

resulted in hundreds of jobs for minorities and females as well as producing approximately \$3 billion in contracts for minority and female entrepreneurs since the beginning of the system.

During the early 1970's, the Atlanta Urban League, under Wade's leadership, paved the way for minorities and women to gain admission to the building trades elite crafts. Working with Arthur Fletcher and the U.S. Department of Labor a federal employment plan was developed for the construction industry in Metropolitan Atlanta. This plan served as a monitoring guide for hiring and utilization of minority and female workers.

Over his long and distinguished career, Mr. Wade has received numerous citations and honors including: Fulton County Medical Society's Distinguished Service Award; Social Worker of the Year 1971 by the North Georgia Chapter of the National Association of Social Workers; and the Distinguished Service Award by the Atlanta Morehouse Alumni Club.

He is a member of the Academy of Social Workers, the Atlanta Action Forum, the Atlanta Committee for Public Education, Organizing Committee for Gilda's Club, Channel 36's "Quest" Advisory Board, the Association of United Way executive committee, the Urban Insurance Task Force, and District Attorney Paul Howard's Transition Team as well as a 1970 Graduate of leadership Atlanta.

From September 1958 to July 1962, Mr. Wade served in the United States Military and received an honorable discharge with the rank of First Lieutenant. He is married and the father of four children. He is also a life-long member of the Central Methodist Church in Atlanta.

I thank Mr. Wade for the wonderful work he has done on behalf of Atlanta and its residents and I wish the very best for him and his family in his much deserved retirement.●

CONGRATULATING TWO OUTSTANDING ARKANSAS EMPLOYERS

● Mrs. LINCOLN. Mr. President, I rise today to recognize two outstanding companies in Arkansas that were named last month as two of America's 10 best manufacturing plants in North America by Industry Week magazine. This dual achievement is impressive and stands as a testament to the strong work ethic and pride in workmanship that exists among Arkansas workers.

Scroll Technologies of Arkadelphia and Eaton Corporation's Aeroquip Global Hose Division in Mountain Home were selected from over 400 plants that were considered for this award. Applicants were judged on productivity, workplace safety, community involvement, customer and supplier relations, product quality and innovation in technology.

Scroll Technologies, which manufactures air conditioning and refrigeration

equipment, employs 575 workers and is one of the most advanced production plants of its kind. This company's success is founded upon management-employee partnerships, its highly skilled workforce and a strong commitment to workplace safety. Scroll Technologies can also be proud of its sound environmental record.

Eaton Corporation's Aeroquip Global Hose Division opened for business in 1975 and now employs 285 workers in Northwest Arkansas. Eaton-Aeroquip manufactures hydraulic hoses used in large trucks and tractors. This company has succeeded by abandoning the traditional, hierarchical manufacturing process and adopting an organizational structure based on 50 employee teams. Team members are encouraged to give candid feedback about all aspects of the plant's operations and are rewarded with performance based bonuses.

I have always said that Arkansas' greatest asset is its people. I am glad that Scroll Technologies and Eaton-Aeroquip have taken advantage of this resource and become valuable corporate-citizens in my state. I am proud to honor their achievements in the U.S. Senate today. I hope their well-earned success sends a signal to other companies in Arkansas and the nation that Arkansas is a good place for industry to do business.●

ST. JOSEPH'S MERCY OF MACOMB 100TH ANNIVERSARY

● Mr. ABRAHAM. Mr. President I rise today to honor and congratulate St. Joseph's Mercy of Macomb Hospital as they gather in celebration of their 100th Anniversary.

St. Joseph's Mercy of Macomb has set a pioneering tradition in health care since it was founded in 1899. One year after its beginning, the hospital opened a 50 bed facility for treatment of the acutely ill. With its healing waters and mineral baths it attracted patients world wide. St. Joseph's Mercy continued to take great strides in healthcare by establishing a disabled children's clinic, physical therapy department and the area's first alcoholism treatment center which was one of the first to recognize mental illness as a disease. Continuing to provide the best quality of healthcare for the people of Macomb County, in 1990 St. Joseph's became partners with Mercy Health systems and Henry Ford Health System.

What is truly remarkable about the people involved in St. Joseph's Mercy is the commitment they have to removing barriers to better health and making services available close to home for people of all ages. St. Joseph's Mercy has become a strong force in the community—working with parishes and schools to create healthcare teams and reaching out with HomeCare and neighborhood based healthcare centers. St. Joseph's Mercy is working hard to plan for the future of

healthcare needs with critical, life saving initiatives and community outreach activities all designed to create a healthier Macomb County.

The accomplishments this group has made in the past 100 years are to be commended. St. Joseph's Mercy has made a hospital much more than four walls filled with medical equipment. They have taken their guiding spirit and reached out to the community delivering a century of caring and charity.

