

## REFERRAL OF S. 623

Mr. STEVENS. Mr. President, I ask unanimous consent that S. 623 be discharged from the Committee on Environment and Public Works and referred to the Committee on Energy and Natural Resources.

The PRESIDING OFFICER. Without objection, it is so ordered.

## AUTHORIZATION OF SENATE REPRESENTATION

Mr. STEVENS. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of S. Res. 70, submitted earlier today by Senators LOTT and DASCHLE.

The PRESIDING OFFICER. Without objection, it is so ordered.

The clerk will report.

The legislative clerk read as follows:

A resolution (S. Res. 70) to authorize representation of Senate and Members of the Senate in the case of James E. Pietrangelo, *II v. United States Senate, et al.*

The PRESIDING OFFICER. Is there objection to the immediate consideration of the resolution?

There being no objection, the Senate proceeded to consider the resolution.

Mr. LOTT. Mr. President, this resolution concerns a civil action commenced in the United States District Court for the Northern District of Ohio against the United States Senate and all Members of the Senate by a *pro se* plaintiff during the impeachment trial of President Clinton. The amended complaint improperly seeks judicial intervention directing Senators on how they should have voted on the question of whether to convict on the impeachment articles.

The action is subject to dismissal on numerous jurisdictional grounds, including lack of constitutional standing, political question, sovereign immunity, and the Speech or Debate Clause. This resolution authorizes the Senate Legal Counsel to represent the Senate and Senators in this suit to move for its dismissal.

Mr. STEVENS. Mr. President, I ask unanimous consent that the resolution be agreed to, the preamble be agreed to, and the motion to reconsider be laid upon the table.

The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (S. Res. 70) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

## S. RES. 70

Whereas, in the case of *James E. Pietrangelo, II v. United States Senate, et al.*, Case No. 1:99-CV-323, pending in the United States District Court for the Northern District of Ohio, the plaintiff has named the United States Senate and all Members of the Senate as defendants;

Whereas, pursuant to sections 703(a) and 704(a)(1) of the Ethics in Government Act of 1978, 2 U.S.C. §§288b(a) and 288c(a)(1), the Senate may direct its counsel to defend the Senate and Members of the Senate in civil

actions relating to their official responsibilities: Now, therefore, be it

*Resolved*, That the Senate Legal Counsel is directed to represent the Senate and all Members of the Senate in the case of *James E. Pietrangelo, II v. United States Senate, et al.*

#### MEDICAL SAVINGS ACCOUNT EXPANSION ACT OF 1999

Mr. INHOFE. Mr. President, I am pleased to rise today to introduce the Medical Savings Account Expansion Act of 1999. There has been much said recently regarding the need to reform health care. I agree with many of my colleagues that health care is indeed in need of serious reform. However, the nature and the scope of reforms are open to debate.

During the health care debate of 1996, the Congress focused its efforts on attempting to provide the uninsured with insurance. Included in the legislation, Congress created a demonstration project in order to test the effectiveness of Medical Savings Accounts. However, in establishing the demonstration project, the Congress created numerous legislative roadblocks to the success of Medical Savings Accounts.

As we are all aware, Medical Savings Accounts combine a high deductible insurance policy and tax exempt accounts for the purpose of providing health care. MSA holders use these accounts to purchase routine health care

services. When account holders spend all of the funds in their account and reach their annual deductible, their health insurance policy kicks in. If they don't spend all the money in the account, they get to keep what's left, plus interest for the following year.

The creation of Medical Savings Accounts was the result of a bipartisan coalition that many in the Senate worked long and hard to achieve. Medical Savings Accounts are really based on a simple principle that should be at the heart of the health care reform, that being, empowering people to take control of their own health care improves the system for everyone. Expanding MSAs is one small, but important, step in that regard. Providing individuals with an incentive to save money on their health care costs encourages them to be better consumers. The result is much needed cost control and consumer responsibility.

Mr. President, I think as the Congress begins to discuss health care reform this year, we must move away from the debate on the regulation and rationing of health care and focus our energies on providing health care to the uninsured. Instead of concentrating our efforts on reforms that will likely result in less health care, we should be trying to expand the opportunity for health care. At the same time, we must do so in a cost effective and market oriented way. MSAs meet that goal.

According to the General Accounting Office, more than 37% of the people who have opted to buy an MSA under the 1996 law were previously uninsured. That bears repeating; people who have previously been uninsured, are now buying health insurance. We need to make it possible for more people to obtain health care insurance. Now, compare those 37% of previously uninsured who now have health insurance with the projected 400,000 people who would lose their current health insurance if the Congress does something that would raise current health insurance premiums by just one percentage point and the argument becomes even stronger to expand the use of MSAs.

Mr. President, the legislation I am introducing today does just that, it makes Medical Savings Accounts more readily available to more people by eliminating many of the legislative and regulatory roadblocks to their continued success. The GAO report referred to earlier, points out that one of the key reasons why MSAs have not been as successful as originally thought is the complexity of the law.

Let me touch on a just few of the problems my legislation addresses. First is the scope of the demonstration project. Mr. President, I believe we should drop the 750,000 cap and extend the life of the project indefinitely. The 750,000 cap is merely an arbitrary number negotiated by the Congress. By lifting the cap and making MSAs permanent, we will be allowing the market to decide whether MSAs are a viable alternative in health insurance. The cap
