“(2) A court of the United States may review the action of a special selection board convened under this section upon the request of an officer or former officer of the armed forces and any action taken by the President on the report of the board. “(B) except as provided in subsection (g), grant any relief on the claim unless the officer or former officer has been selected for promotion by a special selection board convened under this section to consider the officer for recommendation for promotion and the report of the board has been approved by the President.

“(i) EXISTING JURISDICTION.—(1) Nothing in this section limits the jurisdiction of any court of the United States under any provision of law to determine the validity of any statute, regulation, or policy relating to selection boards, except that, in the event that any such statute, regulation, or policy is held invalid, the remedies prescribed in this section shall be the sole and exclusive remedies available to any person challenging the recommendation of a selection board on the basis of the invalidity.

(A) to determine the extent of the consolidation of contract requirements in the Department of Defense; and

“(c) PROGRAM PARTICIPANTS.—(1) A business concern meeting the eligibility requirements set out in subsection (d) may enter into agreements under subsection (e) and furnish assistance to eligible small business concerns upon making application to the Secretary of Defense and being approved for participation in the program by the Secretary. The Administrator of the Small Business Administration shall determine the status of such business concern as such a small business concern in the event of a protest regarding the status of the business concern. If at any time the business concern is determined by the Administrator not to be such a small business concern, assistance furnished to the business concern by the mentor firm after the date of the determination may not be considered assistance furnished under the program.

“(d) MENTOR FIRM ELIGIBILITY.—Subject to subsection (c)(1), a mentor firm eligible for award of Federal contracts may enter into an agreement with one or more protege firms under subsection (e) and provide assistance under the program pursuant to that agreement if—

“(1) during the fiscal year preceding the fiscal year in which the mentor firm enters into the agreement, the total amount of the Department of Defense contracts awarded such mentor firm and the subcontracts awarded such mentor firm under Department of Defense contracts was equal to or greater than \$100,000,000; or

“(2) the mentor firm demonstrates the capability to assist in the development of protege firms, and is approved by the Secretary of Defense pursuant to criteria specified in the regulations prescribed pursuant to subsection (k).

The preceding sentence does not apply in a case in which the Secretary of Defense determines in writing that unusual circumstances justify reimbursement using a separate contract.

“(B) The determinations made in annual performance reviews of a mentor firm’s mentor-protege agreement under subsection (j)(2) shall be a major factor in the determinations of amounts of reimbursement, if any, that the mentor firm is eligible to receive in the remaining years of the program participation term under the agreement.

“(C) The total amount reimbursed under this paragraph to a mentor firm for costs of assistance furnished in a fiscal year to a protege firm may not exceed \$1,000,000, except in a case in which the Secretary of Defense determines in writing that unusual circumstances justify a reimbursement of a higher amount.

“(3)(A) Costs incurred by a mentor firm in providing assistance to a protege firm that are not reimbursed pursuant to paragraph (2) shall be recognized as credit in lieu of subcontract awards for purposes of determining whether the mentor firm attains a subcontracting participation goal applicable to such mentor firm under a Department of Defense contract, under a contract with another executive agency, or under a divisional or company-wide subcontracting plan negotiated with the Department of Defense or another executive agency.

“(B) The amount of the credit given a mentor firm for any such unreimbursed costs shall be equal to—

“(C) Under regulations prescribed pursuant to subsection (k), the Secretary of Defense shall adjust the amount of credit given a mentor firm pursuant to subparagraphs (A) and (B) if the Secretary determines that the firm’s performance regarding the award of subcontracts to eligible small business concerns has declined without justifiable cause.

“(4) A mentor firm shall receive credit toward the attainment of a subcontracting participation goal applicable to such mentor firm for each subcontract for a product or service awarded under such contract by a mentor firm to a business concern that, except for its size, would be a small business concern owned and controlled by socially and economically disadvantaged individuals, but only if—

“(A) the size of such business concern is not more than two times the maximum size specified by the Administrator of the Small Business Administration for purposes of determining whether a business concern furnishing such product or service is a small business concern; and

“(B) the business concern formerly had a mentor-protege agreement with such mentor firm that was not terminated for cause.

“(h) RELATIONSHIP TO SMALL BUSINESS ACT.—(1) For purposes of the Small Business

“(2) Notwithstanding section 8 of the Small Business Act (15 U.S.C. 637), the Small Business Administration may not determine an eligible small business concern to be ineligible to receive any assistance authorized under the Small Business Act on the basis that such business concern has participated in the Mentor-Protege Program or has received assistance pursuant to any developmental assistance agreement authorized under such program.

