

Consolidated School to continue to serve the educational needs of the community. In 1938 the school was renamed John McEachern Schools, providing educational opportunities to students from first through eleventh grade.

In 1980, McEachern became a comprehensive high school, and is widely recognized as one of the very top high schools in the entire state of Georgia. Enrollment now approaches 3,000 students. The presence of Principal Williams on campus of McEachern High School will be greatly missed. His dedication and commitment to educating the young people of his community has made a lasting impression on two decades of Cobb citizens. We will miss him greatly and wish him the best as he moves into this new phase of his life.

CONGRATULATING BRITTANY
HEATH OF THE 19TH DISTRICT
OF TEXAS

HON. LARRY COMBEST

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 3, 2000

Mr. COMBEST. Mr. Speaker, today, I congratulate a young lady from the 19th District of Texas who has earned national recognition for her outstanding volunteer service. Miss Brittany Heath, a 13-year-old student from Lubbock, has been named one of Texas' top two youth volunteers for the year 2000 in The Prudential Spirit of Community Awards program, a national initiative honoring young people for exemplary acts of service.

Brittany, an eighth grade student at Evans Junior High School, initiated a chapter of "Suitcase for Kids" which collects, cleans, and distributes used suitcases to children in foster care. During her program's first year, more than 400 suitcases were given to children within the community. The Lubbock Children's Protective Services program and the Community Partnership Program Sponsored by Brittany by providing a storage facility for donations. Brittany set up a voice mailbox for donor calls, designed business cards, composed a brochure, and contacted the local newspaper. During the first two days of operation, more than 100 messages were received from individuals offering donations and assistance. Community support has been overwhelming, and Brittany plans to expand "Suitcases for Kids" to other counties around Luddock. She says as long as children are in foster care, there will be a need for this program.

The Prudential Spirit of Community Awards was created by The Prudential Insurance Company of America in partnership with the National Association of Secondary School Principals in 1995 to encourage youth volunteers and emphasize the importance and value of their contributions. Brittany was nominated by Evans Junior High School and selected from more than 20,000 high school and middle school students. She has received \$1,000, an engraved silver medallion, and an all-expense paid trip to Washington, D.C. This program is the nation's largest youth recognition effort based solely on community service.

At a time when our nation has seen a lack of community involvement from our youth and violence in our schools, it is good to be reminded that many young people are actively contributing to our society and working to

make a difference where they live. We can learn a great deal from Brittany's exceptional act of volunteerism. We should all reflect upon how we, as individuals, can work together in our own communities to improve the lives of others and establish a brighter tomorrow.

IN RECOGNITION OF MS. DONNA
OSBORN

HON. PETER J. VISCLOSKY

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 3, 2000

Mr. VISCLOSKY. Mr. Speaker, I rise today to recognize Ms. Donna Osborn, who has worked in my office as an Albert Einstein fellow since July 1999. The Albert Einstein Distinguished Educator Fellowship Program offers elementary and secondary teachers with demonstrated excellence in teaching an opportunity to serve in the national public policy arena.

Since Donna's arrival in my office, she has handled all education issues—elementary, secondary, and higher education—as well as children's issues. She researches legislation, updates me on changing information, and answers constituent mail on these topics. Donna has also been invaluable in other areas of my office. I can guarantee you that she now knows more about steel manufacturing and bulletproof vests than she ever imagined she would. She is the first person to volunteer for any task, and greets every visitor with a warm welcome. Her enthusiasm is contagious.

Donna has not been a passive member of my staff, rather she has taken initiative and vigorously pursued projects that she believed would be valuable to my constituents. First, she organized and planned a grants workshop for all of the schools in Indiana's First Congressional District. Several Einstein Fellows and other individuals from Washington and Indiana provided educators with information on obtaining grants and other educational opportunities for students. She also reached out to our community, working with local businesses and organizations to include them in the event, and securing their place as stakeholders in the education of our children. This workshop was a very successful event, and would not have been possible without Donna's initiative and hard work.

Donna was also integral to the implementation of the Missing Child Alert Plan in Indiana's First Congressional District. The Missing Child Alert Plan gives detailed information about a missing child and the suspected abductor utilizing a joint police-media effort to alert the public when a child has been abducted. Donna worked closely with my staff and local police departments and media outlets, to get this program off to a successful start. The Missing Child Alert Plan has been successful in recovering missing children in other areas of the country. Thanks to Donna's hard work, Northwest Indiana is one of only 11 areas of the country with such a program. Activating the alert often receives considerable press attention, which increases the reach of the emergency announcement—enlisting hundreds of thousands of people in their search parties. Leads usually pour into police departments within hours. In addition to the Missing Child Alert Program, Donna saw to it that a

picture of a missing child from the First Congressional District appears on each of my office envelopes. The first set features five children, one each from Gary and Hebron, and three from Hammond.