It is my hope that the St. Joseph's Mercy of Macomb will continue to provide excellent healthcare that knows no bounds.●

GEORGETOWN-RIDGE FARM HIGH SCHOOL WINS ODYSSEY WORLD TITLE

● Mr. DURBIN. Mr. President, I rise today to recognize six students at Georgetown-Ridge Farm High School who captured the Environmental Challenge division title at the Odyssey of the Mind's world competition in Knoxville, Tennessee. These Georgetown-Ridge Farm High School students, under the tutelage of their coach, Jeannine Patterson, beat out 54 teams representing other states and countries to win first place.

While this is the third consecutive year in which a Georgetown-Ridge Farm High School team has advanced a team to the world competition, students Ryan Frohock, Lynsey Hart, Manda Paige, Derek Galyen, Chelsey Spurlock, and James Chandler are the first to win the world competition, which consists of a long-term problem and a spontaneous problem.

Mr. President, we often heap praise upon athletes who demonstrate a special ability to throw a ball, catch a pass, or run extremely fast. Intellectual accomplishments, such as the one achieved by these six Georgetown-Ridge Farm students, however, are rarely acknowledged. But capturing a world title in a competition that involves both creativity and intellect clearly merits the highest commendation we can bestow upon these students. It is important that this achievement receive its due recognition, and I congratulate the six students at Georgetown-Ridge High School who won the Environmental Challenge world title at the Odyssey of the Mind's world competition, as well as their teachers, parents, and friends, all of whom played a role in their victory in Knoxville, Tennessee.●

TRIBUTE TO SERGEANT STEVE REEVES AND OFFICER STEPHEN GILNER

● Mr. CLELAND. Mr. President, it has been said that "Poor is a nation which has no heroes. Poorer still is the nation which has them, but forgets them." I rise today before my colleagues to pay tribute to two fallen heroes, Sergeant Steve Reeves and Officer Stephen

Gilner. These policemen were two of Cobb County's, and indeed America's, finest. Unfortunately, in a tragic incident earlier this year, they were killed in the line of duty.

These men dutifully served and protected the great citizens of Georgia up until the last moments of their lives, when on July 23, 1999, these heroes were struck down by gunfire.

Colleagues described Stephen Gilner as a wonderful human being who had never been happier than when, after seven years in the Marine Corps, he was handed his police uniform and could make a career out of helping people. In 1999, Officer Gilner was nominated for the Officer of the Year award after saving a man from a burning van. He died last summer trying to save the life of a fellow officer. Officer Gilner leaves behind his wife Elisa and their daughter Nicole.

Sergeant Reeves had been with the Cobb County Police Department for fourteen years. Fellow officers remember Reeves for his sense of humor and his ability to remain calm under pressure. Just two months before the tragic shooting claimed his life, Steve Reeves had been promoted to Sergeant. The beloved hero was twice decorated—once for saving the life of a fellow officer during a struggle with an armed suspect and again for rescuing a family from their burning house while he was off-duty. Sergeant Reeves is survived by his wife, Beth, and two sons, Clint and Chris.

The selfless bravery and public service displayed by these heroes are in the finest tradition of the United States. I am sure my colleagues in the Senate will join me as I extend my thoughts and prayers to Elisa, Nicole, Beth, Clint and Chris. This tragic incident is the first of its kind in more than thirty five years where two police officers were killed in the same incident in the Atlanta Metro area. Our prayers are sent up to these men in heaven who made the ultimate sacrifice for their fellow citizens.●

TRIBUTE TO DANIEL JACOB MILLER

● Mr. ABRAHAM. Mr. President, I rise today to show appreciation and honor to Daniel Jacob Miller as he receives the Heroism Award presented by the Boy Scouts of America. Daniel is a true hero, good Samaritan and model citizen. On December 31, 1998, there was a tragic and massive automobile pile-up in Northern Michigan. The lone police officer on the scene needed help and that is when Dan stepped up. The officer asked if anyone had medical training and Dan, who had learned first aid training through the Boy Scouts, immediately offered his assistance. Dan's unselfish acts, putting his own life at risk helped save the lives of a mother and her children and enabled the police officer to tend to the many other seriously injured motorists.

What is most exceptional about Dan is that he genuinely cares about all people and their well being. After the devastating tornados which struck Oklahoma last May, Dan instigated and helped organize a trip to aid in the disaster clean-up. Dan's leadership was also apparent when he taught fellow Boy Scouts how to operate a Ham Radio and assisted them in getting certified in Ham Radio operations in case of a disaster.

Dan is described as a quiet and reserved person who enjoys doing his good deeds in secret and throughout his life he has continually put others' needs before his own. Daniel Miller is an exemplary person, Boy Scout and citizen. Time and time again his devotion and good will have blessed the lives of numerous people. It is my hope that many more people follow the path that Dan has set himself on and continue to make the state of Michigan and our nation a better place.

I would also like to take this opportunity to commend the Boy Scouts of America for their dedication to teaching young people the skills they need to assist in life-saving situations. The Boy Scout leaders who so unselfishly give of their time to help young men could never understand the far reaches of their work. Daniel Miller gives us one incredible example of the importance of the training young men get through the Boy Scouts of America.●