“(3) The Small Business Administration may not require a firm that is entering into, or has entered into, an agreement under subsection (e) as a protege firm to submit the agreement, or any other document required by the Secretary of Defense in the administration of the Mentor-Protege Program, to the Small Business Administration for review, approval, or any other purpose.

“(i) PARTICIPATION IN MENTOR-PROTEGE PROGRAM NOT TO BE A CONDITION FOR AWARD OF A CONTRACT OR SUBCONTRACT.—A mentor firm may not require a business concern to enter into an agreement with the mentor firm pursuant to subsection (e) as a condition for being awarded a contract by the mentor firm, including a subcontract under a contract awarded to the mentor firm.

“(j) REPORTS AND REVIEWS.—(1) The mentor firm and protege firm under a mentor-protege agreement shall submit to the Secretary of Defense an annual report on the progress made by the protege firm in employment, revenues, and participation in Department of Defense contracts during the fiscal year covered by the report. The requirement for submission of an annual report applies with respect to each fiscal year covered by the program participation term under the agreement and each of the two fiscal years following the expiration of the program participation term. The Secretary shall prescribe the timing and form of the annual report.

“(2)(A) The Secretary shall conduct an annual performance review of each mentor-protege agreement that provides for reimbursement of costs. The Secretary shall determine on the basis of the review whether—

“(i) all costs reimbursed to the mentor firm under the agreement were reasonably incurred to furnish assistance to the protege firm in accordance with the requirements of this section and applicable regulations; and

“(ii) the mentor firm and protege firm accurately reported progress made by the protege firm in employment, revenues, and participation in Department of Defense contracts during the program participation term covered by the mentor-protege agreement and the two fiscal years following the expiration of the program participation term.

SEC. 903. SENSE OF CONGRESS REGARDING THE SELECTION OF OFFICERS FOR ASSIGNMENT AS THE COMMANDER IN CHIEF, UNITED STATES TRANSPORTATION COMMAND.

(a) FINDINGS.—Congress makes the following findings:

(1) The Goldwater-Nichols Department of Defense Reorganization Act of 1986 envisioned that an officer would be assigned to serve as the commander of a combatant command on the basis of being the best qualified officer for the assignment rather than the best qualified officer of the armed force that has historically supplied an officer to serve in that assignment.

(2) In order to provide for greater competition among the Armed Forces for selection of officers for assignment as the commanders of the combatant commands and assignment to certain other joint positions in the grade of general or admiral, Congress provided temporary relief from the limitation on the number of officers serving on active duty in the grade of general or admiral in section 405 of the National Defense Authorization Act for Fiscal Year 1995 and thereafter extended that relief until September 30, 2003, but has also required that the Secretary of Defense be furnished the name of at least one officer from each of the Armed Forces for consideration for appointment to each such position.

(3) Most of the positions of commanders of the combatant commands have been filled successively by officers of more than one of the Armed Forces since the enactment of the Goldwater-Nichols Department of Defense Reorganization Act of 1986.

(4) However, general officers of the Air Force with only limited experience in the transportation services have usually filled the position of Commander in Chief of the United States Transportation Command.

(5) The United States Transportation Command and its component commands could benefit from the appointment of an officer selected from the two armed forces that are the primary users of their transportation resources, namely the Army and the Marine Corps.

(b) SENSE OF CONGRESS.—In light of the findings set forth in subsection (a), it is the sense of Congress that the Secretary of Defense should, when considering officers for recommendation to the President for appointment as the Commander in Chief, United States Transportation Command, give careful consideration to recommending an officer of the Army or the Marine Corps.

Subtitle F—Rocky Flats National Wildlife Refuge

SEC. 3171. SHORT TITLE.

This subtitle may be cited as the "Rocky Flats National Wildlife Refuge Act of 2001".

SEC. 3172. FINDINGS AND PURPOSES.

(a) **FINDINGS.**—Congress finds the following:

(1) The Federal Government, through the Atomic Energy Commission, acquired the Rocky Flats site in 1951 and began operations there in 1952. The site remains a Department of Energy facility. Since 1992, the mission of the Rocky Flats site has changed from the production of nuclear weapons components to cleanup and closure in a manner that is safe, environmentally and socially responsible, physically secure, and cost-effective.

(2) The site has generally remained undisturbed since its acquisition by the Federal Government.

