## STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. ROBERTS (for himself, Mr. KERREY, Mr. CRAIG, Mr. BURNS, Mr. HAGEL, Mr. DASCHLE, Mr. CONRAD, and Mr. BAUCUS):

S. 529. A bill to amend the Federal Crop Insurance Act to improve crop insurance coverage, to make structural changes to the Federal Crop Insurance Corporation and the Risk Management Agency, and for other purposes; to the Committee on Agriculture, Nutrition, and Forestry.

CROP INSURANCE FOR THE 21ST CENTURY ACT

Mr. ROBERTS. Mr. President, I rise today, along with my colleague, Mr. KERREY of Nebraska, to introduce a bill that we call the Crop Insurance for the 21st Century Act. We believe this bill represents an important step in improving the Federal Crop Insurance Program, and in creating greater access to the risk management tools that our farmers and ranchers simply must have.

Senator KERREY and I, and many others who are privileged to represent the agriculture community, have long discussed the need to address reforms to the Crop Insurance Program. However, the necessary demands from the agriculture community and the Congress to successfully reform this program, in my personal opinion at least, did not reach a crescendo until last fall when we approved something called the omnibus appropriations bill, and that contained approximately \$6 billion in disaster assistance for our farmers and ranchers.

I am sure, while Republicans and Democrats and individual agricultural groups were unable to agree on the necessary size and scope of the disaster package, one thing became abundantly clear to all involved—if we had a Crop Insurance Program that worked, without question, the situation would not have been so serious.

This has been a longstanding effort. I can remember well, back in 1978, when I was a staff member in the House of Representatives to my predecessor, that was when the Crop Insurance Program was first established. It has been 20 years, and we still have an obligation to reform the program and make sure that it works for all regions, all farmers, all commodities.

In response to the demands for the improved risk management tools, Senator KERREY and I committed to pursuing major crop insurance reforms in this Congress. To aid us in this task, last November we contacted all of the major farm organizations and all of the commodity groups, all of the crop insurance companies, all of the agricultural lending groups, and requested their guidance on these issues. We were listening. We wanted to find out their advice in regard to what do we need to pay attention to, what is the most serious issue that we need to address in the Crop Insurance Program. We received feedback from over 20 of these major organizations.
