### DESIGNATION OF THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC,  
March 30, 2001.

I hereby appoint the Honorable E. CLAY SHAW, Jr. to act as Speaker pro tempore on this day.

J. DENNIS HASTERT,  
*Speaker of the House of Representatives.*

### PRAYER

The Reverend Dr. Roger D. Willmore, First Baptist Church, Weaver, Alabama, offered the following prayer:

Heavenly Father, we enter into Your presence with praise and adoration and thanksgiving in our hearts for who You are. We acknowledge You as our creator and sustainer. We are dependent upon You in every area of life.

Today I am asking that You would impart wisdom and guidance to the officers and Members of this body. May their decisions today and every day be in Your will. May they find in You the spiritual resources for all that is required of them.

Father, I pray for our President and Vice President and all Members of Congress as they work together to lead our country in a manner that would be pleasing to You.

Lord, I thank You for our great country. I thank You for every blessing You have bestowed upon us. I ask You to forgive us where we have failed You and enable us to live in a manner that would be pleasing to You.

Now to Him who is able to do exceedingly abundantly above all that we ask or think according to the power that works in us, to Him be the glory in the

Church by Christ Jesus to all generations, forever and ever.

In Jesus' name I pray. Amen.

### DR. ROGER D. WILLMORE

(Mr. RILEY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. RILEY. Mr. Speaker, I would like to welcome Dr. Roger Willmore from Calhoun County, Alabama, to our Nation's Capitol to perform a sacred and time-honored tradition. Congress begins each day with a prayer, and to have a fellow Alabamian deliver it this morning makes everyone back home very proud, especially the members of the First Baptist Church in Weaver, Alabama.

He has been pastor there since 1995. He is a graduate of Samford University in Birmingham and Jacksonville State University in Jacksonville, Alabama.

Dr. Willmore also holds masters and doctorate degrees from Luther Rice Seminary in Jacksonville, Florida.

Since becoming a Southern Baptist pastor in 1971, Dr. Willmore has served

both at home and abroad, performing missionary work in South America and Africa. He has taught at Kiev Christian University in the Ukraine. Dr. Willmore is married to Sandra Carroll of Arab, Alabama; and together they are the proud parents of one son, Steven Andrew.

In his prayer, Dr. Willmore asked God to give Congress wisdom and guidance so it can lead our Nation to a bright and blessed future. Mr. Speaker, I encourage all of us to work together today and every day so that the hopes and aspirations in that prayer will become a reality.

**STOP THE TIDE OF SUBSIDIZED  
CANADIAN LUMBER FROM  
FLOODING SOUTH**

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Oregon (Mr. DEFAZIO) is recognized for 5 minutes.

Mr. DEFAZIO. Mr. Speaker, this weekend is notable in that Sunday is April Fool's Day, and the Government of Canada, the Province of British Columbia in particular, is about to play a very sick April Fool's joke on the American people and particularly those in rural communities in the western United States.

On Saturday night at midnight, the U.S.-Canadian Softwood Lumber Agreement expires, and nothing has been put in its place to stop a tide of subsidized Canadian lumber from flooding south beginning on April Fool's Day.

Since the administration of Ronald Reagan, Presidents have recognized and strongly fought against the unfair competition of the wholly subsidized Canadian lumber and sawmill industry. This administration must act strongly to perpetuate those controls and protections against unfair competition.

Mr. Speaker, in Canada the Crown owns 95 percent of the timber; and in Canada the Crown gives away that precious resource. They have a bizarre bidding process. Well, it is not a bidding process; they just contract with companies, no bidding process, and then they say we will look at the logs on the first truck you bring out and we will grade them and set a price. So the companies go in and find the rattiest trees and bring out a truckload of ratty trees, and the government scalers look at them and say we are going to charge you \$10 for that truckload. Then the lumbermen go back in and gather up precious old growth and other priceless timber, and they begin trucking it out. They pay virtually nothing for the resource. They observe no environmental constraints; there are no riparian protections. They are devastating their salmon and our salmon by these harvest practices, and now they want to take those subsidies and supplant our much more responsible industry here in the United States.

Mr. Speaker, they are sounding pretty tough, too. Here is Gordon Wilson, minister of forests from British Columbia: "Why should we turn the energy tap on going south at the same time we cannot export our lumber to the biggest market we have?" He is talking about cutting off natural gas supplies to the western United States which is already staggering under extortionately high natural gas prices. One Canadian timber executive said the United States better "learn to speak Arabic and read by candlelight." Pretty tough words.

Mr. Speaker, I would hope that the Bush administration could be tougher in their response. If we retaliate against Canada for bringing in these subsidized lumber imports, the Cana-

dians will fold in a second. Nationally they are running a huge trade surplus with the United States. They cannot afford irresponsible actions or words like this on the part of one province to undermine their trade relationship with the United States.

Mr. Speaker, I am asking and I have asked the Bush administration, along with a large number of Members of the House and Senate, to continue restrictions on the import of subsidized Canadian lumber. Just a 5 percent increase in this subsidized, unfairly produced, irresponsibly environmentally produced lumber coming across our border will cost 8,000 jobs in the Pacific Northwest. Just a 5 percent increase. And they have got it piled up because part of their sweet deals with these companies, they not only give the timber away, they require them to harvest it whether or not there is a market. So they have piles and piles of processed lumber waiting to come south from Canada.

Mr. Speaker, it is not free and fair trade by any measure of the imagination. Now, there are some special interests in the U.S. who would like to wipe out our lumber and sawmill industry and get that cheaper Canadian lumber. They have taken a shortsighted view. After the U.S. industry is gone, the Canadians will probably jack up the price. They will probably still give it away to their companies; but they will jack up the price, just like they have done to us on natural gas.

Mr. Speaker, I would ask the home builders and others who are pushing the Bush administration to back off. It is not in the long-term interest of the United States to not have a healthy and robust industry in this country, and it is also going to cost some customers because those customers will not be buying houses, they will be abandoning houses when those communities close down.

Mr. Speaker, let us not let a bunch of hardliners in British Columbia play an April Fool's joke on the American people in the Bush administration. Let us retaliate against unfair trade practices and continue the restrictions that have been in place, that were first put in place under the Reagan administration, continued under the first Bush administration, continued under the Clinton administration, and they must be continued under the Bush administration. Nothing has changed. They are still competing unfairly, and they are still going to destroy American communities and jobs if the administration does not act.

**SPECIAL ORDERS GRANTED**

By unanimous consent, permission to address the House, following the legislative program and any special orders heretofore entered, was granted to:

(The following Members (at the request of Mr. DEFAZIO) to revise and extend their remarks and include extraneous material:)
