Congressional Record

PROCEEDINGS AND DEBATES OF THE 107th CONGRESS, FIRST SESSION

Vol. 147

WASHINGTON, THURSDAY, JUNE 14, 2001

No. 83

House of Representatives

The House met at 10 a.m. and was called to order by the Speaker pro tempore (Mr. ISAKSON).

DESIGNATION OF THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC,
June 14, 2001.

I hereby appoint the Honorable JOHNNY ISAKSON to act as Speaker pro tempore on this day.

J. DENNIS HASTERT,
Speaker of the House of Representatives.

PRAYER

The Reverend Scott A. Dornbush, Van and Ben Wheeler United Methodist Churches, Van, Texas, offered the following prayer:

Almighty God, fountain of all wisdom, guide and direct us in the work before us.

Help us to remember that the Stars and Stripes of our flag represent the needs of a great and diverse people as well as the sacrifice of many who have made possible the freedom we enjoy.

Grant to us Your wisdom as we seek to bring comfort to those suffering the pain of poverty, conviction to those knowing the apathy of affluence, and freedom to those whose path is obstructed. Tune our ears this day, not only to the cry of the mighty, but also to the muffled silence of those without voice. May the work of our hands insure justice for all.

Bless our President and the United States of America. Amen.

THE JOURNAL

The SPEAKER pro tempore. The Chair has examined the Journal of the last day's proceedings and announces to the House his approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

PLEDGE OF ALLEGIANCE

The SPEAKER pro tempore. Will the gentleman from Maryland (Mr. CARDIN) come forward and lead the House in the Pledge of Allegiance.

Mr. CARDIN led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

MESSAGE FROM THE SENATE

A message from the Senate by Mr. Monahan, one of its clerks, announced that the Senate has passed a bill of the following title in which the concurrence of the House is requested:

S. 1029. An act to clarify the authority of the Department of Housing and Urban Development with respect to the use of fees during fiscal year 2001 for the manufactured housing program.

REVEREND SCOTT DORNBUSH

(Mr. HALL of Texas asked and was given permission to address the House for 1 minute.)

Mr. HALL of Texas. Mr. Speaker, it is my privilege to recognize again the Reverend Scott Dornbush of Van, Texas in my district who offered the opening prayer as our guest chaplain today.

Reverend Dornbush has served as pastor of the Van, Texas and Ben Wheeler, Texas United Methodist Churches since 1997. Each Sunday, Reverend Dornbush delivers three sermons, two in Van and one in Ben Wheeler, which is 10 miles away. As he says with good humor, "That's the way it's done in East Texas."

Reverend Dornbush is actively involved in numerous projects that re-

flect his commitment to the social implications of the Gospel. He has volunteered at crisis centers for abused women and children, initiated counseling groups, and authored and presented a paper on ministering to abusive families.

His churches also reflect his leadership and are well-known for their mission efforts. They provide foods for over 100 families and distribute, and this is unbelievable, over three tons of fresh produce. The churches also offer preschool and child care.

I want to commend Reverend Dornbush and those in his congregation for their efforts in meeting the needs of those in their communities through these service-based programs.

We know from experience that local citizens and local organizations have a better understanding of their communities' needs and how to meet these needs. We know that some of the most successful efforts have been sponsored by our churches and other faith-based groups.

Mr. Speaker, the time has come to include these viable programs in Federal efforts to improve the lives of our citizens, and I look forward to working with my colleagues to make this happen. I am pleased to welcome Reverend Dornbush today.

I want to also express my appreciation for the Guest Chaplain program which provides a vital spiritual link between Washington and our faith-based communities throughout America.

I thank Reverend Dornbush.

COLONEL HUGO S. VALDIVIA

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, I am pleased to honor my congressional constituent, Colonel Hugo Valdivia, for

□ This symbol represents the time of day during the House proceedings, e.g., □ 1407 is 2:07 p.m.

his 25 years of service to our country in the United States Air Force.

Tomorrow will be Colonel Valdivia's formal retirement at the Pentagon and I wanted us to show our gratitude for his years of dedication to our country.

Colonel Valdivia had recently been at the Pentagon, where he had been hand-picked to serve as the Deputy Director for Information Warfare. He serves as the Air Force Advisor on the National Security Panels to the Defense Science Board and the Joint Chiefs of Staff's Quadrennial Review of military missions and forces structure.

During his distinguished career, Colonel Valdivia has received numerous accolades, including being selected by the National Security Agency as a finalist in a worldwide competition for information security accomplishments.

The Colonel has also been the Chief of the Information Assurance Division for the U.S. European Command. In addition, Colonel Valdivia was the Director for Computer Operations and Software Development for NORAD.

Please join me in showing Colonel Valdivia our gratitude for his sterling service to our country. He joins us here today with his family.

FLAG DAY

(Mr. CARDIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARDIN. Mr. Speaker, today marks the 224th birthday of the United States flag. The Stars and Stripes represents our spirit as a Nation, our unity as people, and our commitment to democracy throughout the world.