(3) The State of Colorado is experiencing increasing growth and development, especially in the metropolitan Denver Front Range area in the vicinity of the Rocky Flats site. That growth and development reduces the amount of open space and thereby diminishes for many metropolitan Denver communities the vistas of the striking Front Range mountain backdrop.

(4) Some areas of the site contain contamination and will require further response action. The national interest requires that the ongoing cleanup and closure of the entire site be completed safely, effectively, and without unnecessary delay and that the site thereafter be retained by the United States and managed so as to preserve the value of the site for open space and wildlife habitat.

(5) The Rocky Flats site provides habitat for many wildlife species, including a number of threatened and endangered species, and is marked by the presence of rare xeric tallgrass prairie plant communities. Establishing the site as a unit of the National Wildlife Refuge System will promote the preservation and enhancement of those resources for present and future generations.

(b) **PURPOSES.**—The purposes of this subtitle are—

(1) to provide for the establishment of the Rocky Flats site as a national wildlife refuge following cleanup and closure of the site;

(2) to create a process for public input on refuge management before transfer of administrative jurisdiction to the Secretary of the Interior; and

(3) to ensure that the Rocky Flats site is thoroughly and completely cleaned up.

(a) **PROGRAM REQUIRED.**—The Secretary of Defense shall carry out a program to provide opportunities for the increased introduction of innovative and cost-saving technology in acquisition programs of the Department of Defense. The program, to be known as the Challenge Program, shall provide an individual or activity within or outside the Department of Defense with the opportunity to propose alternatives, to be known as challenge proposals, at the component, subsystem, or system level of an existing Department of Defense acquisition program that would result in improvements in performance, affordability, manufacturability, or operational capability at the component, subsystem, or system level of that acquisition program.

(b) **PANEL.**—(1) In carrying out the Challenge Program, the Secretary of Defense shall establish a panel of highly qualified scientists and engineers (hereinafter in this section referred to as the “Panel”) under the auspices of the Under Secretary of Defense for Acquisition, Technology, and Logistics. The duty of the Panel shall be to carry out review and evaluation of challenge proposals under subsection (c).

(2) A member of the Panel may not participate in any review and evaluation of a challenge proposal under subsection (c) if at any time within the previous five years that member has, in any capacity, participated in or been affiliated with the Department of Defense program for which the challenge proposal is proposed.

(C) If one or more other challenge proposals are submitted on matters relating to the challenge proposal being reviewed, the Panel shall, to the maximum extent practicable, carry out a full review of those other challenge proposals together with the full review of the original challenge proposal.

(4) The Secretary of Defense shall ensure that the Panel, in carrying out review and evaluation of challenge proposals under this subsection, has the authority to call upon the technical resources of the laboratories, research, development, and engineering centers, test and evaluation activities, and other elements of the Department.

(d) **FINDINGS OF SUBSTANTIAL SUPERIORITY.**—If, after the full review of a challenge proposal is completed, the Panel finds that the challenge proposal will result in improvements in performance, affordability, manufacturability, or operational capability at the component, subsystem, or system level of the applicable acquisition program that are substantially superior to that of the incumbent, the Panel shall submit that finding to the Under Secretary.

(e) **ACTION UPON FINDINGS.**—Upon receiving a finding under subsection (d), the Under Secretary shall carry out a plan to acquire and implement the challenge proposal with respect to which the finding was made. The Secretary shall carry out such plan—

(1) after canceling the contract of any incumbent that would be displaced by the implementation of the challenge proposal; or

(2) after an appropriate program milestone (such as the expiration of such a contract) has been reached.

(f) **ELIMINATION OF CONFLICTS OF INTEREST.**—In carrying out each review and evaluation under subsection (c), the Secretary shall ensure the elimination of conflicts of interest.

(g) **FUNDING.**—Of the funds authorized to be appropriated by section 201(4) for Defense-wide research, development, test, and evaluation for fiscal year 2002, \$40,000,000 shall be available in PE 63826D8Z for the Challenge Program required by this section.

(h) **REPORT.**—The Secretary shall submit to Congress, with the submission of the budget request for the Department of Defense for each fiscal year beginning with fiscal year 2003, a report on the implementation of this section. SEC. 1048. SENSE OF CONGRESS REGARDING CONTINUED UNITED STATES COMMITMENT TO RESTORING LAFAYETTE ESCADRILLE MEMORIAL, MARNES LA-COGUETTE, FRANCE.

(a) FINDINGS.—Congress finds the following:

(1) The Lafayette Escadrille, an aviation squadron within the French Lafayette Flying Corps, was formed April 16, 1916.

