SENATE CONCURRENT RESOLUTION 25—URGING THE CONGRESS AND THE PRESIDENT TO FULLY FUND THE FEDERAL GOVERNMENT'S OBLIGATION UNDER THE INDIVIDUALS WITH DISABILITIES ACT

Mr. JEFFORDS (for himself, Mr. GREGG, Ms. COLLINS, Mr. LOTT, Mr. DEWINE, Mr. HAGEL, Mr. ENZI, Mr. BROWNBACK, Mr. HATCH, Mr. ASHCROFT, and Mr. COVERDELL) submitted the following concurrent resolution; which was referred to the Committee on Health, Education, Labor, and Pensions:

S. CON. RES. 25

Whereas all children deserve a quality education, including children with disabilities;

Whereas Pennsylvania Association for Retarded Children v. Commonwealth of Pennsylvania, 334 F. Supp. 1247 (E. Dist. Pa. 1971), and Mills v. Board of Education of the District of Columbia, 348 F. Supp. 866 (Dist. D. C. 1972), found that children with disabilities are guaranteed an equal opportunity to an education under the 14th amendment to the Constitution;

Whereas the Congress responded to these court decisions by passing the Education for All Handicapped Children Act of 1975 (enacted as Public Law 94-142), now known as the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), to ensure a free, appropriate public education for children with disabilities;

Whereas the Individuals with Disabilities Education Act provides that the Federal, State, and local governments are to share in the expense of educating children with disabilities and commits the Federal Government to pay up to 40 percent of the national average per pupil expenditure for children with disabilities;

Whereas the Federal Government has provided only 9, 11, and 12 percent of the maximum State grant allocation for educating children with disabilities under the Individuals with Disabilities Education Act in the last 3 years, respectively;

Whereas the national average cost of educating a special education student (\$13,323) is more than twice the national average per pupil cost (\$6,140);

Whereas research indicates that children who are effectively taught, including effective instruction aimed at acquiring literacy skills, and who receive positive early interventions demonstrate academic progress, and are significantly less likely to be referred to special education;

Whereas the high cost of educating children with disabilities and the Federal Government's failure to fully meet its obligation under the Individuals with Disabilities Education Act drain school budgets, jeopardize

the quality of education provided by local schools, and place a significant burden on State and local taxpayers;

Whereas if the appropriation for part B of the Individuals with Disabilities Education Act (20 U.S.C. 1411 et seq.) exceeds \$4,924,672,200 for a fiscal year, the State funding formula will shift from one based solely on the number of children with disabilities in the State to one based on 85 percent of the children ages 3 to 21 living in the State and 15 percent based on children living in poverty in the State, enabling States to undertake good practices for addressing the learning needs of more children in the regular education classroom and reduce over identification of children who may not need to be referred to special education;

Whereas the Individuals with Disabilities Education Act has been successful in achieving significant increases in the number of children with disabilities who receive a free, appropriate public education;

Whereas the current level of Federal funding to States and localities under the Individuals with Disabilities Education Act is contrary to the goal of ensuring that children with disabilities receive a quality education; and

Whereas the Federal Government has failed to appropriate 40 percent of the national average per pupil expenditure per child with a disability as required under the Individuals with Disabilities Education Act to assist States and localities to educate children with disabilities: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That the Congress and the President—

(1) should, working within the constraints of the balanced budget agreement, give programs under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.) the highest priority among Federal elementary and secondary education programs by meeting the commitment to fund the maximum State grant allocation for educating children with disabilities under such Act prior to authorizing or appropriating funds for any new education initiative; and

(2) should meet the commitment described in paragraph (1) while retaining the commitment to fund existing Federal education programs that increase student achievement.

Mr. JEFFORDS. Mr. President, today, joined by many of my colleagues, I am submitting a Senate concurrent resolution calling for a delay in authorizing or appropriating of funds for new educational initiatives until we fully fund IDEA, the Individuals with Disabilities Education Act. My colleague, Representative GOODLING, is introducing a companion resolution in the House today as well.

In 1975 Congress made a commitment to contribute up to 40 percent of the national average per pupil expenditure (APPE) for each child with a disability being educated by our Nation's schools. We are nowhere close to that target of 40 percent. We are committed to achieving that target, and until we do reach the target, we should refrain from undertaking major new education commitments.

According to the latest estimates from the Department of Education, this school year there are 6.1 million children with disabilities being served by our Nation's schools. States and local communities are spending \$72.9 billion of non-federal dollars to educate
