

for a vote last month and would have supported the bill again had the Republican leadership followed traditional procedures and allowed the two bills to be considered separately.

Mr. Speaker, I am opposed to giving the Colombian Government use of our military, supplies and additional cash reserves rather than using these funds for a number of important domestic programs. At a time when the Leadership of this Congress is proposing to eliminate funding for the Summer Youth Program, which allow tens of thousands of kids job opportunities in our home communities, this Congress is providing \$1.3 billion to the Colombian Government for anti-drug efforts. A better solution would be to give additional funds to local law enforcement officials to fight drugs in our communities and to our border patrol to stop drugs from coming into our country.

I urge my colleagues to oppose this misuse of allocations included in the Emergency Supplemental bill. Vote no on final passage.

Mr. YOUNG of Florida. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. LAHOOD). Without objection, the previous question is ordered on the conference report.

There was no objection.

NOT VOTING—22

□ 2050

So (two-thirds having voted in favor thereof) the rules were suspended and the resolution was agreed to.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

REQUEST FOR REMOVAL OF NAME OF MEMBER AS COSPONSOR OF H.R. 1304

Mr. BARTON of Texas. Mr. Speaker, I ask unanimous consent that my name be removed as a cosponsor of H.R. 1304.

The SPEAKER pro tempore (Mr. SHIMKUS). The gentleman's statement will be in the RECORD, but because the bill is reported, his name cannot be removed from the bill at this time.

PROVIDING FOR CONSIDERATION OF H.R. 1304, QUALITY HEALTH-CARE COALITION ACT OF 2000

Mr. GOSS. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 542 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 542

Resolved, That at any time after the adoption of this resolution the Speaker may, pursuant to clause 2(b) of rule XVIII, declare the House resolved into the Committee of the Whole on the state of the Union for consideration of the bill (H.R. 1304) to ensure and foster continued patient safety and quality of care by making the antitrust laws apply to negotiations between groups of health care professionals and health plans and health insurance issuers in the same manner as such laws apply to collective bargaining by labor organizations under the National Labor Relations Act. The first reading of the bill shall be dispensed with. All points of order against consideration of the bill are waived. General debate shall be confined to the bill and shall not exceed one hour equally divided and controlled by the chairman and ranking minority member of the Committee on the Judiciary. After general debate the bill shall be considered for amendment under the five-minute rule. It shall be in order to consider as an original bill for the purpose of amendment under the five-minute rule the amendment in the nature of a substitute recommended by the Committee on the Judiciary.

ary now printed in the bill. The committee amendment in the nature of a substitute shall be considered as read. All points of order against the committee amendment in the nature of a substitute are waived. No amendment to the committee amendment in the nature of a substitute shall be in order except those printed in the report of the Committee on Rules accompanying this resolution. Each amendment may be offered only in the order printed in the report, may be offered only by a Member designated in the report, shall be considered as read, shall be debatable for the time specified in the report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. All points of order against the amendments printed in the report are waived. The Chairman of the Committee of the Whole may: (1) postpone until a time during further consideration in the Committee of the Whole a request for a recorded vote on any amendment; and (2) reduce to five minutes the minimum time for electronic voting on any postponed question that follows another electronic vote without intervening business, provided that the minimum time for electronic voting on the first in any series of questions shall be 15 minutes. At the conclusion of consideration of the bill for amendment the Committee shall rise and report the bill to the House with such amendments as may have been adopted. Any Member may demand a separate vote in the House on any amendment adopted in the Committee of the Whole to the bill or to the committee amendment in the nature of a substitute. The previous question shall be considered as ordered on the bill and amendments thereto to final passage without intervening motion except one motion to recommit with or without instructions.

The SPEAKER pro tempore. The gentleman from Florida (Mr. GOSS) is recognized for 1 hour.

Mr. GOSS. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentleman from Ohio (Mr. HALL), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

Mr. Speaker, this is a fair and appropriately structured rule for debate on this matter. We have made six amendments in order on a bipartisan basis. These amendments cover a full range of topics concerned with the underlying bill.

The Committee on Rules has clearly erred on the side of inclusion to ensure a full, yet I believe efficient debate on this very important subject, which has caught the attention of Members.

We are here today because doctors have become disillusioned with some aspects of our modern healthcare delivery system. They rightly assert that some HMOs are interfering too much in the doctor-patient relationship undermining their ability to effectively do their job. Their complaints are understandable, and they do need to be addressed.

H.R. 1304 seeks to level the playing field between insurers and doctors. While HMOs should not be able to dictate to physicians because of their size, it is equally wrong for doctors to
