IN HONOR OF ST. THEODOSIUS
ORTHODOX CATHEDRAL

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 19, 2001

Mr. KUCINICH. Mr. Speaker, I rise today to honor the anniversary of the construction of the St. Theodosius Orthodox Cathedral. This architectural wonder has housed this faithful congregation for ninety years.

In addition to celebrating their anniversary, the Cathedral community has been engaged in a comprehensive restoration and improvement project. The beautiful Neo-Byzantine murals are being cleaned and restored. In addition, new gold leaf gilding, marble floor, and carpet are being installed and an entry-way will be constructed that will be compliant with the Americans with Disabilities Act.

Over 500 individuals call St. Theodosius their spiritual home. The church community traces its history back to its founding in 1896 as the first Orthodox Community in Cleveland.

Since then, this historic church has served the Tremont neighborhood and the rest of the Cleveland community in countless ways. Recently, it has been active in helping the needy by providing a Food Pantry every month along with hot lunches and holiday meals.

I ask my colleagues to join me in honoring this congregation and their architectural marvel. May they serve their community faithfully for another ninety years and beyond.

HONORING THE 30TH ANNIVERSARY
OF THE OPEN DOOR COMMUNITY
HEALTH CENTERS

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 19, 2001

Mr. THOMPSON of California. Mr. Speaker, I rise today to recognize the 30th Anniversary of the Open Door Community Health Centers. Open Door began in 1971 as a volunteer clinic providing health, legal and other social services. Their mission has always been to provide high quality, affordable health care to all without regard for financial, geographical, or social barriers.

In its thirty-year tenure, Open Door has grown tremendously, presently operating eight community health centers in Humboldt and Del Norte counties. Open Door provides quality care to 32,000 patients a year and employs 250 people. The Mobile Health program serves over thirty school and community sites, bringing care to remote areas that would otherwise remain underserved.

In addition to providing two million dollars a year in free or reduced-fee services, Open Door has acted as an incubator for many new programs that have since become key service agencies for our community. Open Door has been instrumental in identifying the health needs of rural communities and in bringing them to the attention of state and federal legislators.

The committed staff of the Open Door Community Health Centers strives daily to provide the utmost in quality care for our community. Mr. Speaker, it is appropriate at this time that we recognize and honor their dedication on this 30th Anniversary of the Open Door Community Health Centers.

DEPARTMENTS OF COMMERCE,
JUSTICE, AND STATE, THE JUDICIARY,
AND RELATED AGENCIES
APPROPRIATIONS ACT, 2002

SPEECH OF

HON. JERRY MORAN

OF KANSAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 18, 2001

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 2500) making appropriations for the Departments of Commerce, Justice and State, the Judiciary, and related agencies for the fiscal year ending September 30, 2002, and for other purposes:

Mr. MORAN of Kansas. Mr. Chairman, I rise today to speak in favor of the Small Business Administration 7a Loan program.

Currently, 40% of all long term business loans of \$1 million or less through private sector lenders have SBA involvement. Because of inadequate federal resources, SBA has had to rely on increased user fees. This results in higher costs and many lenders quit providing SBA loans because they are not profitable. This often means that small business are denied long term credit.

Over the last eight years, over 5,500 small business loans were made in the state of Kansas. If SBA had not been available to finance these loans, most would not have been made. Small businesses are vital to the small communities in my district. Without the availability of these long term loans, many small business would never get off the ground. If SBA must continue to rely on user fees to fund SBA, the future of small businesses will be jeopardized.

I urge my colleagues to support increasing SBA funding under the Commerce, Justice, State Appropriation bill.

H.R. 2562, THE MINORITY EMERGENCY
PREPAREDNESS ACT OF
2001

HON. SANFORD D. BISHOP, JR.

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 19, 2001

Mr. BISHOP. Mr. Speaker, today I am introducing a bill that will help minorities better prepare for tornadoes, floods, and other disasters, thereby raising the level of protection for segments of the population hit the hardest. This bill is entitled the "Minority Emergency Preparedness Act of 2001" and already has 25 original co-sponsors. I feel this initial response is a testament to the importance and value of this legislation.

This bill will establish a research program to assess the impact of man-made and natural disasters on minority populations, especially low income, under served populations in rural communities and densely-populated urban areas. This information can then be used to help prepare for disasters such as tornadoes, floods, earthquakes, hurricanes, fires, and storms involving heavy rains, high winds and ice and snow, and thus lessen their impact.

According to the Federal Emergency Management Administration (FEMA), minorities are impacted by emergencies two and a half times more than others in the country, and this is unacceptable. We must do more to help those who need it, so that they will not be impacted as much at times of disaster.

It is my hope that all people in high risk circumstances will benefit from this program, which will document and make available information about the dangers that are present in different locations as well as provide practical guidance on how to protect against disasters. I ask my colleagues to join with me in supporting this legislation, and lessen the harsh effects that disasters have on our communities in the states and regions most impacted by them.
