The resolution (S. Res. 34), as amended, was agreed to.

The preamble was agreed to.

The resolution, as amended, with its preamble, reads as follows:

S. RES. 34

Whereas the Nation is witnessing a historic decrease in the health of the youth in the United States, with only 22 percent of the youth being physically active for the recommended 30 minutes each day and nearly 15 percent of the youth being almost completely inactive each day;

Whereas physical education classes are on the decline, with 75 percent of students in the United States not attending daily physical education classes and 25 percent of students not participating in any form of physical education in schools, which is a decrease in participation of almost 20 percent in 4 years;

Whereas more than 60,000,000 people, $\frac{1}{3}$ of the population of the United States, are overweight;

Whereas the percentage of overweight youth in the United States has doubled in the last 30 years;

Whereas these serious trends have resulted in a decrease in the self-esteem of, and an increase in the risk of future health problems for, youth in the United States;

Whereas youth in the United States represent the future of the Nation and the decrease in physical fitness of the youth may destroy the future potential of the United States unless the Nation invests in the youth in the United States to increase productivity and stability for tomorrow;

Whereas regular physical activity has been proven to be effective in fighting depression, anxiety, premature death, diabetes, heart

disease, high blood pressure, colon cancer, and a variety of weight problems;

Whereas physical fitness campaigns help encourage consideration of the mental and physical health of the youth in the United States; and

Whereas Congress should take steps to reverse a trend which, if not resolved, could destroy future opportunities for millions of today's youth because a healthy child makes a healthy, happy, and productive adult: Now, therefore, be it

Resolved, That the Senate—

(1) designates the week beginning June 21, 1999, as "National Youth Fitness Week";

(2) urges parents, families, caregivers, and teachers to encourage and help youth in the United States to participate in athletic activities and to teach adolescents to engage in healthy lifestyles; and

(3) requests the President to issue a proclamation calling on the people of the United States to observe the week with appropriate ceremonies and activities.

The title was amended so as to read: "A resolution designating the week beginning June 21, 1999, as 'National Youth Fitness Week'."

Whereas clean and safe drinking water is essential to every American;

Whereas the health, comfort, and standard of living of all people in this Nation depends upon a sufficient supply of safe drinking water;

Whereas behind every drop of clean water are the combined efforts of thousands of water plant operators, engineers, scientists, public and environmental advocacy groups, legislators, and regulatory officials;

Whereas public health protection took an historic leap when society began treating water to remove disease-causing organisms;

Whereas over 180,000 individual water systems in the United States serve over 250,000,000 Americans;

Whereas the Safe Drinking Water Act is one of the most significant legislative land-

marks in 20th century public health protection;

Whereas the enactment of the Safe Drinking Water Act on December 16, 1974, enabled the United States to take great strides toward the protection of public health by treating and monitoring drinking water, protecting sources of drinking water, and providing consumers with more information regarding their drinking water;

Whereas Americans rightfully expect to drink the best water possible, and expect advances in the public health sciences, water treatment methods, and the identification of potential contaminants; and

Whereas the continued high quality of drinking water in this country depends upon advancing drinking water research, vigilantly monitoring current operations, increasing citizen understanding, investing in infrastructure, and protecting sources of drinking water: Now, therefore, be it

Resolved, That the Senate—

(1) designates the year of 1999 as "The Year of Safe Drinking Water";

(2) commemorates the 25th anniversary of the enactment of the Safe Drinking Water Act; and

(3) requests that the President issue a proclamation calling upon the people of the United States to observe the year with appropriate programs that enhance public awareness of—

(A) drinking water issues;

Whereas approximately 15,000 children in the United States are currently infected with human immunodeficiency virus (referred to in this resolution as "HIV"), the virus that causes AIDS;

Whereas the number of children who have died from AIDS worldwide since the AIDS epidemic began has reached 2,700,000;

Whereas it is estimated that an additional 40,000,000 children will die from AIDS by the year 2020;

Whereas perinatal transmission of HIV from mother to child accounts for 91 percent of pediatric HIV cases;

