Washington, DC, June 7, 2000.

Hon. DENNIS J. HASTERT,  
*Speaker, House of Representatives, Washington, DC.*

DEAR MR. SPEAKER: This is to notify you formally, pursuant to rule VIII of the rules of the House of Representatives, that the Custodian of Records, Office of the Honorable James A. Traficant, Jr., has been served with a subpoena for documents issued by the United States District Court for the Northern District of Ohio.

*Chief of Staff.*

## SPECIAL ORDERS

The SPEAKER pro tempore. Under the Speaker's announced policy of January 6, 1999, and under a previous order of the House, the following Members will be recognized for 5 minutes each.

## OPPOSING H.R. 4577, DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2001

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from California (Mr. BACA) is recognized for 5 minutes.

Mr. BACA. Mr. Speaker, I rise to speak in opposition to H.R. 4577, the Labor-HHS-Education appropriation bill.

Once again, the Republicans are cutting taxes for the wealthy. The Republicans have lost sight of what the American people want: to improve our schools, preserve Medicare and social security, enact a Patients' Bill of

Rights, provide for prescription drug benefits, and eliminate the debt.

H.R. 4577 is bad for America and it is bad for my district. The bill cuts \$400 million from after-school programs, 100,000 school counselors, 100,000 teachers, programs to recruit teachers, math and science programs for 650,000 children, school safety programs for 40 school districts, programs for 1.6 million elderly, and programs for the disabled.

Education, because education is my top priority, I am concerned that the bill cuts \$3.8 billion from the President's educational programs, such as class size reduction and school construction. I state that California will lose at least \$369 million for the education under this bill. I state that California will lose \$369 million for education under this bill.

Just as we invest in the future of space programs, we need to make sure that we invest in our future, because children are our future. We need additional programs for math and science. We should not be cutting programs. We need to plant the seeds so that our children can guide us for tomorrow. If we do not plant the seed, it will never flourish.

Education is the foundation that provides us with a change. All kids should have an opportunity.

Cuts in after-school programs. The Republican plan cuts after-school programs by over \$400 million, or 40 percent of the President's proposal. It will throw children out into our streets instead of having them safely in schools. They will be placed as a burden on our churches to care for our young people.

School counselors. It eliminates funding for over 100,000 school counselors, so the kids will not know which classes to take. I was a counselor, and I know the importance of having counselors that can direct our children and tell them what classes they need to take to make sure that they are prepared academically not only to graduate from high school, but at the same time to go on to a community college, a State college, or to a university.

□ 2015

Class size reduction: The Republican plan will result in larger class sizes. It rejects the President's plan to hire additional 100,000 new teachers. In California alone, we have implemented the class reductions that have been very effective in the State of California where the grades have begun to increase for a lot of our children.

We had small classes; we owe the same opportunity to our children. We can remember that when most of us were baby boomers or going to school, our classes were small and we were able to learn in that kind of environment. This presents a very difficult environment for a lot of our children that will have 35 students in a classroom to 45 students in the classrooms. We need further reduction in classes.

Teacher quality: It will cut incentives for hiring good teachers by \$1 billion. There are over 30,000 teachers
