

States? What do I tell my constituents back in Sioux Falls, or Custer, or Milbank when they ask me why nothing has been done to help them? I wish I could tell them that help is on the way. I wish I could tell them that the majority leadership heard their voices and scheduled the hearings and called for the votes. But, that just is not the case.

Early in this Congress, I introduced, along with Senator KENNEDY, the Prescription Drug Fairness for Seniors of Act of 1999". This bill would provide Medicare beneficiaries access to prescription drugs at the same low prices that drug manufacturers offer their most favored customers, such as large insurance companies, HMO's, and the Federal Government. Without cost to the taxpayers, my proposal could save seniors approximately 40 percent on their drug bills, yet we did not see a vote on this floor.

Similarly, in May of this year, I introduced the Generic Pharmaceutical Access and Choice for Consumers Act". This bill encourages the broader use of generics in Federal health programs, a straight-forward common sense approach, yet we did not see a vote on this floor.

Other measures that could have made a tremendous difference to millions of Americans also languished. This Congress should have passed a voluntary universal Medicare drug benefit plan. It did not.

This Congress should have addressed rising drug prices. It did not.

This Congress should have passed a truly strong and effective drug reimportation plan. It did not.

This Congress should have passed a generic drug access plan. It did not.

Mr. President, let me conclude by stating that these problems will not go away. Nor will my commitment for their resolution on behalf of the people of South Dakota and Americans across this country. The hope that this Congress will seriously address prescription drug costs and provide comprehensive Medicare drug coverage yet this year is all but an aspiration at this point. That being said, in a few months we will commence the 107th Congress. I will continue to do all that I can to work with my colleagues and urge the earliest possible discussions regarding prescription drugs in committee rooms and on the floor of the Senate. I believe this is the wish of most of the members in this body, as well as the wish and hope of the American people.

##### RECOGNITION OF RHODE B. (R.B.) CAUSEY, SR. AS ARKANSAS' 2000 PRIME TIME AWARD RECIPIENT

• Mrs. LINCOLN. Mr. President, in October, the Special Committee on Aging joined Green Thumb to recognize the enormous contributions that this year's Green Thumb "Prime Time Award" recipients are making to their community and our country.

The Senior Community Service Employment Program is one of the best kept secrets in the country. This program is an innovative and cost-effective federal initiative that allows our nation's seniors to remain productive and independent by contributing their talent and services to their communities.

Some of Arkansas' finest employment programs for seniors are sponsored by Green Thumb, and I am pleased to recognize Arkansas' 2000 Prime Time Award recipient, Rhode B. (R.B.) Causey, Sr.

R.B., now 96 years old, grew up in a family of 13 children and sold business supplies and office machines during the Depression. These experiences, coupled with his ingenuity, persistence, and strong work ethic, prepared R.B. to branch out on his own in 1952 and open a business supply company. Today, R.B. and his son own and operate the R.B. Causey Company in Little Rock.

As if going in to work every day wasn't enough to keep him busy, R.B. also manages his own farm where he produces soybean and rice crops. The farm is also home to his extensive bee-keeping hobby.

R.B.'s recipe for success: "Don't give up, stay involved, do something." provides a great example to all of us about the importance of staying active in our "golden years."

I am fortunate to know R.B. and other Arkansas senior workers who are so vibrant and enthusiastic about their jobs. I only hope that when I am 75, 80, or 85 I will have half of their energy and zest for life!

America's senior population has great value. They have earned our nation's respect and support. Green Thumb and other senior employment programs allow communities to continue to reap the wisdom of our nation's talented seniors citizens. •

##### TRIBUTE TO MS. JUDY ENGLAND-JOSEPH

• Mr. BOND. Mr. President, I rise today to honor Ms. Judy England-Joseph who retired from the General Accounting Office, GAO, this past March. Her departure from federal service is a great loss to the federal government as well as to all offices in the Senate. Judy was a superlative federal employee with a record of honesty and integrity as well as a commitment to a job well done.

Ms. England-Joseph had been with GAO since 1975 working on a number of important federal issues in the fields of personnel and compensation, human resources, and energy, to name a few. However, I think most of my colleagues would agree that Judy's most outstanding contributions came as the Director of Housing and Community Development Issues at GAO. As Director, she had the primary responsibility for overseeing for the Congress the audit and evaluation of all programs and activities at the Department of Housing and Urban Development, the Small Business Administration, and

the Federal Emergency Management Agency, including those concerning housing, community and economic development, and federal disaster responsibilities.

As Chairman of the Appropriations Subcommittee on VA, HUD, and Independent Agencies and the Committee on Small Business, I found Judy to be an invaluable resource for objective and timely information that was critical to fulfilling my responsibilities. Judy not only testified numerous times before my appropriations subcommittee and the Committee on Small Business, but also personally met with me and my staff to discuss pressing issues and provide us with the critical information needed to make policy decisions. Judy was more than a resource to my committees; I also viewed her as a teammate and partner who shared my goal of making government truly accountable and as efficient as possible.

To say that we miss Judy would be an understatement. Judy epitomized public service. Her energy was boundless, her knowledge of policy issues was rarely matched, and her commitment to doing the right thing underlined her approach to her job and responsibilities.

I am honored to have worked with Judy and commend her for the years of service she provided to the Congress and the American Taxpayer. •

##### DAVID BROWER

• Mrs. BOXER. Mr. President, today, I note with sadness the passing of David Brower, a great conservationist who died last month at his home in Berkeley, California. David Brower worked for more than half a century to preserve and protect the American landscape he loved so well. He served our nation in war and peacetime as a soldier, writer, and activist, and enriched the lives of many Americans.

Born in Berkeley in 1912, young David Brower learned to appreciate nature by guiding his blind mother on walks through the Berkeley hills. In the 1930s, he worked at Yosemite National Park and became a skilled mountaineer. During World War II he trained troops in climbing techniques, wrote the Army's alpine manual, and fought in northern Italy.

After the war he returned to California and volunteered at the Sierra Club, which was then a hiking organization with little involvement in public policy. After writing the first Sierra Club Manual, he became the club's first executive director in 1952. Under his leadership, the club's membership grew from 7,000 to 70,000 as it became the nation's leading environmental organization. After leading the Sierra Club for 17 years, Mr. Brower went on to found the Friends of the Earth and the Earth Island Institute, and he helped to establish the League of Conservation Voters.

During the 1950s and 1960s, Mr. Brower led the Sierra Club's successful efforts to block the construction of dams in Grand Canyon National Park and Dinosaur National Monument. He often said, half jokingly, that "All I have been able to do in my career is to slow the rate at which things get worse."

But in fact he made things better. David Brower was instrumental in the creation of Redwoods National Park, North Cascades National Park, and Cape Cod National Seashore as well as the passage of the Wilderness Act and establishment of the National Wilderness Preservation System.

Our Nation has lost a giant, but we must try to walk in his footsteps. David Brower's life and legacy will live as long as we continue to preserve, protect, and enjoy America's natural treasures.\*

#### OUTSTANDING IDAHOAN

• Mr. CRAIG. Mr. President, I rise to congratulate Katie Kirkham, a high school sophomore from Century High School in Pocatello, ID. Katie represented Idaho's horse program at the National 4-H Congress in Atlanta, Georgia, on November 24-28, 2000. She was one of twelve teens in the nation honored with the responsibility of introducing a guest speaker at the event.

There are thousands of young people involved in 4-H in the state of Idaho. And as a former 4-H member myself, I take special pride in recognizing the 4-H program, which has been educating Idaho youth on agricultural issues for generations, and will continue to do so for generations to come. I congratulate Katie on her outstanding accomplishment.\*
