other independent distributors comprise a considerable portion of the small business sector in the United States. There are 33,000 travel agencies employing over 250,000 people. Women or minorities own over 505 of travel agencies.

The assault on travel agents has been fierce. Since 1995, commissions have been reduced by 30%, 14% for domestic travel alone in 1998. Since 1995, travel agent commissions have been reduced from an average of 10.8% to 6.9% in 1998. Travel agencies are failing in record numbers.

Mr. President, I think it is important to study this issue as well as the related issues of the current state of ticket distribution channels, the importance of an independent system on small, regional, start-up carriers, and the role of the Internet. I would like to ask my colleagues to support this important amendment.

DEKALB-PEACHTREE AIRPORT

Mr. COVERDELL. Mr. President, will the distinguished chairman of the Senate Commerce Committee yield for a question?

Mr. McCAIN. I will be happy to yield to the senior Senator from Georgia.

Mr. COVERDELL. Mr. President, the DeKalb-Peachtree Airport is the second busiest airport in Georgia, and this level of activity makes living and working in this area noisy and dangerous. Businesses cannot expand, and poorer residents cannot afford to move until a government buy-out of these properties is completed. The Federal Aviation Administration, commonly referred to as the FAA, has done studies which show that increased operations at Dekalb-Peachtree Airport are too noisy and unsafe for residents and businesses in the northern vicinity of the airport. While the FAA has provided some relief and been helpful in the purchasing of some homes, there needs to be a speedy conclusion to this buy-out process in order to allow these homes and businesses to move to safer areas and give the airport the room it requires to meet an ever-increasing demand. Additional FAA funding is needed as soon as possible. To complete this task, would the Chairman be willing to provide additional federal funding in the FAA reauthorization bill to address this situation?

Mr. McCAIN. I appreciate the efforts of the senior Senator from Georgia on behalf of his constituents and for bringing this matter to the attention of the Senate at the beginning of this Congress. As the Senator may know, there are a number of businesses and

residents located near other airports across the country in a similar situation to what is occurring at the Dekalb-Peachtree Airport. The Commerce Committee has authorized a significant increase in noise mitigation funding for the FAA to address this problem and accelerate the buy-out process.

Mr. COVERDELL. I thank the chairman for his assistance. My staff and I look forward to working with him and the junior Senator from Georgia on this important matter.

Mr. CLELAND. Will the chairman yield for another question?

Mr. MCCAIN. I will be happy to yield to the junior Senator from Georgia.

Mr. CLELAND. Mr. President, the noise mitigation funding which this bill authorizes is very much needed—and appreciated—by communities located near our nation's airports. Over 10 years ago, Georgia's second busiest airport, Dekalb-Peachtree Airport, began a runway expansion program to accommodate its increased traffic. Six years ago, the FAA began providing funding to relocate the residential homes located in the Airport's Runway Protection Zone. Thanks to noise mitigation money, 108 homes have had the opportunity to relocate. Unfortunately, after a decade, 58 homes and 61 businesses are still in limbo, and still impacted by the noise from 225,000 flights a year. This community near Atlanta—and I am sure there are communities in similar straits in Arizona—has suffered for years, because the buy-out has gone on far too long. Don't you agree that in determining the need for noise money, the FAA should take into consideration the harmful, drawn-out impact on communities from long-standing projects which have awaited completion over a number of years?

Mr. MCCAIN. The Senator is correct. As the Senator knows, in the report accompanying the Federal Aviation Administration reauthorization bill, the Commerce Committee, at the instigation of the Junior Senator from Georgia, urges the FAA to take into consideration the negative impact on communities, like DeKalb County, of such unresolved long-standing projects when allocating noise mitigation money.

Mr. CLELAND. I thank the chairman for his remarks, and I look forward to continuing to work with the Senator from Arizona and my colleague from Georgia to complete the Dekalb-Peachtree Airport buy-out.

#### LOUISVILLE AIRPORT

Mr. BUNNING. Mr. President, I want to express my hope that Senators MCCAIN and GORTON will work to include language in the conference report accompanying S. 82, which is of great importance to the Regional Airport Authority of Louisville and Jefferson County, KY. I would like to provide a brief explanation of the need for this provision and what it is intended to accomplish.

Mr. MCCAIN. I thank the Senator from Kentucky for his support of the

legislation and we are pleased to hear his views on this provision.

