NICO FERRARO: 2000 LABOR LEADER OF THE YEAR OF THE SAN DIEGO COUNTY BUILDING AND CONSTRUCTION TRADES COUNCIL, ALF-CIO

HON. BOB FILNER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 27, 2000

Mr. FILNER. Mr. Speaker, I rise today to recognize Nico Ferraro, business manager of the Plumbers & Pipefitters, Local 230, as he is honored by the San Diego County Building and Construction Trades Council, AFL-CIO at the Eighteenth Annual John S. Lyons Memorial Banquet.

Nico Ferraro is being honored as the 2000 Labor Leader of the Year because he is an active labor leader who has gained a reputation for getting things done. His activism caught the attention of Local 230, and he was elected to the executive board in 1989. In 1992, he was elected pipefitter business representative and served in that capacity until his appointment as business manager in 1997.

As business manager of Local 230, he represents the 1600 member local union in many ways. He is a trustee to the pension and health and welfare funds, the secretary to the Joint Apprenticeship Committee, delegate to the District Council, and executive board member to the Building Trades and the Central Labor Council. He serves on a statewide committee for the International Union and is also a hearing officer for the International Union. He is a management trustee for the OPEIU pension.

Nico is dedicated to improving the wages, pension, and working conditions of his membership and demonstrating to all of San Diego the benefits of union membership. He has spoken before the Industrial Welfare Commission, the California Apprenticeship Council, to church groups and to community college students on the benefits of being a union member.

He is involved in all aspects of the labor movement. A number of his pro-union letters to the editor have been published in San Diego newspapers. He co-chairs the Labor Council Street Heat Committee. He raises money for Local 230's scholarship fund. Recently, he was appointed to the Industrial Welfare Commission Wage Board where he will be asked to determine the wages, work hours, and working conditions for the mining, drilling, and construction industries.

Nico's dad, uncles, brothers and neighbors in New York City were union members. He learned at an early age the value of union membership. He served a five-year steamfitter apprenticeship with one of the original United Autoworkers locals, Local 638. From the minute he was initiated into the union, he knew it was for him! A highlight was his work on the 110 story World Trade Center twin towers building in New York.

Nico has been married for the past fourteen years to his wife Lynn, who is a member of the California Teachers Association.

As a friend and supporter of the working man and woman, I want to sincerely congratulate Nico Ferraro on receiving this prestigious award for his long hours and intensive work in the cause of justice. It is an honor to know him and to support his work!

SECTION 907 OF THE FOREIGN ASSISTANCE ACT

HON. JOE KNOLLENBERG

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 27, 2000

Mr. KNOLLENBERG. Mr. Speaker, today I stress the importance of retaining Section 907 of the Foreign Assistance Act in the Foreign Operations Bill.

For more than 10 years Azerbaijan has cut off the transportation of food, fuel and medicine from the United States and the United Nations to our ally Armenia. Armenia and its neighbor, Nagorno-Karabagh are both landlocked, and these blockades are virtually isolating them from the rest of the world.

Section 907 prohibits United States aid to Azerbaijan and constitutes a focused, appropriate message to the government of Azerbaijan that the United States won't support efforts to marginalize, via blockade, entire populations of neighboring states.

Section 907 must remain in place until the President of Azerbaijan confirms that country is taking steps to cease blockades and offensive uses of force against Armenia and Nagorno-Karabagh.

I encourage my colleagues to support Section 907 in the Foreign Operations bill.

AUTHORIZING BUREAU OF RECLAMATION TO PROVIDE COST SHARING FOR ENDANGERED FISH RECOVERY IMPLEMENTATION PROGRAMS FOR UPPER COLORADO AND SAN JUAN RIVER BASINS

SPEECH OF

HON. MARK UDALL

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 25, 2000

Mr. UDALL of Colorado. Mr. Speaker, as a cosponsor of H.R. 2348, I rise to urge its approval.

This bill is an important one for Colorado and the other States within the upper basin of the Colorado River and the basin of the San Juan River.

