SEC. 101. SHORT TITLE.

This title may be cited as the "International Malaria Control Act of 2000".

SEC. 102. FINDINGS.

Congress makes the following findings:

(1) The World Health Organization estimates that there are 300,000,000 to 500,000,000 cases of malaria each year.

(2) According to the World Health Organization, more than 1,000,000 persons are estimated to die due to malaria each year.

(3) According to the National Institutes of Health, about 40 percent of the world's population is at risk of becoming infected.

(4) About half of those who die each year from malaria are children under 9 years of age.

(5) Malaria kills one child each 30 seconds.

(6) Although malaria is a public health problem in more than 90 countries, more than 90 percent of all malaria cases are in sub-Saharan Africa.

(7) In addition to Africa, large areas of Central and South America, Haiti and the Dominican Republic, the Indian subcontinent, Southeast Asia, and the Middle East are high risk malaria areas.

(8) These high risk areas represent many of the world's poorest nations.

(9) Malaria is particularly dangerous during pregnancy. The disease causes severe anemia and is a major factor contributing to maternal deaths in malaria endemic regions.

(10) "Airport malaria", the importing of malaria by international aircraft and other conveyances, is becoming more common, and the United Kingdom reported 2,364 cases of malaria in 1997, all of them imported by travelers.

(11) In the United States, of the 1,400 cases of malaria reported to the Centers for Disease Control and Prevention in 1998, the vast majority were imported.

(12) Between 1970 and 1997, the malaria infection rate in the United States increased by about 40 percent.

(13) Malaria is caused by a single-cell parasite that is spread to humans by mosquitoes.

(14) No vaccine is available and treatment is hampered by development of drug-resistant parasites and insecticide-resistant mosquitoes.

SEC. 103. ASSISTANCE FOR MALARIA PREVENTION, TREATMENT, CONTROL, AND ELIMINATION.

(a) ASSISTANCE.—

(1) IN GENERAL.—The Administrator of the United States Agency for International Development, in coordination with the heads of other appropriate Federal agencies and nongovernmental organizations, shall provide assistance for the establishment and conduct of activities

designed to prevent, treat, control, and eliminate malaria in countries with a high percentage of malaria cases.

(2) **CONSIDERATION OF INTERACTION AMONG EPIDEMICS.**—In providing assistance pursuant to paragraph (1), the Administrator should consider the interaction among the epidemics of HIV/AIDS, malaria, and tuberculosis.

(3) **DISSEMINATION OF INFORMATION REQUIREMENT.**—Activities referred to in paragraph (1) shall include the dissemination of information relating to the development of vaccines and therapeutic agents for the prevention of malaria (including information relating to participation in, and the results of, clinical trials for such vaccines and agents conducted by United States Government agencies) to appropriate officials in such countries.

(b) **AUTHORIZATION OF APPROPRIATIONS.**—

TITLE II—POLICY OF THE UNITED STATES WITH RESPECT TO MACAU

SEC. 201. SHORT TITLE.

SEC. 202. FINDINGS AND DECLARATIONS; SENSE OF CONGRESS.

(a) **FINDINGS AND DECLARATIONS.**—Congress makes the following findings and declarations:

(1) The continued economic prosperity of Macau furthers United States interests in the People's Republic of China and Asia.

(2) Support for democratization is a fundamental principle of United States foreign policy, and as such, that principle naturally applies to United States policy toward Macau.

(3) The human rights of the people of Macau are of great importance to the United States and are directly relevant to United States interests in Macau.

(4) A fully successful transition in the exercise of sovereignty over Macau must continue to safeguard human rights in and of themselves.

(5) Human rights also serve as a basis for Macau's continued economic prosperity, and Congress takes note of Macau's adherence to the International Covenant on Civil and Political Rights and the International Convention on Economic, Social, and Cultural Rights.

(b) **SENSE OF CONGRESS.**—It is the sense of Congress that—

(1) the United States should play an active role in maintaining Macau's confidence and prosperity, Macau's unique cultural heritage, and the mutually beneficial ties between the people of the United States and the people of Macau;

(2) through its policies, the United States should contribute to Macau's ability to maintain a high degree of autonomy in matters other than defense and foreign affairs as promised by the People's Republic of China and the Republic of Portugal in the Joint Declaration, particularly with respect to such matters as trade, commerce, law enforcement, finance, monetary policy, aviation, shipping, communications, tourism, cultural affairs, sports, and participation in international organizations, consistent with the national security and other interests of the United States; and

(3) the United States should actively seek to establish and expand direct bilateral ties and agreements with Macau in economic, trade, financial, monetary, mutual legal assistance, law enforcement, communication, transportation, and other appropriate areas.

