

requests the President to designate the week beginning September 17, 2000, as "National Historically Black Colleges and Universities Week."

It is my privilege to sponsor this legislation for the 15th time honoring the historically black colleges of our country.

Eight of the 105 historically black colleges, namely Allen University, Benedict College, Claflin College, South Carolina State University, Morris College, Voorhees College, Denmark Technical College, and Clinton Junior College, are located in my home State. These colleges are vital to the higher education system of South Carolina. They have provided thousands of young people with the opportunity to obtain a college education.

Mr. President, these institutions have a long and distinguished history of providing the training necessary for participation in a rapidly changing society. Historically black colleges offer our citizens a variety of curricula and programs through which young people develop skills and talents, thereby expanding opportunities for a lifetime of achievement.

Mr. President, through passage of this Senate resolution, Congress can reaffirm its support for historically black colleges, and appropriately recognize their important contributions to our Nation. I look forward to the speedy passage of this resolution.

(1) The cost of prescription drugs for Americans continues to rise at an alarming rate.

(3) Many life-saving prescription drugs are available in countries other than the United States at substantially lower prices, even though such drugs were developed and are approved for use by patients in the United States.

(4) Many Americans travel to other countries to purchase prescription drugs because the medicines that they need are unaffordable in the United States.

(5) Americans should be able to purchase medicines at prices that are comparable to prices for such medicines in other countries, but efforts to enable such purchases should not endanger the gold standard for safety and effectiveness that has been established and maintained in the United States.

(c) AMENDMENT.—Chapter VIII of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 381 et seq.) is amended—
