**FLOYD D. SPENCE NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2001**

SPEECH OF

**HON. JIM SAXTON**

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, May 17, 2000*

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 4205) to authorize appropriations for fiscal year 2001 for military activities of the Department of Defense and for military construction, to prescribe military personnel strengths for fiscal year 2001, and for other purposes:

Mr. SAXTON. Mr. Chairman, I rise in strong support of the Gilchrest amendment to H.R. 4205. The amendment allows the Department of Defense to activate 5 more crucial emergency response teams designated as Weapons of Mass Destruction Civil Support Teams, formerly called RAID teams, to address an emergency event caused by a weapon of mass destruction. As Chairman of the Special Oversight Panel On Terrorism, facts have been revealed to show that an event caused by a terrorist is becoming much more likely. It has also been revealed that first responders to such an event are not currently equipped to handle an incident that includes nuclear, biological, or chemical materials.

There are many adversaries of the United States who are becoming increasingly sophisticated and well financed. So it is not a matter of . . . "if" . . . we are attacked by a weapon of mass destruction but . . . "when" . . . we are attacked. Our nation needs to be ready with well-trained teams that can help local first responders in managing such an event. These response teams, as trained and equipped by the Army, are a valuable resource for respective state governors.

Some parts of the country, such as my own area in New Jersey, are densely populated and have a great need for a response team. The New Jersey National Guard and the State of New Jersey needs to have a team that can easily reach the populated areas of its state and the surrounding region. Cities like Philadelphia and Atlantic City just to name two are far from the reach of even the closest response teams currently scattered throughout the country.

It is important that we have enough response teams to be able to work in concert with various agencies such as the Federal Bureau of Investigation, Department of Justice, Federal Emergency Management Agency, State Police, local law enforcement agencies, fire departments, hospitals, and emergency medical technicians to respond to WMD events all over the country. It is equally imperative that the response team have the means for being mobile so that a team may expeditiously deploy to a region that otherwise would be inaccessible by normal transportation mechanisms.

Mr. Chairman, I applaud the decision by the Secretary of Defense to create an organization that is immediately available to him for that expeditiously deploying resources in the event of a WMD incident. I also urge the Secretary to evaluate methods for enhancing prevention measures to complement the consequence management efforts. As individuals and groups gain an easier time to acquire information, materials, and resources, the need for our senior officials and citizens to have a sense of urgency becomes more evident.

Mr. Chairman, our nation has yet to face a WMD event involving nuclear, biological, or chemical weapons and we owe it to ourselves to be prepared. Some of the nation's most populated region are currently unprepared and unprotected. This amendment will provide a valuable resource that may be applied some of those regions.

I urge other members to emphatically support this measure.

**PERSONAL EXPLANATION**

**HON. ZOE LOFGREN**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 18, 2000*

Ms. LOFGREN. Mr. Speaker, there are times when the obligation we have to be a good parent conflicts with the schedule of the House of Representatives. Tomorrow is such a day for me. Accordingly, I would like to note for the record that, were I able to be present tomorrow, I would vote in favor of the Transportation Appropriations bill the House will consider. I appreciate the assistance my district will receive because of this important appropriations bill as well as the courtesy that has been extended to me by both the Chairman and Ranking Member in considering funding requests important to Silicon Valley.

In addition, I have been informed that there will likely be an amendment offered to strike the provisions in this bill that would freeze CAFE standards at their current level. I would also like to note for the record that I would vote in favor of this amendment.

**CELEBRATING THE 80TH BIRTHDAY OF HIS HOLINESS POPE JOHN PAUL II**

**HON. DENNIS J. KUCINICH**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 18, 2000*

Mr. KUCINICH. Mr. Speaker, today I speak in celebration of the 80th birthday of His Holiness Pope John Paul II.

Pope John Paul II was born Karol Wojtyla in Wadowice, Poland in 1920. He studied secretly during the German occupation of Poland. His experience during the Nazi occupation of Poland changed his path. Karol Wojtyla was active during the war in the Christian democratic underground group and helped Jews escape Nazis. Before the end of World War II, he decided to become a priest.