(2) The Lafayette Escadrille consisted of aviators from the United States who volunteered to fight for the people of France during World War I.

(3) 265 volunteers from the United States served in the Lafayette Flying Corps, completing 3,000 combat sorties and amassing nearly 200 victories.

(4) The Lafayette Escadrille won 4 Legions of Honor, 7 Medailles Militaires, and 31 citations, each with a Croix de Guerre.

(5) In 1918, command of the Lafayette Escadrille was transferred to the United States, where the Lafayette Escadrille became the combat air force of the United States.

(6) In 1921, a Franco-American committee was organized to locate a final resting place for the 68 United States aviators who lost their lives flying for France during World War I.

(7) The Lafayette Escadrille Memorial was dedicated on July 4, 1928, in honor of all United States aviators who flew for France during World War I.

(8) The Lafayette Escadrille Memorial Foundation, located in the United States and in France, was founded by Nelson Cromwell in 1930 and endowed with a \$1,500,000 trust for the maintenance and upkeep of the Lafayette Escadrille Memorial.

(9) Environmental conditions have contributed to structural damage to, and the overall degradation of, the Lafayette Escadrille Memorial, preventing the holding of memorial services inside the crypt.

(10) The French Government has pledged funds to support a restoration of the Lafayette Escadrille Memorial.

(11) The Lafayette Escadrille Memorial should be restored to its original beauty to honor all the United States aviators who flew for France during World War I and to demonstrate the respect of the United States for the sacrifices made by all Americans who have served our Nation and our allies.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the United States should continue to honor its commitment to the United

States aviators who lost their lives flying for France during World War I by appropriating sufficient funds to restore the Lafayette Escadrille Memorial in Marnes La-Coguette, France.

SEC. 1049. DESIGNATION OF FIREFIGHTER ASSISTANCE PROGRAM IN HONOR OF FLOYD D. SPENCE, A FORMER MEMBER OF THE HOUSE OF REPRESENTATIVES, AND SENSE OF CONGRESS ON NEED TO CONTINUE THE PROGRAM.

(2) by adding at the end the following new sentence: "The program of firefighter assistance administered by the Office shall be known as the 'Floyd D. Spence Memorial Domestic Defenders Initiative.'"

SEC. 1050. SENSE OF CONGRESS ON IMPLEMENTATION OF FUEL EFFICIENCY REFORMS IN DEPARTMENT OF DEFENSE.

(a) FINDINGS.—Congress finds the following:

(1) The Federal Government is the largest single energy user in the United States, and the Department of Defense is the largest energy user among all Federal agencies.

(2) The Department of Defense consumed 595,000,000,000 BTUs of petroleum in fiscal year 1999, while all other Federal agencies combined consumed 56,000,000,000 BTUs of petroleum.

(3) The total cost of petroleum to the Department of Defense amounted to \$3,600,000,000 in fiscal year 2000.

(4) Increased fuel efficiency would reduce the cost of delivering fuel to military units during operations and training and allow a corresponding percentage of defense dollars to be reallocated to logistic shortages and other readiness needs.

(5) Increased fuel efficiency would decrease the time needed to assemble military units, would increase unit flexibility, and would allow units to remain in the field for a longer period of time.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Secretary of Defense should work to implement fuel efficiency reforms, as recommended by the Defense Science Board report, which allow for investment decisions based on the true cost of delivered fuel, strengthen the linkage between warfighting capability and fuel logistics requirements, provide high-level leadership encouraging fuel efficiency, target fuel efficiency improvements through science and technology investment, and include fuel efficiency in requirements and acquisition processes.

SEC. 1051. PLAN FOR SECURING RUSSIA'S NUCLEAR WEAPONS, MATERIAL, AND EXPERTISE.

(2) to prevent the outflow from Russia of scientific expertise that could be used for developing nuclear weapons or other weapons of mass destruction, including delivery systems.

(b) **CONTENT OF PLAN.**—The plan required by subsection (a) shall include the following:

(1) Specific goals and measurable objectives for the programs that are designed to carry out the objectives specified in paragraphs (1) and (2) of subsection (a).

(2) Criteria for success for those programs and a strategy for eventual termination of United States contributions to those programs and assumption of the ongoing support of those programs by Russia.

SEC. 1053. ACTION TO PROMOTE NATIONAL DEFENSE FEATURES PROGRAM.

(a) **FINDINGS.**—The Congress finds the following:

(1) The National Defense Features program, which is funded from the National Defense Sealift Fund established by section 2218 of title 10, United States Code, is a constituent element of the defense policy of the United States intended to provide essential sealift capacity in emergencies, strengthen the national shipbuilding base, and maintain a resource of highly trained merchant seamen.

