

In 1988, with the adoption of the Canada-Nova Scotia Accord Acts, Canada placed a moratorium on petroleum activities on Georges Bank until January 1, 2000. In preparation for the expiration of that moratorium, a three-person review panel held an extensive public comment period, commissioned studies, and thoroughly explored the pros and cons of allowing oil and gas activity on the Canadian portion of Georges Bank. Last month, at the conclusion of its review, the panel recommended that the moratorium on petroleum activities on Georges Bank be continued, but it did not specify a date.

I certainly respect the fact that Canada is entitled to make its own mineral management decisions. Nevertheless, given the joint jurisdiction that the United States and Canada have over Georges Bank, I believe it is appropriate for this body to convey its concern and support for the unique ecosystem and fisheries of Georges Bank. An accident involving a petroleum spill on either side of the line could have a devastating impact on fisheries well up and down the coast from Nova Scotia and New Brunswick to the coast of New England.

The severe weather in and the vast expanse of Georges Bank far from shore would greatly complicate any effort to clean up any spill that could occur. Indeed, even if a spill never occurred, the lubricants used in drilling could well have a toxic impact on Georges Bank's delicate fisheries.

Fishermen from Canada and the United States are subject to strict regulations governing fishing on Georges Bank. These regulations are designed to allow fish stocks to recover after years of overfishing. They have involved considerable sacrifices for the fishermen who depend on Georges Bank to make a living. But the sacrifices are paying off, and the fish stocks are recovering. It would be a shame to set back or to reverse completely those hard-won recovery efforts with even the risk of a major oil spill.

The resolution I am submitting today encourages the Government of Canada to accept the recommendations of its review panel. It also goes further by asking our neighbor to the north to extend its drilling moratorium until the year 2012 to match the American moratorium. In that way, both Canadians and Americans may be assured that Georges Bank will remain in its traditional uses.

SEC. 123. (a) SHORT TITLE.—This section may be cited as the "Battle of Midway National Memorial Study Act".

(b) FINDINGS.—The Congress makes the following findings:

(1) September 2, 1997, marked the 52nd anniversary of the United States victory over Japan in World War II.

(2) The Battle of Midway proved to be the turning point in the war in the Pacific, as United States Navy forces inflicted such severe losses on the Imperial Japanese Navy during the battle that the Imperial Japanese Navy never again took the offensive against the United States or the allied forces.

(3) During the Battle of Midway on June 4, 1942, an outnumbered force of the United States Navy, consisting of 29 ships and other units of the Armed Forces under the command of Admiral Nimitz and Admiral Spruance, out-maneuvered and out-fought 350 ships of the Imperial Japanese Navy.

(4) It is in the public interest to study whether Midway Atoll should be established as a national memorial to the Battle of Midway to express the enduring gratitude of the American people for victory in the battle and to inspire future generations of Americans with the heroism and sacrifice of the members of the Armed Forces who achieved that victory.

(5) The historic structures and facilities on Midway Atoll should be protected and maintained.

(c) PURPOSE.—The purpose of this Act is to require a study of the feasibility and suitability of designating the Midway Atoll as a National Memorial to the Battle of Midway within the boundaries of the Midway Atoll National Wildlife Refuge. The study of the Midway Atoll and its environs shall include, but not be limited to, identification of interpretive opportunities for the educational and inspirational benefit of present and future generations, and of the unique and significant circumstances involving the defense of the island by the United States in World War II and the Battle of Midway.

(d) STUDY OF THE ESTABLISHMENT OF MIDWAY ATOLL AS A NATIONAL MEMORIAL TO THE BATTLE OF MIDWAY.—

(1) IN GENERAL.—Not later than six months after the date of enactment of this Act, the

Secretary of the Interior shall, acting through the Director of the National Park Service and in consultation with the Director of the United States Fish and Wildlife Service, the International Midway Memorial Foundation, Inc. (hereafter referred to as the "Foundation"), and Midway Phoenix Corporation, carry out a study of the suitability and feasibility of establishing Midway Atoll as a national memorial to the Battle of Midway.