Today, Americans will pause for a moment as they reflect on this great Nation. I am proud that my district includes Fort McHenry. Tonight at 7 o'clock, at this historic site, the people of Baltimore will join in the National Pause for the Pledge.

It is only fitting that we honor our flag and the song that has captured its glory. Fort McHenry is the site where Francis Scott Key immortalized our flag. In writing "The Star Spangled Banner," he captured the determination of this great Nation to defeat the British during the War of 1812.

This morning, I was honored to have the opportunity to lead the House of Representatives in the Pledge of Allegiance. I urge every Member and all Americans to join me in paying tribute to this great symbol of liberty, justice and democracy and join the people of Baltimore by pausing at 7 o'clock this evening to honor our flag.

FATHER'S DAY

(Mr. PITTS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTS. Mr. Speaker, on Sunday, millions of Americans will be taking dad out for dinner to celebrate Father's

Day. Father's Day is the one day every year that we set aside to say thank you to the men who raised us, taught us to fish, to play baseball, taught us to know right from wrong.

But there is a sad side to Father's Day as well. See, everyone has a father, but not everyone has a dad. In fact, fatherhood is in real trouble in America today. One-third of the children in America today do not live with their father, and one-third of all American children live in a house without an adult male.

Since 1960, the percentage of single parent families has grown 248 percent. What is the result: 226 percent increase in violent crime, 430 percent increase in out-of-wedlock teen pregnancy, sadly 134 percent increase in teen suicides. Now an absent father is not the only reason so many kids are in trouble. But can anyone doubt that it is at least part of the reason?

All the absent fathers and all the deadbeat dads in America should think hard this weekend about the role they could be playing in the lives of their children. A father's job is an important one. We should all remember that.

WE DO NOT NEED CHARITY, WE NEED ENERGY REGULATION

(Mr. SHERMAN asked and was given permission to address the House for 1 minute.)

Mr. SHERMAN. Mr. Speaker, in 1999, California paid \$7 billion for electrical generation. A year later, last year, we paid \$32.5 billion for the same amount of electricity. Today, with conservation efforts, we will use no more electricity than we did 2 years ago, but we will pay 50, 60 or \$70 billion for the same number of electrons. This is because so many turbines in California are, quote, closed for maintenance.

If my colleagues will see this chart, they will see that roughly 10,000 megawatts, one-fifth of everything California needs, is shut down in excessive maintenance. Why? Because the independent energy wholesalers know that by closing some turbines for maintenance, they can drive the price of other kilowatts 10 times, 20 times, sometimes 50 times higher than the fair price.

The answer is the Hunter-Eshoo bill, which will restore for at least a couple of years the regulation necessary to take the profit out of manipulation. We do not need charity. We need regulation.

FLAG DAY

(Mr. GIBBONS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GIBBONS. Mr. Speaker, today we celebrate and pay tribute to our Nation's flag and all that it symbolizes. While our Nation and Old Glory itself has grown and changed over the past two centuries, the Stars and Stripes

continue to represent the same ideals, freedoms, and liberties which we all cherish.

It is a symbol of our Nation and serves as a reminder of our historic struggles for independence. Moreover, the United States flag embodies the hopes and dreams of people around the world. To millions, Old Glory symbolizes the American dream, the dream of having the freedom and opportunity to accomplish anything.

So as we continue on with our business today, let us each take an extra moment to recognize Old Glory because we are all truly blessed to live under the freedoms and liberty for which the Stars and Stripes stand.

CHINESE MISSILES BUILT WITH AMERICAN TAXPAYER DOLLARS

(Mr. TRAFICANT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TRAFICANT. Mr. Speaker, the constituents of the gentleman from Idaho (Mr. SIMPSON) were honored to visit our Marine base at Quantico. They even got a gift. The token gift is a Communist-made calculator with "Marines" printed on one side and "Made in China" printed on the other. Unbelievable. First, the Pentagon buys boots made in China. Now the Pentagon buys Communist gifts made in China. What is next? Generals and missiles made in China?

This is not the Marine Corps to blame, nor the fine Marines like Oliver North. It is the bureaucrats at the Pentagon, and they should be stone-cold fired.

I have asked for an investigation. My colleagues should join me. Enough is enough.

I yield back the fact, while we celebrate Flag Day in our great country, China has missiles pointed at us that were built with money taken from U.S. taxpayers/paychecks.

ENERGY POLICY

(Mr. RYUN of Kansas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. RYUN of Kansas. Mr. Speaker, I rise today to call on all of us to work together to find long-term solutions to our energy problems. The energy crunch affects all of us from the farmer who pays more for diesel fuel to families who are on summer vacation.

After 8 years of neglect towards our national energy policy, we find ourselves trying to deal with higher costs, at the same time looking for long-term solutions.

President Bush's plan for our energy policy is forward thinking and sensible. His plan focuses both on our need for conservation and our need for increasing energy sources. Best of all, the plan addresses these needs without sacrificing our way of life or the environment.