Mr. BUNNING. In 1991, the Regional Airport Authority of Louisville and Jefferson County entered into a letter of intent (LOI) with the Federal Aviation Administration for funding from the Airport Improvement Program for an ambitious expansion of the Louisville Airport. The LOI was for \$126 million. When the new east runway was completed in 1995 and ready for operation, Louisville was informed that no funds were available in the FAA Facilities and Equipment Account (F&E) to provide an Instrument Landing System (ILS), thus rendering the new runway inoperative. FAA advised Louisville that if they procured the ILS, the FAA would later reimburse them for the expenditure of \$5.68 million for the system.

Mr. MCCAIN. I can appreciate the demands on the F&E account for these expenditures and can well understand how such a regrettable situation might occur.

Mr. BUNNING. We currently have a confusing situation where the FAA has informed Louisville that \$4.2 million in funds drawn down against the LOI in 1998 were for reimbursement for the ILS.

Mr. MCCAIN. As the Senator knows, the FAA routinely provides safety and navigational equipment to airports.

Mr. BUNNING. Yes, indeed. That is precisely the purpose of the language. The \$4.2 million the FAA designated as reimbursement is money the Louisville Airport would have received under the \$126 million LOI anyway. The provision in the legislation simply directs the FAA to amend the existing LOI with the Regional Airport Authority to increase it by \$5.68 million, thus reimbursing Louisville the total cost of the ILS.

Mr. MCCAIN. It is my understanding that a similar provision was included in the Statement of Managers accompanying the Transportation appropriations legislation for fiscal year 2000.

Mr. BUNNING. That is correct.

Mr. MCCAIN. I thank the Senator for his description of the situation, and I will be happy to continue to work to rectify this matter.

Mr. BUNNING. I thank the Senators for their assistance.

#### PRIVILEGE OF THE FLOOR

Mr. MCCAIN. Mr. President, on behalf of Senator STEVENS, I ask unanimous consent that Dan Elwell, a congressional fellow in Senator STEVENS' office, be granted the privilege of the floor for the pendency of the Senate consideration of S. 82.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. MCCAIN. Mr. President, I ask unanimous consent that notwithstanding the agreement of yesterday referencing the filing of amendments, Senator FITZGERALD be recognized and that it be in order for him to offer an amendment not previously filed, and that the amendment then be agreed to.

Prior to that, if it is agreeable with Senator FITZGERALD, Senator ASHCROFT wants to have 5 minutes to make a statement. I ask unanimous consent that prior to that, Senator ASHCROFT have 5 minutes.

The PRESIDING OFFICER (Mr. GORTON). Is there objection? Without objection, it is so ordered. The Senator from Missouri is recognized.

#### NOMINATION OF RONNIE WHITE

Mr. ASHCROFT. Mr. President, I thank the Senator from Arizona for affording me this opportunity to make some remarks regarding the vote on the nomination of Ronnie White.

Yesterday, in accordance with the unanimous consent agreement entered into last week, we set aside substantially over an hour to debate not only the White nomination but a number of other nominations which came before the Senate today. I was here for that debate, I engaged in that debate, and I outlined my opposition to Judge White, not my opposition based on anything personal or based on my distaste in any way for the judge, but based on my real reservations about his record as it relates to law enforcement.

After the conclusion of the vote today, there were a number of individuals who secured integrals of time to speak about that nomination and about that vote and raised questions that more properly should have been raised in the debate, and, secondly, deserve a response. So I come to respond in that respect.

I want to explain why I believe Judge White should not have been confirmed, and I believe the Senate acted favorably and appropriately in protecting the strong concerns raised by law enforcement officials.

The National Sheriffs Association expressed their very serious opposition to the nomination of Judge White. The Missouri Federation of Chiefs of Police expressed their opposition. The Missouri Sheriffs Association raised strong concerns and asked for a very serious consideration. In my conferences with law enforcement officials, prosecutors and judges, they raised serious concerns; so that when those who come to the floor today talk about this nomination in a context that is personal rather than professional and is political rather than substantive, I think they miss the point.

There are very serious matters addressed in his record that deserve the attention of the Senate and which, once having been reviewed by Members of the Senate, would lead Senators to the conclusion that, indeed, the Senate did the right thing.

Judge White's sole dissent in the Missouri v. Johnson, a brutal cop killer, an individual who killed three law enforcement officials over several hours, holding a small town in Missouri in a terrified condition, that opinion which sought to create new ground for allowing convicted killers who had the death