(2) CONSIDERATIONS.—In studying the establishment of Midway Atoll as a national memorial to the Battle of Midway under paragraph (1), the Secretary shall address the following:

(A) The appropriate federal agency to manage such a memorial, and whether and under what conditions, to lease or otherwise allow the Foundation or another appropriate entity to administer, maintain, and fully utilize the lands (including any equipment, facilities, infrastructure, and other improvements) and waters of Midway Atoll if designated as a national memorial.

(B) Whether designation as a national memorial would conflict with current management of Midway Atoll as a wildlife refuge and whether, and under what circumstances, the needs and requirements of the wildlife refuge should take precedence over the needs and requirements of a national memorial on Midway Atoll.

(C) Whether, and under what conditions, to permit the use of the facilities on Sand Island for purposes other than a wildlife refuge or a national memorial.

(D) Whether to impose conditions on public access to Midway Atoll as a national memorial.

(3) REPORT.—Upon completion of the study required under paragraph (1), the Secretary shall submit, to the Committee on Energy and Natural Resources of the United States Senate and the Committee on Resources of the House of Representatives, a report on the study, which shall include any recommendations for further legislative action. The report shall also include an inventory of all known past and present facilities and structures of historical significance on Midway Atoll and its environs. The report shall include a description of each historic facility and structure and a discussion of how each will contribute to the designation and interpretation of the proposed national memorial.

(e) CONTINUING DISCUSSIONS.—Nothing in this Act shall be construed to delay or prohibit discussions between the Foundation and the United States Fish and Wildlife Service or any other government entity regarding the future role of the Foundation on Midway Atoll.

SEC. 124. SEC. 326. HARDWOOD TECHNOLOGY TRANSFER AND APPLIED RESEARCH. (a) The Secretary of Agriculture (hereinafter the "Secretary") is hereby and hereafter authorized to conduct technology transfer and development, training, dissemination of information and applied research in the management, processing and utilization of the hardwood forest resource. This authority is in addition to any other authorities which may be available to the Secretary including, but not limited to, the Cooperative Forestry Assistance Act of 1978, as amended (16 U.S.C. 2101 et seq.), and the Forest and Rangeland Renewable Resources Act of 1978, as amended (16 U.S.C. 1600-1614).

(b) In carrying out this authority, the Secretary may enter into grants, contracts, and cooperative agreements with public and private agencies, organizations, corporations, institutions and individuals. (c) The Secretary is hereby and hereafter authorized to operate and utilize the assets of the Wood Education and Resource Center (previously named the Robert C. Byrd Hardwood Technology Center in West Virginia) as part of a newly formed "Institute of Hardwood Technology Transfer and Applied Research" (hereinafter the "Institute"). The Institute, in addition to the Wood Education and Resource Center, will consist of a Director, technology transfer specialists from State and Private Forestry, the Forestry Sciences Laboratory in Princeton, West Virginia, and any other organizational unit of the Department of Agriculture as the Secretary deems appropriate. SEC. 327. No timber in Region 10 of the Forest Service shall be advertised for sale which, when using domestic Alaska western red cedar selling values and manufacturing costs, fails to provide at least 60 percent of normal profit and risk of the appraised timber, except at the written request by a prospective bidder. Program accomplishments shall be based on volume sold. Should Region 10 sell, in fiscal year 2000, the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land

