SENATE RESOLUTION 367—URGING THE GOVERNMENT OF EGYPT TO PROVIDE A TIMELY AND OPEN APPEAL FOR SHAIBOUB WILLIAM ARSEL AND TO COMPLETE AN INDEPENDENT INVESTIGATION OF POLICE BRUTALITY IN AL-KOSHEH

Mr. MACK submitted the following resolution; which was referred to the Committee on Foreign Relations:

S. RES. 367

Whereas on Friday August 14, 1998, two Coptic Christians, Samir Oweida Hakim and Karam Tamer Arsal, were murdered in Al-Kosheh, Egypt;

Whereas, according to a report from the Egyptian Organization for Human Rights that was translated by the United States Embassy in Cairo, up to 1,200 Coptic Christians, including women and children, were subsequently detained and interrogated without sufficient evidence;

Whereas it is reported that the police tortured the detained Coptic Christians over a period of days and even weeks and that the detainees suffered abuses that included beatings, administration of electric shock to all parts of the body, including sensitive areas, and being bound in painful positions for hours at a time;

Whereas Egypt is a party to the Convention against Torture and Other Cruel, Inhumane or Degrading Treatment or Punishment;

Whereas the Convention against Torture and Other Cruel, Inhumane or Degrading Treatment or Punishment prohibits torture to obtain information and confessions such as the torture that reportedly took place in Al-Kosheh;

Whereas Egypt is party to the International Covenant on Civil and Political Rights;

Whereas Article 18 of the International Covenant on Civil and Political Rights states that "(1) Everyone shall have the right to freedom of thought, conscience, and religion. This right shall include freedom to have or to adopt a religion or belief of his choice, and freedom, either individually or in community with others and in public or in private, to manifest his religion or belief in worship, observance, practice and teaching. (2) No one shall be subject to coercion which would impair his freedom to have or adopt a religion or belief of his choice.";

Whereas some of the 1,200 detained Coptic Christians reported that the police chief made derogatory remarks about their religion and stated that the detainees were being targeted because of their religious beliefs;

Whereas the summary report of the Egyptian Organization for Human Rights states that, as a result of the massive roundup and torture of the Coptic Christian community, a prosecution proceeded using confessions obtained under duress;

Whereas, according to the report, as translated by the United States Embassy in Cairo, one of the confessors "was detained for 18 days, beaten constantly, was not allowed food or water, and prevented from relieving himself" and "confessed only when they threatened to rape his two sisters" who "were brought to the police station, tortured and threatened with rape in front of him", and the detainee identified Shaiboub William Arsel as the murderer;

Whereas Shaiboub William Arsel, a Coptic Christian, was charged with the murders of Samir Oweida Hakim and Karam Tamer Arsal, was found guilty, and was sentenced on June 5, 2000, to 15 years of hard labor;

Whereas, according to the Associated Press story describing Shaiboub William Arsel's trial, "[t]he court based its guilty verdict on evidence and testimony provided by police, said the officials on condition of anonymity" and "gave no further details";

Whereas no known international observers were present at Shaiboub William Arsel's trial;

Whereas, on January 2, 2000, a mob of nearly 3,000 Muslims killed 21 Christians and destroyed and looted dozens of Christian homes and businesses in the village of Al-Kosheh; and

Whereas local Egyptian security forces failed to stop the massacre of Coptic Christians, and according to Coptic leader Pope Shenouda III, "responsibility falls first on security forces... the problem lies among the authorities in the area where the incident occurred": Now, therefore, be it

Resolved,

SECTION 1. SENSE OF THE SENATE ON THE APPEAL OF SHAIBOUB WILLIAM ARSEL AND THE EGYPTIAN GOVERNMENT'S INVESTIGATION OF POLICE BRUTALITY IN AL-KOSHEH.

The Senate hereby urges the President and the Secretary of State to encourage officials of the Government of Egypt to—

(1) allow for a timely and open appeal for Shaiboub William Arsel that includes international observers; and

(2) complete an independent investigation of the police brutality in Al-Kosheh.

