

I may be back asking for more or looking for other opportunities to help my State and my State's ratepayers. I do not consider this matter closed either in Minnesota or in Washington, DC.

I want to take just a moment to thank Senator MURKOWSKI for his willingness to work with me and to continue to explore ways in which we can help my State. His staff have remained open to our concerns and willing to work with my staff.

They have been honest about what they cannot do—and I appreciate that as well.

I also want to issue a warning and a challenge to my colleagues in the Senate. Let us not assume that this is a great victory for ratepayers or for our States.

This legislation does not fulfill the Federal Government's commitment to remove nuclear waste.

Regrettably, this bill is but a shell of the bills we have passed with bipartisan support in each of the last two Congresses. So we should not go home and tell our constituents that this matter is resolved or that our work here is finished.

I am a little biased, but I hope we have a totally new direction in the White House after next year. I hope that translates into a willingness to engage Congress and the States on nuclear waste issues rather than the protracted effort to ignore Congress and the States that this administration has relied upon.

I believe we are going to have that new direction and I am going to be back asking that administration to move forward immediately on interim storage.

If this administration is unwilling to provide the American people with the services for which they have paid, I hope and expect they will make sure the next administration will do that and live up to the promises it made.

I yield the floor.

#### REMOVAL OF INJUNCTION OF SECRECY—TREATY DOCUMENT NO. 106-21

Mr. GRAMS. Mr. President, as in executive session, I ask unanimous consent that the injunction of secrecy be removed from the following convention transmitted to the Senate on February 9, 2000, by the President of the United States: Rotterdam Convention concerning Hazardous Chemicals, and Pesticides in International Trade (Treaty Document No. 106-21).

I further ask that the convention be considered as having been read the first time; that it be referred, with accompanying papers, to the Committee on Foreign Relations and ordered to be printed; and that the President's message be printed in the RECORD.

THE PRESIDING OFFICER. Without objection, it is so ordered.

The message of the President is as follows:

*To the Senate of the United States:*

I transmit herewith, for the advice and consent of the Senate to ratification, the Rotterdam Convention on the Prior Informed Consent Procedure for Certain Hazardous Chemicals and Pesticides in International Trade, with Annexes, done at Rotterdam, September 10, 1998. The report of the Department of State is enclosed for the information of the Senate.

The Convention, which was negotiated under the auspices of the United Nations Environment Program and the United Nations Food and Agriculture Organization, with the active participation of the United States, provides a significant and valuable international tool to promote sound risk-based decisionmaking in the trade of certain hazardous chemicals. Building on a successful voluntary procedure, the Convention requires Parties to exchange information about these chemicals, to communicate national decisions about their import, and to require that exports from their territories comply with the import decisions of other Parties.

The United States, with the assistance and cooperation of industry and nongovernmental organization, plays an important international leadership role in the safe management of hazardous chemicals and pesticides. This Convention, which assists developing countries in evaluating risks and enforcing their regulatory decisions regarding trade in such chemicals, advances and promotes U.S. objectives in this regard. All relevant Federal agencies support early ratification of the Convention for this reason, and we understand that the affected industries and interest groups share this view.

I recommend that the Senate give early and favorable consideration to the Convention and give its advice and consent to ratification, subject to the understanding described in the accompanying report of the Secretary of State.

WILLIAM J. CLINTON.

THE WHITE HOUSE, February 9, 2000.