The zeal that Donna brought to my office must be even more apparent to her classroom. Donna has taught mathematics in Lafayette School Corporation in Lafayette, Indiana since 1972, and is currently a mathematics teacher at Jefferson High School. She is a graduate from Anderson College, with a degree in mathematics. Her master's degree is from Purdue University. She was a Christa McAuliffe fellow in 1998 and a Tandy scholar in 1997. She won the Presidential Award for Excellence in Teaching of Mathematics in 1996. She taught school in Billerica, England on a Fulbright scholarship in 1979–1980; at the International School of Paris in Paris, France in 1991–1992; and at the Hong Kong International School in the summer of 1997.

She served as the President of the Lafayette Education Association Board of the Indiana Council for the Teaching of Mathematics in 1996–1997, and on the Mathematics Department Advisory Council (Purdue, West Lafayette). Donna has received the Golden Apple award from the Lafayette Chamber of Commerce, and was recognized as a Distinguished Alumnus by the Purdue University-School of Science.

Donna has been a wonderful addition to my office, and I want to express my appreciation and gratitude for all of her hard work. She has touched the lives of countless young people throughout Indiana, the United States, and the world. Donna's passion for education and children, along with her indescribable enthusiasm, will surely be missed in my office.

TRIBUTE TO GIRL SCOUT GOLD
AWARD RECIPIENTS—2000

HON. BERNARD SANDERS

OF VERMONT

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 3, 2000

Mr. SANDERS. Mr. Speaker, today I would like to salute six outstanding young women who are being presented with the Girl Scout Gold Award by the Vermont Girl Scout Council. They are:

Kellie Miner, 619 Basin Harbor Road, Vergennes, VT 05491, Cassie Charlebois, PO Box 323, Vergennes, VT 05491, Catherine McEnerney, 39 Boothwoods, Vergennes, VT 05491, Linnea Oosterman, 1074 Slatterly Road, Vergennes, VT 05491, Stephanie Leonard, 201 Sunset Drive, Morrisville, VT 05661, Rebecca Robare, 6 Giorgetti Blvd., Rutland, VT 05701.

They are being honored on May 16, 2000 for earning the highest achievement in U.S. Girl Scouting.

The Girl Scout Gold Award symbolizes outstanding accomplishments in the areas of leadership, community service, career planning and personal development. The award can be earned by girls aged 14–17, or in grades 9–12. To receive the award, these Girl Scouts first earned four interest project patches, the Career Exploration Pin, the Senior Girl Scout Leadership Award and the Senior Girl Scout Challenge as well as designing and implementing a Girl Scout Gold Award project to

meet what they saw as a need in their community. A synopsis of Gold Award projects is provided here.

Kellie Miner, Vergennes, VT is a musician with a gift for teaching youth. Kellie developed an after school music program teaching guitar and keyboards at her local elementary school with another Senior Girl Scout from her community. Kellie knows that musical education enhances children's ability to focus, to practice numerical and language skills and to feel a sense of success. Kellie served children from Kindergarten through sixth grade. Though the age range was a bit broad, she enjoyed teaching something she loves. She believes that her Girl Scout Gold Award Project will influence her to decide about a future as a high school choral director.

Cassie Charlebois, Vergennes, VT was the song leader for the after school music program she developed with another Senior Girl Scout from her community. Cassie collaborated on the project with the hope of engaging children in the fun and sense of group cooperation that singing provides. Cassie taught music to younger children who had varying reading abilities through repetition and reinforcement with the words written out on a flip chart. She organized a closing concert and invited the community. Cassie feels her own personal growth was in discovering her success as a teacher and overcoming shyness. She knows that her project has reminded children of the importance of music in their lives.

Katie McEnerney of Vergennes, VT is an artist. Her Gold Award Project was to collaborate with a fellow Senior Girl Scout to restore a playground structure at a local preschool. Katie first had to communicate with the school's administration to explain how the playground area could be improved. She selected a colorful rainbow theme, created the plans, and sketched the designs over the entire wooden structure inside and out. Katie was also concerned about the structure's stability and the over all safety of the playground. Her involvement in this Gold Award Project has been one that required careful planning, negotiating skills and a sense of timing so that the project would not inhibit the school schedule. Katie hopes to continue her skills through a career in the arts.

Linnea Oosterman of Vergennes, VT is interested in art. Linnea chose to collaborate with a fellow Senior Girl Scout to restore a playground structure at a local preschool. Linnea contributed to the project by securing the necessary materials, painting the design created by her partner and helping to restore the safety of the playground by sanding and treating the wood before painting. She completed the project by building a sandbox around the base. Linnea was primarily concerned that the children have a fun, safe and colorful place to play. Linnea chose this project as a worthwhile activity that she hopes will improve the playspace and make her a better artist.