The recovery program for endangered fish in the upper basin of the Colorado river is a cooperative program involving the State of Colorado and our neighboring States of Utah and Wyoming; the U.S. Fish and Wildlife Service, Bureau of Reclamation, and Western Area Power Administration, environmental organizations, and water-development interests in all three states.

The State of Colorado is also a participant in the recovery program for the San Juan program, along with New Mexico, the Southern Ute and Ute Mountain Ute tribes, USFWS and Bureau of Reclamation, the Navajo Nation, the Jicarilla Apache Tribe, and water development interests.

Both recovery programs are aimed at recovering the endangered fish in ways that meet the requirements of the Endangered Species Act while minimizing conflicts and allowing continued utilization of the area's scarce water resources for this and other purposes in ways that are consistent with applicable state laws, interstate compacts, and Supreme Court decrees allocating water among the states.

The purpose of the legislation is to provide a specific authorization for the funding that is necessary for implementation of these programs. Such funding has been consistently provided in recent years, but having such a specific authorization will provide greater certainty for all concerned.

The bill is the product of a cooperative effort among the participants in the programs and other interested parties. It is a sound and balanced measure that merits strong support. I am glad to have the opportunity to join with Chairman HANSEN and the other sponsors of this legislation in urging its passage by the House and hope that the Senate will act promptly to send it to the President for signature into law.

H.R. 1248, THE VIOLENCE AGAINST WOMEN REAUTHORIZATION ACT

HON. SUE W. KELLY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 27, 2000

Mrs. KELLY. Mr. Speaker, the U.S. Department of Justice estimates that between 1 million and 4 million women are physically abused by their husbands or live-in partners each year.

Justice also reports that females account for 39 percent of the hospital emergency department visits for violence-related injuries.

According to another poll, up to 40 percent of teenage girls age 14 to 17 report knowing someone their age who has been hit or beaten by a boyfriend.

Family violence costs the nation upwards of \$10 billion annually in medical expenses, police and court costs, shelters and foster care, sick leave, absenteeism, and non-productivity.

Mr. Speaker, I have only touched on the tip of the iceberg. Unlike many people, we are in a position to help turn these statistics around.

We can begin by passing H.R. 1248, the Violence Against Women Reauthorization Act and help the thousands of men and the millions of women who face abuse in their own homes feel a little safer in knowing that we are here and we are listening and will once again fulfill our promise and help them escape from abuse and end the cycle of violence.

Mr. Speaker, I urge my colleagues to support this important legislation, not only for the men and women being abused today but for our children who may be the victims of tomorrow.

LARRY LUCCHINO: THE JOHNS FELLOWSHIP AWARD OF THE SAN DIEGO COUNTY BUILDING AND CONSTRUCTION TRADES COUNCIL, AFL-CIO

HON. BOB FILNER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 27, 2000

Mr. FILNER. Mr. Speaker, I rise today to recognize Larry Lucchino, as he is honored by the San Diego County Building and Construction Trades Council, AFL-CIO at the Eighteenth Annual John S. Lyons Memorial Banquet.

Larry Lucchino, President and Chief Executive Officer of the San Diego Padres, is being recognized for his contribution to the community of San Diego and for fulfilling three fundamental commitments of ownership which he made as he purchased the San Diego Padres baseball team on December 21, 1994.

First and foremost, the Padres, under the leadership of Larry Lucchino have become active participants in the community, assisting the children of the region in their education, recreation, and health. The Padres Scholars Program was established in 1995 to aid students with college scholarships. The Little Padres Parks Program has committed to building or refurbishing 60 youth ballfields in San Diego and Northern Baja. The Cindy Matters Fund, named for a lifelong Padres fan who inspired Padres players and staff during her fight against cancer, pledges assistance in the fight against children's cancer and provides funding to the UCSD Medical Center's Pediatric Oncology Research Laboratory.

Second, he has helped to rebuild the club so that they were recognized as the most improved team in the National League in 1995 and champions of the National League West in 1996. In 1998, the Padres captured the National League West Championship and then proceeded to the World Series to play against the New York Yankees.

He has also created a warm and fan-friendly environment at the local Qualcomm Stadium, and his passion for the internationalization of baseball has led to historic achievements with the Padres playing games in Mexico and Hawaii, and establishing relations with teams in Japan and Korea.