SEC. 203. CONTINUED APPLICATION OF UNITED STATES LAW.

(a) **CONTINUED APPLICATION.**—

(1) **IN GENERAL.**—Notwithstanding any change in the exercise of sovereignty over Macau, and

subject to subsections (b) and (c), the laws of the United States shall continue to apply with respect to Macau in the same manner as the laws of the United States were applied with respect to Macau before December 20, 1999, unless otherwise expressly provided by law or by Executive order issued pursuant to paragraph (2).

(2) **EXCEPTION.**—Whenever the President determines that Macau is not sufficiently autonomous to justify treatment under a particular law of the United States, or any provision thereof, different from that accorded the People's Republic of China, the President may issue an Executive order suspending the application of paragraph (1) to such law or provision of law. The President shall promptly notify the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate concerning any such determination and shall publish the Executive order in the Federal Register.

(b) **EXPORT CONTROLS.**—

(1) **IN GENERAL.**—The export control laws, regulations, and practices of the United States shall apply to Macau in the same manner and to the same extent that such laws, regulations, and practices apply to the People's Republic of China, and in no case shall such laws, regulations, and practices be applied less restrictively to exports to Macau than to exports to the People's Republic of China.

(2) **RULE OF CONSTRUCTION.**—Paragraph (1) shall not be construed as prohibiting the provision of export control assistance to Macau.

(c) **INTERNATIONAL AGREEMENTS.**—

(1) **IN GENERAL.**—Subject to subsection (b) and paragraph (2), for all purposes, including actions in any court of the United States, Congress approves of the continuation in force after December 20, 1999, of all treaties and other international agreements, including multilateral conventions, entered into before such date between the United States and Macau, or entered into force before such date between the United States and the Republic of Portugal and applied to Macau, unless or until terminated in accordance with law.

(2) **EXCEPTION.**—If, in carrying out this subsection, the President determines that Macau is not legally competent to carry out its obligations under any such treaty or other international agreement, or that the continuation of Macau's obligations or rights under any such treaty or other international agreement is not appropriate under the circumstances, the President shall take appropriate action to modify or terminate such treaty or other international agreement. The President shall promptly notify the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate concerning such determination.

SEC. 204. REPORTING REQUIREMENT.

(a) **IN GENERAL.**—Not later than 90 days after the date of the enactment of this Act, and not later than March 31 of each of the years 2001, 2002, and 2003, the Secretary of State shall transmit to the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate a report on conditions in Macau of interest to the United States. The report shall describe—

TITLE III—UNITED STATES-CANADA ALASKA RAIL COMMISSION

SEC. 301. SHORT TITLE.

This title may be cited as the “Rails to Resources Act of 2000”.

SEC. 302. FINDINGS.

Congress finds that—

(1) rail transportation is an essential component of the North American intermodal transportation system;

(2) the development of economically strong and socially stable communities in the western United States and Canada was encouraged significantly by government policies promoting the development of integrated transcontinental, interstate and interprovincial rail systems in the states, territories and provinces of the two countries;

(3) United States and Canadian federal support for the completion of new elements of the transcontinental, interstate and interprovincial rail systems was halted before rail connections were established to the State of Alaska and the Yukon Territory;

(4) rail transportation in otherwise isolated areas facilitates controlled access and may reduce overall impact to environmentally sensitive areas;

(5) the extension of the continental rail system through northern British Columbia and the Yukon Territory to the current terminus of the Alaska Railroad would significantly benefit the United States and Canadian visitor industries by facilitating the comfortable movement of passengers over long distances while minimizing effects on the surrounding areas; and

(6) ongoing research and development efforts in the rail industry continue to increase the efficiency of rail transportation, ensure safety, and decrease the impact of rail service on the environment.

SEC. 303. AGREEMENT FOR A UNITED STATES-CANADA BILATERAL COMMISSION.

The President is authorized and urged to enter into an agreement with the Government of Canada to establish an independent joint commission to study the feasibility and advisability of linking the rail system in Alaska to the nearest appropriate point on the North American continental rail system.

(1) IN GENERAL.—The Agreement should provide for the Commission to study and assess, on the basis of all available relevant information, the feasibility and advisability of linking the rail system in Alaska to the North American continental rail system through the continuation of the rail system in Alaska from its northeastern terminus to a connection with the continental rail system in Canada.

(2) SPECIFIC ISSUES.—The Agreement should provide for the study and assessment to include the consideration of the following issues:

TITLE V—MISCELLANEOUS PROVISIONS

SEC. 501. ASSISTANCE EFFORTS IN SUDAN.