Stephanie Leonard of Marrisville, VT is a musician who plays several instruments. In her community it is sometimes challenging for families to find adequate after school child care that is fun, accessible and safe. Stephanie developed an after school arts program for the Bishop Marshall Catholic School as part of their ongoing after school offerings. Stephanie incorporated both her musical talents and her interest in arts and crafts in the

activities for the children. Stephanie enjoyed working with the children and found the collaboration with the existing after school program goals to blend well with her own vision of a fun experience for youth.

Rebecca Robare of Rutland, VT is a multiply talented young woman. As a past member of our Board of Directors, Becky was personally involved in policy decisions at the Council. Becky chose her Gold Award Project to respond to what she felt was a lack of creative statewide offerings for older girls through the Vermont Girl Scout Council. This project was her attempt to create change on a programmatic level. Becky chose to host an event at the Fletcher Farm School for Arts and Crafts. She coordinated use of space for activities, meals, lodging and entertainment and collected her own registrations. Becky learned a great deal about her organizational abilities and how to effectively communicate with numerous players in hosting of this event. The success of the event was evident from the evaluations of girls in attendance.

IN SUPPORT OF WORKER ECONOMIC OPPORTUNITY ACT

HON. ANNA G. ESHOO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 3, 2000

Ms. ESHOO. Mr. Speaker, I rise in support of Senate Bill 2323, the Worker Economic Opportunity Act. I am a proud cosponsor of this legislation that amends the Fair Labor Standards Act and allows hourly employees to take advantage of stock option plans offered by their companies.

Mr. Speaker, one of the reasons we call the New Economy the New Economy is because of the new opportunities and new wealth created by the groundkeeping technology industries. And in these technology industries, new opportunities for sharing in the wealth and success of companies are available to everyone.

In old business models, many junior employees were paid an hourly wage and if they gained some sonority they might be offered some type of stock purchase plan. In the new model used by technology companies, every employee gets to share in the wealth of it. When employees join the company, they have an opportunity to own a piece of the company. When the company goes public, they can exercise their options and share in the company's success.

In my District—which includes Silicon Valley—new companies are born every day. One reason people are attracted to this area and are willing to work at an hourly wage is because they can share in the dream of achieving the success and wealth created by these companies.

The Department of Labor took a short-sighted approach when it issued its opinion last year stating that stock option plans are not exempt from the regular rate of pay provisions. I'm pleased that the Labor Department now supports this bill which amends the current law, thereby voiding its earlier opinion.

Mr. Speaker, the Federal Reserve estimates that in the last two years approximately 17 percent of U.S. firms have introduced stock option programs. Additionally, another 37 per-

cent have broadened the eligibility in their existing plans. This legislation is about expanding the winner's circle for employees. If the Labor Department's initial view on this issue were allowed to stand, it would have resulted in the exclusion of hourly workers participating in the financial success of the businesses they have had in shaping.

There are secretaries and other hourly wage workers in my Congressional District who have become millionaires because of the success of their stock option plans. This wouldn't have happened if their option plan had been calculated into their overtime pay table. This has happened because companies with vision created business plans that included a model where every employee benefits when the company succeeds.

We should exercise the same vision and pass this legislation.

Mr. Speaker, I urge a "yes" vote on this legislation.

IN TRIBUTE TO DAVID MERRICK

HON. JERROLD NADLER

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 3, 2000

Mr. NADLER. Mr. Speaker, I rise today in memory of David Merrick, a legendary Broadway producer who passed away last Tuesday at the age of 88. The Broadway theater community, which I represent, owes a great debt to the talents of David Merrick. Merrick was responsible for bringing to audiences such great works as *Gypsy*, *Hello Dolly*, *42nd Street*, and *Oliver!*, as well as dozens of other productions. His living legacy is proven every time one of his masterpieces returns to the "Great White Way."

Born to a poor family in St. Louis, Merrick grew up to become a major force in the Broadway theater. Producing a half-dozen or more plays and musicals in a typical season, it was estimated that at times he employed up to 20 percent of Broadway's workforce, while his shows amassed countless Tony Awards for excellence in the theater.

Feared as well as respected by those in the industry, he had a flair for showmanship and publicity that set him apart, stopping at nothing to gain recognition for his plays.

David Merrick could be ruthless, tyrannical, even downright nasty, and he reveled in his reputation as "the abominable showman," but he loved the Broadway theater and he spent his life bringing to the stage works that moved us and entertained us.

Today, the lights on Broadway shine a little less brightly with the passing of this great showman.

LETTER CARRIERS PARTICIPATE IN FOOD DRIVE FOR NATION'S NEEDY

HON. LARRY COMBEST

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 3, 2000

Mr. COMBEST. Mr. Speaker, today I commend the National Association of Letter Carriers for their outstanding efforts to help those