SEC. 2. TRANSMITTAL OF RESOLUTION.

The Secretary of the Senate shall transmit a copy of this resolution to the President and the Secretary of State, with the request that the President or the Secretary further transmit such copy to the Government of Egypt.

RESOLUTION ON SHAIBOUB WILLIAM ARSEL

Mr. MACK. Mr. President, I rise today to speak on behalf of Coptic Christians in Egypt who have been persecuted because of their religious beliefs. According to reports by both the Egyptian Organization for Human Rights and Freedom House in the United States, up to 1,200 Coptic Christians in Al-Kosheh, Egypt, were detained, interrogated, and subjected to police brutality in relation to the murders of two other Coptic Christians in 1998. After weeks of reported torture, these accounts suggest that confessions were obtained under duress that identified Shaiboub William Arsel as the murderer. Mr. Arsel was subsequently sentenced to 15 years of hard labor.

Over the last two years I have met with officials from the Egyptian government, including President Hosni Mubarak on several occasions in an attempt to address this issue quietly. Unfortunately, these discussions have failed to produce sufficient action on the part of the government of Egypt. As a result, I rise today to submit a resolution urging the President to encourage the Egyptian government to provide Shaiboub William Arsel with a timely and open appeal that would include international observers, and fur-

thermore to complete an independent investigation of the police brutality in Al-Kosheh.

BLACK ROCK DESERT-HIGH ROCK CANYON EMIGRANT TRAILS NATIONAL CONSERVATION AREA ACT OF 2000

BRYAN AMENDMENT NO. 4297

Mr. MACK (for Mr. BRYAN) proposed an amendment to the bill (S. 2273) to establish the Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area, and for other purposes; as follows:

Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the “Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area Act of 2000”.

SEC. 2. FINDINGS.

The Congress finds the following:

(1) The areas of northwestern Nevada known as the Black Rock Desert and High Rock Canyon contain and surround the last nationally significant, untouched segments of the historic California Emigrant Trails, including wagon ruts, historic inscriptions, and a wilderness landscape largely unchanged since the days of the pioneers.

(2) The relative absence of development in the Black Rock Desert and High Rock Canyon areas from emigrant times to the present day offers a unique opportunity to capture the terrain, sights, and conditions of the overland trails as they were experienced by the emigrants and to make available to both present and future generations of Americans the opportunity of experiencing emigrant conditions in an unaltered setting.

(3) The Black Rock Desert and High Rock Canyon areas are unique segments of the Northern Great Basin and contain broad representation of the Great Basin’s land forms and plant and animal species, including golden eagles and other birds of prey, sage grouse, mule deer, pronghorn antelope, bighorn sheep, free roaming horses and burros, threatened fish and sensitive plants.

(4) The Black Rock-High Rock region contains a number of cultural and natural resources that have been declared eligible for National Historic Landmark and Natural Landmark status, including a portion of the 1843-44 John Charles Fremont exploration route, the site of the death of Peter Lassen, early military facilities, and examples of early homesteading and mining.

(5) The archaeological, paleontological, and geographical resources of the Black Rock-High Rock region include numerous prehistoric and historic Native American sites, woolly mammoth sites, some of the largest natural potholes of North America, and a remnant dry Pliocene lakebed (playa) where the curvature of the Earth may be observed.

(6) The two large wilderness mosaics that frame the conservation area offer exceptional opportunities for solitude and serve to protect the integrity of the viewshed of the historic emigrant trails.

(7) Public lands in the conservation area have been used for domestic livestock grazing for over a century, with resultant bene-

fits to community stability and contributions to the local and State economies. It has not been demonstrated that continuation of this use would be incompatible with appropriate protection and sound management of the resource values of these lands; therefore, it is expected that such grazing will continue in accordance with the management plan for the conservation area and other applicable laws and regulations.

(8) The Black Rock Desert playa is a unique natural resource that serves as the primary destination for the majority of visitors to the conservation area, including visitors associated with large-scale permitted events. It is expected that such permitted events will continue to be administered in accordance with the management plan for the conservation area and other applicable laws and regulations.