(a) **ADDITIONAL AUTHORITIES.**—Notwithstanding any other provision of law, the President is authorized to undertake appropriate programs using Federal agencies, contractual arrangements, or direct support of indigenous groups, agencies, or organizations in areas outside of control of the Government of Sudan in an effort to provide emergency relief, promote economic self-sufficiency, build civil authority,

provide education, enhance rule of law and the development of judicial and legal frameworks, support people-to-people reconciliation efforts, or implement any program in support of any viable peace agreement at the local, regional, or national level in Sudan.

(b) **EXCEPTION TO EXPORT PROHIBITIONS.**—Notwithstanding any other provision of law, the prohibitions set forth with respect to Sudan in Executive Order No. 13067 of November 3, 1997 (62 Fed. Register 59989) shall not apply to any export from an area in Sudan outside of control of the Government of Sudan, or to any necessary transaction directly related to that export, if the President determines that the export or related transaction, as the case may be, would directly benefit the economic development of that area and its people.

SEC. 502. AUTHORITY TO PROVIDE TOWING ASSISTANCE.

(a) **FINDINGS.**—Congress makes the following findings:

(1) The United States LST Association (in this section referred to as the "Association") is a patriotic organization dedicated to honoring the memories of those brave American servicemen who selflessly served, and often made the ultimate sacrifice, in the defense of the United States, its allies, and the principles of democracy and freedom.

(2) The Association is currently engaged in efforts to return to the United States the former United States warship, Landing Ship Tank 325 (LST 325) to serve as a memorial to those American servicemen who went into harm's way aboard and from such warships.

(b) **AUTHORIZATION.**—The Secretary of the Navy is authorized to provide towing services from a suitable vessel of the United States Navy to tow the former LST 325 from its present location, or a location to be determined by the Secretary, to a port on the East Coast of the United States to be determined by the Secretary. The Secretary of the Navy may not provide such services unless the Secretary finds that the provision of such services will not interfere with military operations, military readiness, naval force presence requirements, or the accomplishment of the specific missions of the vessel providing the towing services.

(c) **LIMITATIONS.**—The services authorized by subsection (b) may not be provided except as part of a regular rotation of the vessel providing the services back to the United States. Such services may be provided only after—

(1) the former LST 325 has been determined by a professional marine survey or by the United States Coast Guard to be seaworthy for towing and meeting requirements for entry into a United States port; and

(2) the Association has named the United States Navy as an additional insured party to the tow hull policy covering the former LST 325, including a waiver of subrogation.

(d) **ADDITIONAL TERMS AND CONDITIONS.**—The Secretary of Navy may require such additional terms and conditions in connection with the provision of towing services under this section as the Secretary considers appropriate to protect the interests of the United States.

SEC. 503. SENSE OF CONGRESS ON THE AMERICAN UNIVERSITY IN BULGARIA.

(a) **FINDINGS.**—Congress finds that the American University in Bulgaria—

(1) is a fine educational institution that has received generous and well-deserved financial assistance from the United States Government;

(2) has a successful track record and is educating a generation of leaders who will shape and determine the future of their own societies;

(4) promotes the study and understanding of democratic governance principles;

to providing educational opportunities that is based upon merit rather than solely on the ability of students to bear the entire cost of their education; and

(6) is a cost-effective institution of higher learning and offers a high-quality education.

(b) *SENSE OF CONGRESS*.—It is the sense of Congress that the United States should assist the American University in Bulgaria to become a self-sustaining institution of higher education in the Balkan region of Europe.

TITLE VI—PAUL D. COVERDELL WORLD WISE SCHOOLS ACT OF 2000

SEC. 601. SHORT TITLE.

(5) The World Wise Schools Program is an innovative education program that seeks to engage learners in an inquiry about the world, themselves, and others in order to broaden perspectives; promote cultural awareness; appreciate global connections; and encourage service.

(6) In a world that is increasingly interdependent and ever changing, the World Wise Schools Program pays tribute to Paul D. Coverdell's foresight and leadership. In the words of one World Wise Schools teacher, "It's a teacher's job to touch the future of a child; it's the Peace Corps' job to touch the future of the world. What more perfect partnership.".

(7) Paul D. Coverdell served in the United States Senate from the State of Georgia from 1993 until his sudden death on July 18, 2000.

(8) Senator Paul D. Coverdell was beloved by his colleagues for his civility, bipartisan efforts, and his dedication to public service.

Mr. GILMAN (during the reading). Mr. Speaker, I ask unanimous consent that the Senate amendment be considered as read and printed in the RECORD.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New York?

There was no objection.

Mr. GILMAN. Mr. Speaker, I rise in support of S. 2943, a bill that authorizes the appropriation of \$50 million for each of fiscal years 2001 and 2002 to combat malaria in the developing world.

The International Malaria Control Act of 2000 establishes a program to combat the

spread of malaria in the developing world and encourage other governments and nongovernmental organizations to join the United States in this effort.

