GENERAL LEAVE

Mr. SKEEN. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on the conference report to accompany H.R. 2217, and that I may include tabular and extraneous material.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Mexico?

There was no objection.

CONFERENCE REPORT ON H.R. 2217,
DEPARTMENT OF THE INTERIOR
AND RELATED AGENCIES APPROPRIATIONS ACT, 2002

Mr. SKEEN. Mr. Speaker, I call up the conference report to accompany the bill (H.R. 2217) making appropriations for the Department of the Interior and related agencies for the fiscal year ending September 30, 2002, and for other purposes, and ask unanimous consent for its immediate consideration without intervention of any point of order.

The Clerk read the title of the bill.

(For conference report and statement see proceedings of the House of Thursday, October 11, 2001, at page H6507.)

The SPEAKER pro tempore (Mr. THORNBERRY). Is there objection to the request of the gentleman from New Mexico?

Mr. OBEY. Mr. Speaker, reserving the right to object, I intend not to object. I simply make this observation in order to afford the gentleman an opportunity to explain what it is we are doing here and to respond to several other questions that I think are in Members' minds with respect to the bill, and I yield to the distinguished gentleman from New Mexico.

Mr. SKEEN. Mr. Speaker, as the manager of this conference agreement, I do not intend to use any of the hour on general debate.

Mr. Speaker, we bring before the House the conference agreement on H.R. 2217—the In-

terior and Related Agencies Appropriations Act for fiscal year 2002.

Let me take a moment to thank the members of the Interior subcommittee for their support and guidance this year. I want to extend a special, personal thanks to the ranking minority member, NORM DICKS, for his extraordinary assistance in helping to shape this bill.

This is a good agreement. It provides \$19.1 billion for our public lands, for Indian programs, for critical science and energy research programs, and for cultural institutions like the Smithsonian. Within that total there is \$1.32 billion for the conservation spending initiative, which is the full amount available under the law for the Interior bill.

Let me cover just a couple of the highlights. The conference agreement includes \$210 million for Payments in Lieu of Taxes, \$600 million for maintenance on our public lands and \$144 million for State land and water conservation grants, an increase of \$54 million above the enacted level. There is \$275 million for low income weatherization assistance and State energy grants, an increase of \$84 million above the enacted level. There is \$150 million for a new clean coal power initiative, a key component of the Administration's National Energy Policy. All of these areas are Presidential priorities.

The agreement also extends the recreation fee demonstration program for two years. Under this program, the National parks, forests, wildlife refugees, and other public lands retain fees they collect and use them to make repairs and other improvements that enhance the visitor experience. I am pleased to report that nearly \$1 billion has been collected since the program was begun by this subcommittee in fiscal year 1997.

The conference agreement also provides \$120 million to continue the Everglades restoration program and over \$200 million for building schools and hospitals for American Indians and Alaska Natives.

The agreements has \$2 billion to continue the National fire plan in fiscal year 2002. This includes funds for firefighting, restoration, hazardous fuel reduction, and community assistance.

The National Endowment for the Arts is funded at \$98 million and there is \$17 million for the Challenge America Arts Fund. These are the same amounts as in the House-passed bill.

I want to thank the staff in both the House and the Senate and on both sides of the aisle for their hardwork and long hours in getting the agreement in shape and making sure the numbers all worked within our allocation.

This is a good conference report; it conforms to our allocation; it balances the many competing needs of the programs under the jurisdiction of the Interior and Related Agencies Subcommittee; and I urge Members to support it.

Mr. Speaker, I ask that a table on the various accounts in the bill agreed to by the Conferees be included at this point.