SEC. 3. DEFINITIONS.

As used in this Act:

(1) The term “Secretary” means the Secretary of the Interior.

(2) The term “public lands” has the meaning stated in section 103(e) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1702(e)).

(3) The term “conservation area” means the Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area established pursuant to section 4 of this Act.

SEC. 4. ESTABLISHMENT OF THE CONSERVATION AREA.

(a) **ESTABLISHMENT AND PURPOSES.**—In order to conserve, protect, and enhance for the benefit and enjoyment of present and future generations the unique and nationally important historical, cultural, paleontological, scenic, scientific, biological, educational, wildlife, riparian, wilderness, endangered species, and recreational values and resources associated with the Applegate-Lassen and Nobles Trails corridors and surrounding areas, there is hereby established the Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area in the State of Nevada.

(b) **AREAS INCLUDED.**—The conservation area shall consist of approximately 797,100 acres of public lands as generally depicted on the map entitled “Black Rock Desert Emigrant Trail National Conservation Area” and dated July 19, 2000.

(c) **MAPS AND LEGAL DESCRIPTION.**—As soon as practicable after the date of the enactment of this Act, the Secretary shall submit to Congress a map and legal description of the conservation area. The map and legal description shall have the same force and effect as if included in this Act, except the Secretary may correct clerical and typographical errors in such map and legal description. Copies of the map and legal description shall be on file and available for public inspection in the appropriate offices of the Bureau of Land Management.

SEC. 5. MANAGEMENT.

(a) **MANAGEMENT.**—The Secretary, acting through the Bureau of Land Management, shall manage the conservation area in a manner that conserves, protects and enhances its resources and values, including those resources and values specified in subsection 4(a), in accordance with this Act, the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.), and other applicable provisions of law.

(b) **ACCESS.**—

(1) **IN GENERAL.**—The Secretary shall maintain adequate access for the reasonable use and enjoyment of the conservation area.

(2) **PRIVATE LAND.**—The Secretary shall provide reasonable access to privately owned land or interests in land within the boundaries of the conservation area.

(3) **EXISTING PUBLIC ROADS.**—The Secretary is authorized to maintain existing public ac-

cess within the boundaries of the conservation areas in a manner consistent with the purposes for which the conservation area was established.

(c) **USES.**—

(1) **IN GENERAL.**—The Secretary shall only allow such uses of the conservation area as the Secretary finds will further the purposes for which the conservation area is established.

(2) **OFF-HIGHWAY VEHICLE USE.**—Except where needed for administrative purposes or to respond to an emergency, use of motorized vehicles in the conservation area shall be permitted only on roads and trails and in other areas designated for use of motorized vehicles as part of the management plan prepared pursuant to subsection (e).

(3) **PERMITTED EVENTS.**—The Secretary may continue to permit large-scale events in defined, low impact areas of the Black Rock Desert plays in the conservation area in accordance with the management plan prepared pursuant to subsection (e).

(d) **HUNTING, TRAPPING, AND FISHING.**—Nothing in this Act shall be deemed to diminish the jurisdiction of the State of Nevada with respect to fish and wildlife management, including regulation of hunting and fishing, on public lands within the conservation area.

(e) **MANAGEMENT PLAN.**—Within three years following the date of enactment of this Act, the Secretary shall develop a comprehensive resource management plan for the long-term protection and management of the conservation area. The plan shall be developed with full public participation and shall describe the appropriate uses and management of the conservation area consistent with the provisions of this Act. The plan may incorporate appropriate decisions contained in any current management or activity plan for the area and may use information developed in previous studies of the lands within or adjacent to the conservation area.

(f) **GRAZING.**—Where the Secretary of the Interior currently permits livestock grazing in the conservation area, such grazing shall be allowed to continue subject to all applicable laws, regulations, and executive orders.

(g) **VISITOR SERVICE FACILITIES.**—The Secretary is authorized to establish, in cooperation with other public or private entities as the Secretary may deem appropriate, visitor service facilities for the purpose of providing information about the historical, cultural, ecological, recreational, and other resources of the conservation area.