(2) Implementation of the National Defense Features program would provide significant benefits both for the United States and for allied nations during military contingencies.

(3) For the United States and nations allied with the United States to realize these benefits, it is essential that vessels built under that program enjoy commercial opportunities in peacetime on trade routes between the United States and allied nations and that those vessels not be excluded from such opportunities through restrictive trade practices.

(4) The failure of vessels built, or to be built, under the National Defense Features program to obtain employment as common carriers or contract carriers in the particular sector of any trade route in the foreign commerce of the United States for which they are designed to operate, together with long-term domination of that sector of the trade route by citizens of an allied nation, evidences the existence of restrictive trade practices.

(b) **ACTION TO PROMOTE PROGRAM.**—In any case in which the Secretary of Defense finds the existence of the conditions determined by subsection (a)(4) to prove the existence of restrictive trade practices, the Secretary shall certify the case to the Federal Maritime Commission, which thereupon, in con-

sultation with the Secretary, shall take action to counteract such practices, utilizing all remedies available under section 1002(e)(1) of the Foreign Shipping Practices Act of 1988 (46 U.S.C. App. 1710a).

“(B) The Secretary of Defense may release a person, in whole or in part, from the obligation to reimburse the United States under an agreement described in paragraph (1) when, in his discretion, the Secretary determines that equity or the interests of the United States so require.

“(C) The Secretary of Defense shall permit an employee assigned under this section who, before commencing a second academic year of such assignment, voluntarily terminates the assignment or the employee's employment with the National Imagery and Mapping Agency, to satisfy his obligation under an agreement described in paragraph (1) by reimbursing the United States according to a schedule of monthly payments which results in completion of reimbursement by a date five years after the date of termination of the assignment or employment or earlier at the option of the employee.

The Clerk read as follows:

Mr. Stump moves that the House take from the Speaker's table the bill S. 1438, with the House amendment thereto, insist on the House amendment, and request a conference with the Senate thereon.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Arizona (Mr. STUMP).

The motion was agreed to.

MOTION TO INSTRUCT CONFEREES OFFERED BY MR. SKELTON

Mr. SKELTON. Mr. Speaker, I offer a motion.

The SPEAKER pro tempore. The Clerk will report the motion.

The Clerk read as follows:

Mr. SKELTON moves that the managers on the part of the House at the conference on the disagreeing votes of the two Houses on

the House amendment to the bill S. 1438 be instructed to agree to the provisions contained in section 652 of the Senate bill, relating to Survivor Benefit Plan eligibility of survivors of retirement-ineligible members of the uniformed services who die on active duty.

The SPEAKER pro tempore. The gentleman from Missouri (Mr. SKELTON) will be recognized for 30 minutes, and the gentleman from Arizona (Mr. STUMP) will be recognized for 30 minutes.

The Chair recognizes the gentleman from Missouri (Mr. SKELTON).

Mr. SKELTON. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I offer this motion to instruct the conferees which instructs the conferees on the National Defense Authorization Act of fiscal year 2002 to recede and accept section 652 of the Senate-passed bill. This section would authorize survivors of nonretirement-eligible service members who die while on active duty to participate in this Survivor Benefit Plan.

The tragic attack on the Pentagon on September 11 has brought to light inequitable treatment between Survivor Benefit Plan participants who die while on active duty and those who retire or are retirement eligible. Under the current Survivor Benefit Plan, known as SPB, only retired or retirement-eligible service members are entitled to participate in this program.

Upon retirement, including medical retirement, a service member pays monthly premiums which entitle his or her survivors to an annuity upon the service member's death. However, if a service member is not retirement eligible, his or her dependents are not entitled to receive SPB if this service member dies.

For example, let us say there are three active duty service members on a helicopter, Alpha, Bravo and Charlie, on deployment somewhere in the Middle East. Alpha has served for over 20 years. Bravo and Charlie have served for 19½ years. The helicopter crashes. Alpha, who is retirement eligible and participates in SPB, perishes in the crash. Since he is retirement eligible, his dependents are eligible to receive an annuity.

Bravo, who has served 19½ years, survives the crash and is medically retired, but passes away. Because he is medically retired, his survivors also are entitled to an SPB annuity.

Charlie, on the other hand, also has served 19½ years, and he perishes in the crash. Because he is not retirement eligible, his survivors are not entitled to any SPB annuity.

