SEC. 2. FINDINGS AND PURPOSES.

(a) **FINDINGS.**—Congress makes the following findings:

(1) Health care is important to all Americans.

(2) Health care is particularly important to individuals with disabilities and special health care needs who often cannot afford the insurance available to them through the private market, are uninsurable by the plans available in the private sector, and are at great risk of incurring very high and economically devastating health care costs.

(3) Americans with significant disabilities often are unable to obtain health care insurance that provides coverage of the services and supports that enable them to live independently and enter or rejoin the workforce. Personal assistance services (such as attend-

ant services, personal assistance with transportation to and from work, reader services, job coaches, and related assistance) remove many of the barriers between significant disability and work. Coverage for such services, as well as for prescription drugs, durable medical equipment, and basic health care are powerful and proven tools for individuals with significant disabilities to obtain and retain employment.

(4) For individuals with disabilities, the fear of losing health care and related services is one of the greatest barriers keeping the individuals from maximizing their employment, earning potential, and independence.

(5) Individuals with disabilities who are beneficiaries under title II or XVI of the Social Security Act (42 U.S.C. 401 et seq., 1381 et seq.) risk losing medicare or medicaid coverage that is linked to their cash benefits, a risk that is an equal, or greater, work disincentive than the loss of cash benefits associated with working.

(6) Currently, less than 1/2 of 1 percent of social security disability insurance and supplemental security income beneficiaries cease to receive benefits as a result of employment.

(7) Beneficiaries have cited the lack of adequate employment training and placement services as an additional barrier to employment.

(8) If an additional 1/2 of 1 percent of the current social security disability insurance (DI) and supplemental security income (SSI) recipients were to cease receiving benefits as a result of employment, the savings to the Social Security Trust Funds in cash assistance would total \$3,500,000,000 over the worklife of the individuals.

(b) **PURPOSES.**—The purposes of this Act are as follows:

(1) To provide health care and employment preparation and placement services to individuals with disabilities that will enable those individuals to reduce their dependency on cash benefit programs.

(2) To encourage States to adopt the option of allowing individuals with disabilities to purchase medicaid coverage that is necessary to enable such individuals to maintain employment.

(3) To provide individuals with disabilities the option of maintaining medicare coverage while working.

(4) To establish a return to work ticket program that will allow individuals with disabilities to seek the services necessary to obtain and retain employment and reduce their dependency on cash benefit programs.

TITLE I—EXPANDED AVAILABILITY OF
HEALTH CARE SERVICESSEC. 101. EXPANDING STATE OPTIONS UNDER
THE MEDICAID PROGRAM FOR
WORKERS WITH DISABILITIES.

(a) **IN GENERAL.**—

(1) **STATE OPTION TO ELIMINATE INCOME, ASSETS, AND RESOURCE LIMITATIONS FOR WORKERS WITH DISABILITIES BUYING INTO MEDICAID.**—Section 1902(a)(10)(A)(ii) of the Social Security Act (42 U.S.C. 1396a(a)(10)(A)(ii)) is amended—

(A) in subclause (XIII), by striking "or" at the end;

(B) in subclause (XIV), by adding "or" at the end; and

(C) by adding at the end the following:

"(XV) who, but for earnings in excess of the limit established under section 1905(q)(2)(B), would be considered to be receiving supplemental security income, who is at least 16, but less than 65, years of age, and whose assets, resources, and earned or unearned income (or both) do not exceed such limitations (if any) as the State may establish;"