I commend Senator HATCH, the Senate sponsor of this legislation, for his efforts to stem the spread of malaria and eradicate this disease that kills over one million people annually.

This bill also contains a title, H.R. 825, sponsored by the gentleman from Nebraska, Mr. BEREUTER, the distinguished Chairman of the Subcommittee on Asia and the Pacific Affairs of the International Relations Committee, that provides for the continued application of U.S. laws and treaties to Macau in the same manner as prior to December 20, 1999, when Macau was a Portuguese dependency. This title would also apply U.S. export control laws and practices with regard to Macau in the same manner as the People's Republic of China.

The title contains no authorization of appropriations but is an important policy statement on the relationship of the U.S. with regard to Macau.

Title III of the bill contains the The Rails to Resources Act of 2000, S. 2253, a bill introduced by Senator MURKOWSKI, which authorizes to be appropriated \$6 million for the establishment of the Rails to Resources Fund and urges the President to enter into an agreement with the government of Canada to establish a joint commission of 20 members to study the technological and economic feasibility of linking the rail system in Alaska to the nearest appropriate point on the North American continental rail system.

Mr. Speaker, title IV of the bill authorizes the establishment of a Pacific Charter Commission to carry out the monitor projects in the Pacific region of Asia with regard to human rights, rule of law, and security issues and to advise the Congress of the United States on significant foreign policy issues of interests of the United States.

Title V of the measure contains three miscellaneous provisions. First, it provides the authorities needed to ensure that the Agency for International Development pursues development-oriented activities inside Sudan and enables U.S. government agencies, including AID and USDA, to provide assistance designed to rebuild sustainable agriculture inside Sudan. Second, it authorizes the President to provide towing services for the former LST 325 from its present location to one deemed suitable by the Secretary of the Navy. Third, it expresses the sense of Congress that the U.S. should continue to assist the American University in Bulgaria to become a self-sustaining institution.

Finally, Mr. Speaker, title VI of the bill would re-designate the Peace Corps World Wise Schools Program as the Paul D. Coverdell World Wise Schools Program.

It incorporates H.R. 5357, a bill introduced by the gentleman from Georgia, Mr. LEWIS, and is a fitting tribute to our late colleagues, the distinguished senior Senator from Georgia, Paul D. Coverdell, who also served as Peace Corps Director with great distinction.

Mr. Speaker, I urge my colleagues to support and pass S. 2943.

The SPEAKER pro tempore. Is there objection to the original request of the gentleman from New York?

There was no objection.

A motion to reconsider was laid on the table.

EXPRESSING SENSE OF CONGRESS THAT DAY OF PEACE AND SHARING SHOULD BE ESTABLISHED AT BEGINNING OF EACH YEAR

Mr. GILMAN. Mr. Speaker, I ask unanimous consent that the Committee on International Relations be discharged from further consideration of the Senate concurrent resolution (S. Con. Res. 138) expressing the sense of Congress that a day of peace and sharing should be established at the beginning of each year, and ask for its immediate consideration in the House.

The Clerk read the title of the Senate concurrent resolution.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New York?

There was no objection.

The Clerk read the Senate concurrent resolution, as follows:

S. CON. RES. 138

Whereas human progress in the 21st century will depend upon global understanding and cooperation in finding positive solutions to hunger and violence;

Whereas the turn of the millennium offers unparalleled opportunity for humanity to examine its past, set goals for the future, and establish new patterns of behavior;

Whereas the people of the United States and the world observed the day designated by the United Nations General Assembly as "One Day in Peace, January 1, 2000" (General Assembly Resolution 54/29);

Whereas the example set on that day ought to be recognized globally and repeated each year;

Whereas the people of the United States seek to establish better relations with one another and with the people of all countries; and

Whereas celebration by the breaking of bread together traditionally has been the means by which individuals, societies, and nations join together in peace: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That it is the sense of Congress that—

(1) each year should begin with a day of peace and sharing during which—

(A) people around the world should gather with family, friends, neighbors, their faith community, or people of another culture to pledge nonviolence in the new year and to share in a celebratory new year meal; and

(B) Americans who are able should match or multiply the cost of their new year meal with a timely gift to the hungry at home or abroad in a tangible demonstration of a desire for increased friendship and sharing among people around the world; and

(2) the President should issue a proclamation each year calling on the people of the United States and interested organizations to observe such a day with appropriate programs and activities.

Mr. GILMAN. Mr. Speaker, I have been delighted to meet over the past several weeks with proponents of this resolution and the movement they represent. Their energy and dedication to the cause of peace is commendable.

The idea of an annual meal with someone of another culture is patently a good one. It should lead, of course, to more such meals