The difference in benefit eligibility is determined by whether or not the service member is retired or retirement eligible at the time of death.

Mr. Speaker, the situation I just described played out in real life, sadly, on September 11, when that airplane crashed into the Pentagon. SPB participants were treated differently depending on whether they were retired, retirement eligible or not. That is simply not fair. We owe it to those who

gave their lives on that fateful day to fix this inequity.

Section 652 of the Senate-passed Defense Authorization Act would correct this injustice. My motion instructs the conferees to agree to this provision.

We have a moral obligation to ensure that those who volunteer to defend this Nation in uniform are treated fairly and equitably. I strongly urge my colleagues to support this motion to instruct conferees to accept section 652. It is not only the honorable thing to do; it is the right thing to do.

Mr. Speaker, I reserve the balance of my time.

Mr. STUMP. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I support the motion of the gentleman in that it endorses the provision of the Senate bill that would broaden the Survivors Benefit Plan to include members of the armed services who die while on active duty. Providing this coverage is fair and the right thing to do. It ensures that an annuity will be paid to the surviving family of service members who die while on active duty.

I commend the gentleman from Missouri for offering this motion and urge my colleagues to support it.

Mr. REYES. Mr. Speaker, I rise today to offer a motion to instruct the House conferees to the National Defense Authorization Act of 2002 to accept Section 652, Title VI, Subtitle D of the Senate Bill, passed in the Senate on October 2, 2001. This section would correct the inequity in survivor benefits offered to survivors of retirement ineligible members of the uniformed services who die while on active duty.

The Survivor Benefit Plan provides an annuity to dependents of military retirees or retirement eligible service members. When a retirement ineligible service member dies while on active duty, family members receive Dependency and Indemnity Compensation, while offers a lesser benefit than that offered to families of retired or retirement eligible service members.

In cases where an active duty service member suffers from a prolonged illness, the military has ample time to medically retire this person, regardless of whether or not that person is retirement eligible. But, in cases where service members are fatally injured while on active duty, prior to becoming retirement eligible, medical personnel have been forced to go to extreme lengths to keep these members, who are clinically dead, alive while personnel specialists scramble to process retirement paperwork before the service member is pronounced dead. In the case of the attack on the Pentagon on September 11, many service members were killed instantly and so there was no opportunity to medically retire these people. Therefore, retirement ineligible victim's families will receive the Dependency and Indemnity Compensation, a lesser benefit.

The most striking example of this inequity would be if, for example, a plane crash occurred. Some of the victims were killed immediately, while others were kept alive long enough to be medically retired. The families of those victims who were kept alive long enough for medical retirement would receive a much better benefit package, the Survivor Benefit

Plan, than those who were killed instantly, who would receive Dependency and Indemnity Compensation, even though all were involved in the same accident!

In Vietnam in April of 2001, while surveying potential sites for excavation to recover remains of Americans who were missing in action from the Vietnam War, a helicopter crashed, killing sixteen. Benefit packages for families of two of those victims were calculated, based on what their families would receive if their deaths were on "active duty" compared to what would be received if their deaths occurred after being "medically retired." In the case of Lieutenant Colonel Cory, if he had been medically retired, his family would have received Survivor Benefits, which amounts to \$750 more a month than the active duty Dependency and Indemnity Compensation, which they now receive. In the case of Sergeant First Class Murphy, another victim of the crash, his wife and two children are receiving \$313 less a month than what they would have been entitled if he had been medically retired. Both of these soldiers were retirement eligible, but because they were killed instantly, there was no time to process paperwork, their families now suffer financial loss on top of losing a loved one.

Unless this provision is accepted and included in the Fiscal Year 2002 Defense Authorization Act, the families of victims of tragedy who were retirement ineligible will receive fewer benefits than if there had been the opportunity to complete medical retirement paperwork. All of these families have suffered enough. There a disparity in the current law, and this provision aims to correct that disparity.

Many leaders has stepped forward in support of this provision. General Hugh Shelton, former Chairman of the Joint Chiefs of Staff stated during his tenure that "in the absence of legislative relief, medical retirement requirements place an undue burden on both commanders in the field and fleet and, more tragically, on families that are denied important and deserving benefits."

I urge my colleagues to support the motion to instruct the conferees to accept the Senate provision and provide survivor benefits to family members of those who die while on active duty.

Mr. STUMP. Mr. Speaker, I yield back the balance of my time.

Mr. SKELTON. Mr. Speaker, I have no further speakers, and I yield back the balance of my time.