Whereas studies have demonstrated that the maternal transmission of HIV to an infant decreased from 30 percent to less than 8 percent after therapeutic intervention was employed;

Whereas effective drug treatments have decreased the percentage of deaths from AIDS in the United States by 47 percent in both 1998 and 1999;

Whereas the number of children of color infected with HIV is disproportionate to the national statistics with respect to all children;

Whereas The Elizabeth Glaser Pediatric AIDS Foundation has been devoted over the past decade to the education, research, prevention, and elimination of acquired immune deficiency syndrome (AIDS); and

Whereas the people of the United States should resolve to do everything possible to control and eliminate this epidemic that threatens our future generations: Now, therefore, be it

Resolved, That the Senate—

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMENDING THE PAGES

Mr. LOTT. Mr. President, today is the last day of work of the present

group of pages—the "youngest Government employees." I commend all of the pages and wish them good luck in their future endeavors. I know all Members would want to personally thank them for their hard work. Many days they have worked late into the night, and the next morning they would get up early to go to school. It is not an easy job being a Senate page. Their work here is very important, as we move through our legislative process and quite often move a lot of paper around. They help us an awful lot.

I have particularly enjoyed watching this group and seeing them at the door and seeing them in the halls and seeing them led by Senator THURMOND into the dining room for ice cream for one and all.

I therefore ask consent that the names of this class of Senate pages be printed in the RECORD with our heartiest appreciation.

There being no objection, the list was ordered to be printed in the RECORD, as follows:

SENATE PAGES REPUBLICAN PAGES

Jennifer Duomato.
Micah Ceremele.
Rick Carrol.
Cathy Cone.
Courtney Mims.
Marian Thorpe.
Jessica Lipschultz.
Derrek Allsup.
Mark Nexon.
Clay Crockett.

DEMOCRAT PAGES

Stephanie Valencia.
Patrick Hallahan.
Danielle Driscoll.
Halia Burns.
Bud Vana.
Stephanie Stahl.
Mark Hadley.
Devin Barta.
Brendan McCann.
Jennifer Machacek.
Chandra Obie.

Mr. REID. Will the leader yield?

Mr. LOTT. I am glad to yield.

Mr. REID. I also say to the pages that there has been an example set in years past that pages become Members of the Senate, not the least of which is our own Senator CHRIS DODD. If you think the example we have set for you is one you would want to follow later in life, you should know you have a very good foundation by being a page.

ORDERS FOR MONDAY, JUNE 14, 1999

Mr. LOTT. Mr. President, I ask unanimous consent that when the Senate completes its business today, it stand in adjournment until 12 noon on Monday, June 14. I further ask unanimous consent that on Monday, immediately following the prayer, the Journal of proceedings be approved to date, the morning hour be deemed to have expired, the time for the two leaders be reserved for their use later in the day, and there be a period of morning business until 1 p.m. with Senators per-

mitted to speak for up to 10 minutes each.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. LOTT. I further ask consent that at 1 p.m. the Senate begin consideration of the energy and water appropriations bill.

The PRESIDING OFFICER. Without objection, it is so ordered.

PROGRAM

Mr. LOTT. For the information of all Senators, tomorrow the Senate will not be in session. On Monday, the Senate will consider the energy and water appropriations bill, as was just agreed to, with the first rollcall vote expected to occur at approximately 5:30 on Monday. We will need to work with all Senators to make sure Senators can be present for that vote but, as is usually the case, unless notified otherwise, there will be votes on Monday at approximately 5:30 or sometime shortly thereafter.

It is my hope the energy and water appropriations bill can be completed during Monday's session of the Senate. Two cloture motions were filed with respect to the Social Security lockbox issue and the oil, gas, and steel appropriations revolving fund bill.

Also, under previous consent, the Y2K bill will be completed on Tuesday. Therefore, a series of votes will occur beginning at 2:15 on Tuesday, June 15.

ADJOURNMENT UNTIL MONDAY, JUNE 14, 1999

Mr. LOTT. If there is no further business to come before the Senate, I now ask unanimous consent the Senate stand in adjournment under the previous order.