SEC. 6. WITHDRAWAL.

(a) **IN GENERAL.**—Subject to valid existing rights, all Federal lands within the conservation area and all lands and interests therein which are hereafter acquired by the United States are hereby withdrawn from all forms of entry, appropriation, or disposal under the public land laws, from location, entry, and patent under the mining laws, from operation of the mineral leasing and geothermal leasing laws and from the minerals materials laws and all amendments thereto.

SEC. 7. NO BUFFER ZONES.

The Congress does not intend for the establishment of the conservation area to lead to the creation of protective perimeters or buffer zones around the conservation area. The fact that there may be activities or uses on lands outside the conservation area that would not be permitted in the conservation area shall not preclude such activities or uses on such lands up to the boundary of the conservation area consistent with other applicable laws.

SEC. 8. WILDERNESS.

(a) **DESIGNATION.**—In furtherance of the purposes of the Wilderness Act of 1964 (16

U.S.C. 1131 et seq.), the following lands in the State of Nevada are designated as wilderness, and, therefore, as components of the National Wilderness Preservation System:

(1) Certain lands in the Black Rock Desert Wilderness Study Area comprised of approximately 315,700 acres, as generally depicted on a map entitled "Black Rock Desert Wilderness—Proposed" and dated July 19, 2000, and which shall be known as the Black Rock Desert Wilderness.

TITLE I—PREDISASTER HAZARD MITIGATION

SEC. 101. FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress finds that—

(1) natural disasters, including earthquakes, tsunamis, tornadoes, hurricanes, flooding, and wildfires, pose great danger to human life and to property throughout the United States;

(2) greater emphasis needs to be placed on—

(A) identifying and assessing the risks to States and local governments (including Indian tribes) from natural disasters;

(B) implementing adequate measures to reduce losses from natural disasters; and

(C) ensuring that the critical services and facilities of communities will continue to function after a natural disaster;

(3) expenditures for postdisaster assistance are increasing without commensurate reductions in the likelihood of future losses from natural disasters;

(4) in the expenditure of Federal funds under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.), high priority should be given to mitigation of hazards at the local level; and

(5) with a unified effort of economic incentives, awareness and education, technical assistance, and demonstrated Federal support, States and local governments (including Indian tribes) will be able to—

(A) form effective community-based partnerships for hazard mitigation purposes;

(B) implement effective hazard mitigation measures that reduce the potential damage from natural disasters;

(C) ensure continued functionality of critical services;

(D) leverage additional non-Federal resources in meeting natural disaster resistance goals; and

(E) make commitments to long-term hazard mitigation efforts to be applied to new and existing structures.

(b) PURPOSE.—The purpose of this title is to establish a national disaster hazard mitigation program—

(1) to reduce the loss of life and property, human suffering, economic disruption, and disaster assistance costs resulting from natural disasters; and

(2) to provide a source of predisaster hazard mitigation funding that will assist States and local governments (including Indian tribes) in implementing effective hazard mitigation measures that are designed to ensure the continued functionality of critical services and facilities after a natural disaster.

SEC. 102. PREDISASTER HAZARD MITIGATION.

(a) IN GENERAL.—Title II of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5131 et seq.) is amended by adding at the end the following:

“(c) APPROVAL BY PRESIDENT.—If the President determines that a State or local government has identified natural disaster hazards in areas under its jurisdiction and has demonstrated the ability to form effective public-private natural disaster hazard mitigation partnerships, the President, using amounts in the National Predisaster Mitigation Fund established under subsection (i) (referred to in this section as the ‘Fund’),

may provide technical and financial assistance to the State or local government to be used in accordance with subsection (e).

“(5) the extent to which the technical and financial assistance is consistent with other assistance provided under this Act;

“(6) the extent to which prioritized, cost-effective mitigation activities that produce meaningful and definable outcomes are clearly identified;

“(7) if the State or local government has submitted a mitigation plan under section 322, the extent to which the activities identified under paragraph (6) are consistent with the mitigation plan;
