

incoming college freshmen must enroll in a remedial reading, writing, or mathematics class before taking regular courses. If we are going to turn these dismal statistics around this country needs an innovative approach to teaching. The Challenger Learning Center of Alaska is working towards ensuring that our elementary and secondary students of today are the best-educated and motivated college graduates of tomorrow.

The Challenger Learning Center programs will not only create an environment conducive to pursuing the sciences, they will also assist students in developing skills vital to every field. In the Alaska workplace of the 21st century, survival will depend on teamwork, problem solving, communication and decision-making. Like no other educational program, the Challenger Learning Center of Alaska will help all of Alaska's students develop these critical skills while providing the solid educational content that promotes science literacy.

Mr. President, educators continue to site education as the number one determinant in an individual's success. I believe that the Challenger Learning Center of Alaska will profoundly affect the future of Alaska. I commend the Challenger Learning Center staff, Board of Directors, NASA and statewide communities for their tireless efforts and dedication to our young Alaskans.●
