

operating costs, we would not be able to make money from the business. Currently what we are trying to do is sell off one of our spring ranges in order to buy a million-dollar life insurance policy for our mother." So they are going to have to sell a part of the ranch to buy a life insurance policy on their mother so that perhaps it can allow them to pay off one-third of the estate taxes and avoid a fire sale.

"My mother does not have a husband anymore. She worked hard all her life and gave up a lot of material things to make this ranch operate. Now unless this estate tax law is changed or abolished, she will have to leave her home, the home she loves and our family will not have a base from which to carry on.

"This same scenario is happening to a lot of ranchers in our valley." It is not just happening to the Fords and the Carnegies and the wealthiest people of this country. It is happening to a lot of people in this country. It is happening and impacting heritage. It is impacting a lot of small businesses and it is impacting the American dream to be able to do something for the next generation.

Remember the statement that I made earlier? Why is it that this government discourages instead of encourages the continuation of these type of ranches or businesses? This letter goes on. Let me conclude the statement.

"I urge you to ask yourselves why does this tax exist? Is it worth the great harm it caused to my family and many others? If it is not worth the harm, then shouldn't the tax be eliminated? I hope you will remember our family when you consider this."

Let me say in conclusion of these remarks this evening, do not think as you hear from team number two that is encouraging the continuation of the death tax, do not pay heed to the President and the Vice President's policy that says we should increase the estate tax, the death tax. What you should pay attention to are the 65 Democrats and the entire Republican body that says, This death tax is not fair. It is not justified. It is on property that has already been taxed. And it is devastating some of our communities for the simple reason that a death occurred. We are only taking 2 percent of the surplus to eliminate the marriage penalty and to eliminate the death tax.

I urge every one of my colleagues, and I am telling you, 65 of the Democrats have already joined team number one. The Republicans are on team number one. I urge the balance of my colleagues, stand up and say no to this death tax. If you think, for example, it only happens to the wealthy, go home this weekend, go out to the small businesses and the farms and ask them.

Just one final concluding remark, and, that is, remember the sentence in the letter I just read, and, that is, Mr. Speaker, should we not be encouraging rather than discouraging the continuation of these ranches and these small

businesses? Of course we should. We have an obligation to do so.