Management Plan which provides greater than 60 percent of normal profit and risk at the time of the sale advertisement, all of the western red cedar timber from those sales which is surplus to the needs of domestic processors in Alaska, shall be made available to domestic processors in the contiguous 48 United States based on values in the Pacific Northwest as determined by the Forest Service and stated in the timber sale contract. Should Region 10 sell, in fiscal year 2000, less than the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan meeting the 60 percent of normal profit and risk standard at the time of sale advertisement, the volume of western red cedar timber available to domestic processors at rates specified in the timber sale contract in the contiguous 48 states shall be that volume: (i) which is surplus to the needs of domestic processors in Alaska; and (ii) is that percent of the surplus western red cedar volume determined by calculating the ratio of the total timber volume which has been sold on the Tongass to the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan. The percentage shall be calculated by Region 10 on a rolling basis as each sale is sold. (For purposes of this amendment, a "rolling basis" shall mean that the determination of how much western red cedar is eligible for sale to various markets shall be made at the time each sale is awarded.) Western red cedar shall be deemed "surplus to the needs of domestic processors in Alaska" when the timber sale holder has presented to the Forest Service documentation of the inability to sell western red cedar logs from a given sale to domestic Alaska processors at a price equal to or greater than the log selling value stated in the contract. All additional western red cedar volume not sold to Alaska or contiguous 48 United States domestic processors may be exported to foreign markets at the election of the timber sale holder. All Alaska yellow cedar may be sold at prevailing export prices at the election of the timber sale holder.

(A) in the case of funds collected pursuant to subsection (b), the costs of conducting inventories of special forest products, monitoring and assessing the impacts of harvest levels and methods, and for restoration activities, including any necessary vegetation; and

**SEC. 338. No federal monies appropriated for the purchase of land by the Forest Service in the Columbia River Gorge National Scenic Area (“CRGNSA”) may be used unless the Forest Service complies with the acquisition protocol set out in this section:**

(a) **PURCHASE OPTION REQUIREMENT.**—Upon the Forest Service making a determination that the agency intends to pursue purchase of land or an interest in land located within the boundaries of the CRGNSA, the Forest Service and the owner of the land or interest in land to be purchased shall enter into a written purchase option agreement in which the landowner agrees to retain ownership of the interest in land to be acquired for a period not to exceed one year. In return, the Forest Service shall agree to abide by the bargaining and arbitration process set out in this section.

(b) **OPT OUT.**—After the Forest Service and landowner have entered into the purchase

option agreement, the landowner may at any time prior to federal acquisition voluntarily opt out of the purchase option agreement.

(c) **SELECTION OF APPRAISERS.**—Once the landowner and Forest Service both have executed the required purchase option, the landowner and Forest Service each shall select an appraiser to appraise the land or interest in land described in the purchase option. The landowner and Forest Service both shall instruct their appraiser to estimate the fair market value of the land or interest in land to be acquired. The landowner and Forest Service both shall instruct their appraiser to comply with the Uniform Appraisal Standards for Federal Land Acquisitions (Interagency Land Acquisition Conference 1992) and Public Law 91-646 as amended. Both appraisers shall possess qualifications consistent with state regulatory requirements that meet the intent of Title XI, Financial Institutions Reform, Recovery, and Enforcement Act of 1989.

(d) **PERIOD TO COMPLETE APPRAISALS.**—The landowner and Forest Service each shall be allowed a period of 180 days to provide to the other an appraisal of the land or interest in land described in the purchase option. This 180-day period shall commence upon execution of a purchase option by the landowner and the Forest Service.

(e) **BARGAINING PERIOD.**—Once the landowner and Forest Service each have provided to the other a completed appraisal, a 45-day period of good faith bargaining and negotiation shall commence. If the landowner and Forest Service cannot agree within this period on the proper purchase price to be paid by the United States for the land or interest in land described in the purchase option, the landowner may request arbitration under subsection (f) of this section.