In 1946, he was ordained and spent eight years as a professor of social ethics at the Catholic University of Lublin, Poland. In 1964, he was named the archbishop of Krakow and

only three years later he was appointed cardinal by Pope Paul VI. On October 16, 1978, Cardinal Wojtyla was elected Pope. He took the name of this predecessors, and became the first Polish leader of the Roman Catholic Church and the youngest pope in this century.

John Paul II has been the most traveled, popular and political pope. He has visited over 100 countries and almost every country that would receive him. He was a strong critic of the Communist regimes in Eastern Europe, especially in his native Poland and Soviet Union. In addition, he has opposed economic sanctions against Cuba, Iran and Iraq. Pope John Paul II is determined in promoting liberty and equality for all the people. Pope John Paul II stays determined to lead Catholics into the third millennium.

Mr. Speaker, I know my colleagues will join me in sending His Holiness Pope John Paul II the best wishes for his birthday and many years of healthy and productive work. Stolat!

**RECOGNIZING MAY 2000 AS NATIONAL ARTHRITIS AWARENESS MONTH**

**HON. CHARLES A. GONZALEZ**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 18, 2000*

Mr. GONZALEZ. Mr. Speaker, today I bring to the attention of my colleagues an illness that affects millions of Americans. I am speaking of Arthritis. Today I recognize May 2000 as "National Arthritis Awareness Month." You may be surprised to learn that arthritis affects children and adults and is not limited to senior citizens.

Arthritis affects the lives of 43 million Americans or one out of every six of us, including 285,000 children. This number will grow to over 60 million individuals by 2020. Unfortunately, this crippling disease remains the leading cause of disability in the United States and it costs our economy \$65 billion annually.

What many of us do not know is that Arthritis also is more common among women—for whom it is the leading chronic condition and cause of activity limitation.

Despite these compelling facts, for generations, our nation has labored under the many myths surrounding Arthritis. It is still widely believed that arthritis is an inevitable part of the aging process. It is also widely believed that there are few effective treatment options for Arthritis apart from taking a few aspirin. Finally, yet another falsehood is that individuals with arthritis should refrain from physical activity.

Despite these misunderstandings and myths, however, we can do something to combat Arthritis in America.

Thanks to the work of voluntary organizations like the Arthritis Foundation, we are spreading the message that there is help and hope for Americans living with this painful and debilitating disease. In the past year, we have reached several milestones in our battle against Arthritis. Whether it involves the new and exciting treatment options arising from our investments in research or our first steps in implementing the National Arthritis Action Plan, we have been provided new tools to aid us in our fight against the disease.

In early 1998, the Arthritis Foundation joined forces with the Centers for Disease Control

and Prevention to develop the National Arthritis Action Plan—an innovative public health strategy that will forcefully confront the burden of Arthritis. Among our goals are improving the scientific information base on arthritis, increasing awareness that arthritis is a national health problem, and encouraging more individuals with arthritis to seek early intervention and treatment to reduce pain and disability.

As we take stock of these accomplishments, it is important to remember the challenges we still face in improving the quality of life for Americans living with arthritis and, ultimately, finding a cure. Thus, as we mark National Arthritis Month, I call on the American public to apply our vast talents, energy, and unbending resolve to continue to find the means and measures to combat arthritis. Through this combined effort, we will find a cure.

H.R. 3615, THE RURAL LOCAL  
BROADCAST SIGNAL ACT

**HON. BOB GOODLATTE**

IN THE HOUSE OF REPRESENTATIVES

*Friday, May 19, 2000*

Mr. GOODLATTE. Mr. Speaker, all relevant committees have filed their reports on H.R. 3615, the Rural Local Broadcast Signal Act, and I was unable to add Congressman JOHN SPRATT of South Carolina as a cosponsor. However, Congressman SPRATT is a strong supporter of the legislation and agrees that rural citizens deserve to have the benefits provided by the legislation, which passed the House on April 13. I regret that he was not able to be included as an official cosponsor.