In addition, Larry Lucchino is active in both civic and charitable institutions in San Diego, serving on the CEO Roundtable, the Board of Directors of the Economic Development Corporation, the Binational Advisory Council on Border-Crossing Process, and the Board of Directors of the Padres Foundation.

He has the unique distinction of earning a Final Four watch with Princeton in 1965, a Super Bowl ring with the Washington Redskins in 1983, and the World Series ring with the Baltimore Orioles in 1983. He has earned a reputation as one of baseball's modern-day innovators. As President and CEO of both the Baltimore Orioles from 1988–1993 and the San Diego Padres since 1995, he has broken ground in ballpark design and planning, the development of new marketing concepts, and the furthering of player-owner relations.

Larry Lucchino is being honored by a very special award. The JOHNS Fellowship Award was established to commemorate the late John Lyons of the Teamsters who was one of

the founders of the San Diego Chapter of the Leukemia Society of America. The proceeds from the Memorial Banquet will be used to support local charitable causes including bone marrow testing and local research grants.

My sincere congratulations go to Larry Lucchino, and I am proud to salute him and to recognize his accomplishment with this statement in the United States House of Representatives. Thank you, Larry.

TREASURY AND GENERAL GOVERNMENT APPROPRIATIONS ACT, 2001

SPEECH OF

HON. CONSTANCE A. MORELLA

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 20, 2000

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 4871) making appropriations for the Treasury Department, the United States Postal Service, the Executive Office of the President, and certain Independent Agencies, for the fiscal year ending September 30, 2001, and for other purposes.

Mrs. MORELLA. Mr. Chairman, I want to support the efforts of Congressman WYNN and his desire to provide funding for FDA consolidation in Montgomery County, Maryland. In last week's Treasury Postal Appropriations bill, no funding was made available for the consolidation project. I wholeheartedly agree with Rep. WYNN's request that greater consideration for the project be made in conference.

Presently, the FDA has approximately 39 different buildings in 21 different locations and 6,000 employees throughout the Washington, DC metropolitan area. The purpose of the consolidation project was to condense those buildings, employees, and locations into one site, the former Naval Surface Warfare Center in White Oak Maryland. There are several benefits of this consolidation: one, it would allow for the design and construction of a Center for Drug Evaluation and Research Laboratory (CDER). Two, there would be a savings of more than \$200 million in lease costs over a ten year term. Three, it would help fill the void left by the closure of the 700 acre White Oak Naval Surface Warfare Center.

I am aware that no construction projects were funded by the Treasury/Postal subcommittee; however, this project benefits the nation by establishing a much needed drug evaluation and research laboratory while reducing costs for taxpayers.

I urge the conferees to restore the funding that was part of the President's proposed FY 2001 budget.

HONORING THE CHILDREN'S INN AT NIH

HON. CONSTANCE A. MORELLA

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 27, 2000

Mrs. MORELLA. Mr. Speaker, I rise to recognize and celebrate the 10th Anniversary of the Children's Inn at the National Institute of Health, located in Bethesda, Maryland. The Children's Inn has provided the critical service of a warm, friendly, and comfortable environment for seriously ill pediatric patients and their families since June of 1990.

The NIH is the premier biomedical research facility in the world. Children from across the nation and around the world regularly travel to the NIH to receive extraordinary treatments for many illnesses and disorders. While patients receive their medical treatments, the Children's Inn provides a comforting, stable environment for families going through the emotionally draining experience of treating a seriously ill child.

During the past 10 years, nearly 4,000 children and their families have made 23,263 visits to The Children's Inn. The facility provides a welcome solace for both patients and families. A warm group of staff members and volunteers assure that each resident of the Children's Inn is comfortable and feels at home. At the end of long days filled with tests and treatments, the young patients are greeted at the Inn with a variety of activities. The children can enjoy arts and crafts, bingo, movies, video games, computers, and the fellowship of other children sharing similar experiences.

Families staying at the Children's Inn are provided a 24-hour support network of gracious and compassionate staff, volunteers, and other parents caring for children. This provides an invaluable resource in boosting morale, and makes the treatment process not
