DEPARTMENT OF ENERGY ADMINISTRATIVE CHARGES

● Mr. BINGAMAN. Mr. President, in 1998, I co-authored section 3137 of the Strom Thurmond National Defense Authorization Act for Fiscal Year 1999 (Public Law 105-261), which dealt with research and other activities conducted at Department of Energy (DOE) laboratories and facilities for other entities.

Section 3137(b)(2)(A) allows the Secretary of Energy to impose a federal administrative charge in an amount not to exceed 3 percent of the cost of the research carried out by Federal agencies and other entities at DOE laboratories and facilities. My preference in putting forward this language was to eliminate such charges altogether, but I agreed to some flexibility so that such a change could be phased in. We are now in fiscal year 2001, and the President has signed a bill providing for full appropriations for the Department. I would urge at this point that the phase-out of administrative costs be completed by DOE. For example, it

makes little sense to have one Federal agency racking up administrative charges against other Federal agencies for the privilege of using Federal facilities. We should encourage such sharing of common assets in the name of efficient administration, instead of keeping incentives to have each agency build its own duplicative equipment and facilities. Additionally, it is in the public interest to encourage outside use of DOE facilities by other entities. This is because outside entities that want to use DOE laboratory facilities are likely to have similar research interests and aims with the DOE researchers at the labs who also use these facilities. The opportunity for enhanced scientific interaction from facilitating their use of these facilities can result in additional scientific efficiencies that will benefit the government.

Accordingly, Mr. President, I urge that the Secretary of Energy reduce these administrative costs to zero for fiscal year 2001 and each succeeding fiscal year.●

GEORGE E. BROWN, JR. UNITED STATES COURTHOUSE

● Mrs. BOXER. Mr. President, I am pleased that the Senate yesterday passed legislation to name the new federal courthouse in Riverside, California the George E. Brown, Jr. United States Courthouse.

It is altogether fitting that the federal courthouse in Riverside be named for the late Representative Brown. It was through his work for the people of the 42nd district of California that the courthouse was built. I only wish that he had lived to see its grand opening next year.

George was a champion of justice. Before he could vote, he helped to integrate university student housing. He fought against the internment of Japanese-Americans in World War II and stood on the side of workers in labor battles. George always asked us to use all of our assembled knowledge to improve the lives of our fellow humans and our world. In my long association with George Brown, I always knew on which side he would stand: on the side of justice.

Since his death, we have seen many tributes to the late George Brown. The USDA Salinity Laboratory at the University of California bears his name. The giant Sequoias that George loved now are protected with monument status, and he was remembered at the dedication ceremony. More tributes are planned. However, I am particularly pleased that the federal court building in Riverside will be known as the George E. Brown, Jr. United States Courthouse.●