(f) **ARBITRATION PROCESS.**—If a landowner and the Forest Service are unable to reach a negotiated settlement on value within the 45-day period of good faith bargaining and negotiation, during the 10 days following this period of good faith bargaining and negotiation the landowner may request arbitration. The process for arbitration shall commence with each party submitting its appraisal and a copy of this legislation, and only its appraisal and a copy of this legislation, to the arbitration panel within 10 days following the receipt by the Forest Service of the request for arbitration. The arbitration panel shall render a written advisory decision on value within 45 days of receipt of both appraisals. This advisory decision shall be forwarded to the Secretary of Agriculture by the arbitration panel with a recommendation to the Secretary that if the land or interest in land at issue is to be purchased that the United States pay a sum certain for the land or interest in land. This sum certain shall fall within the value range established by the two appraisals. Costs of employing the arbitration panel shall be divided equally between the Forest Service and the landowner, unless the arbitration panel recommends either the landowner or the Forest Service bear the entire cost of employing the arbitration panel. The arbitration panel shall not make such a recommendation unless the panel finds that one of the appraisals submitted fails to conform to the Uniform Appraisal Standard for Federal Land Acquisition (Interagency Land Acquisition Conference 1992). In no event, shall the cost of employing the arbitration panel exceed \$10,000.

(g) **ARBITRATION PANEL.**—The arbitration panel shall consist of one appraiser and two lawyers who have substantial experience working with the purchase of land and interests in land by the United States. The Secretary is directed to ask the Federal Center

for Dispute Resolution at the American Arbitration Association to develop lists of no less than ten appraisers and twenty lawyers who possess substantial experience working with federal land purchases to serve as third-party neutrals in the event arbitration is requested by a landowner. Selection of the arbitration panel shall be made by mutual agreement of the Forest Service and landowner. If mutual agreement cannot be reached on one or more panel members, selection of the remaining panel members shall be by blind draw once each party has been allowed the opportunity to strike up to 25 percent of the third-party neutrals named on either list. Of the funds available to the Forest Service, up to \$15,000 shall be available to the Federal Center for Dispute Resolution to cover the initial cost of establishing this program. Once established, costs of administering the program shall be borne by the Forest Service, but shall not exceed \$5,000 a year.

(h) **QUALIFICATIONS OF THIRD-PARTY NEUTRALS.**—Each appraiser selected by the Federal Dispute Resolution Center, in addition to possessing substantial experience working with federal land purchases, shall possess qualifications consistent with state regulatory requirements that meet the intent of Title XI, Financial Institutions Reform, Recovery & Enforcement Act of 1989. Each lawyer selected by the Federal Dispute Resolution Center, in addition to possessing substantial experience working with federal land purchases, shall be an active member in good standing of the bar of one of the 50 states or the District of Columbia.

(i) **DECISION REQUIRED BY THE SECRETARY OF AGRICULTURE.**—Upon receipt of a recommendation by an arbitration panel appointed under subsection (g), the Secretary of Agriculture shall notify the landowner and the CRGNSA of the day the recommendation was received. The Secretary shall make a determination to adopt or reject the arbitration panel's advisory decision and notify the landowner and the CRGNSA of this determination within 45 days of receipt of the advisory decision.

(j) **ADMISSABILITY.**—Neither the fact that arbitration pursuant to this act has occurred nor the recommendation of the arbitration panel shall be admissible in any court or administrative proceeding.

(k) **EXPIRATION DATE.**—This act shall expire on October 1, 2002.

SEC. 339. A project undertaken by the Forest Service under the Recreation Fee Demonstration Program as authorized by Section 315 of the Department of the Interior and Related Agencies Appropriations Act for Fiscal Year 1996, as amended, shall not result in—

(1) displacement of the holder of an authorization to provide commercial recreation services on Federal lands. Prior to initiating any project, the Secretary shall consult with potentially affected holders to determine what impacts the project may have on the holders. Any modifications to the authorization shall be made within the terms and conditions of the authorization and authorities of the impacted agency.

(2) the return of a commercial recreation service to the Secretary for operation when such services have been provided in the past by a private sector provider, except when—

(A) the private sector provider fails to bid on such opportunities,

(B) the private sector provider terminates its relationship with the agency, or,

(C) the agency revokes the permit for non-compliance with the terms and conditions of the authorization.

In such cases, the agency may use the Recreation Fee Demonstration Program to provide for operations until a subsequent operator

can be found through the offering of a new prospectus.
