

plan in effect under of the Magnuson-Stevens Fishery Conservation and Management Act. The provision extends the sunset of this authority to September 30, 2006. The provision also requires a biennial report on the health of the fishery from the Pacific State Marine Fisheries Commission. The House bill did not include a provision on this matter.

Sec. 625.—The conference agreement includes section 625, proposed in the Senate bill as section 608, which makes permanent a provision that prohibits the use of funds to increase the salary of a Federal judge or Justice of the Supreme Court, except as may be specifically authorized by Act of Congress. The House bill did not include a provision on this matter.

Sec. 626.—The conference agreement includes section 626, modified from language proposed as section 629 in the Senate bill, addressing the issue of compensation for victims of international terrorism. This provision requires the Administration to fulfill its commitment to the Congress to develop a comprehensive federal response under which individualized awards of compensation would be made available to a U.S. national who is physically injured or killed as a result of an act of international terrorism or to the relatives of deceased United States victims of terrorism. Objections from all quarters have been repeatedly raised against the current ad hoc approach to compensation for victims of international terrorism. Objections and concerns, however, will no longer suffice. It is imperative that the Secretary of State, in coordination with the Departments of Justice and Treasury and other relevant agencies, develop a legislative proposal that will provide fair and prompt compensation to all U.S. victims of international terrorism. A compensation system already is in place for the victims of the September 11 terrorist attacks; a similar system should be available to victims of international terrorism. Any legislative proposal shall provide for compensation for U.S. victims of prior acts of international terrorism, including those with hostage claims against foreign states. Subsection (c) quashes the State Department's motion to vacate the judgment obtained by plaintiffs in Case Number 1:00CV03110(ESG) in the United States District Court for the District of Columbia. Consistent with current law, subsection (c) does not require the United States Government to make any payments to satisfy the judgment. The House bill did not contain a provision on this matter.

Sec. 627.—The conference agreement includes section 627, proposed as section 628 in the Senate bill, prohibiting the use of funds by Federal prisons for cable television services, videocassettes, videocassette recorders, or other audiovisual or electronic equipment used primarily for recreational purposes. The House bill did not include a provision on this matter.

Sec. 628.—The conference agreement includes section 628, modified from language proposed as section 630 in the Senate bill, amending the Communications Satellite Act. The House bill did not contain a provision on this matter.

Sec. 629.—The conference agreement includes section 629, not included in the House or Senate bills, providing additional amounts for the Small Business Administration, Salaries and Expenses account for a number of small business initiatives.

Sec. 630.—The conference agreement includes section 630, proposed in the Senate bill as section 624, prohibiting the use of funds for cooperation with, or assistance or other support to, the International Criminal Court or the Preparatory Commission. The House bill does not include a provision on this matter.

The conference agreement does not include language proposed in both the House and Senate bills regarding civil actions against Japanese corporations for compensation in which the plaintiff alleges that, as an American prisoner of war during World War II, he or she was used as slave or forced labor. The conferees understand that the Administration strongly opposes this language, and is concerned that the inclusion of such language in the Act would be detrimental to the ongoing effort to enlist multilateral support for the campaign against terrorism. The conferees strongly agree that the extraordinary suffering and injury of our former prisoners of war deserve further recognition, and acknowledge the need for such additional consideration.

The conference agreement includes, by reference, language in the House Report under the heading "Full Compliance with Telework Directive". The conferees expect the Judiciary, and all departments and agencies funded under this Act, to be in full compliance with the timetable established in Public Law 106-346 for the implementation of telework policies.
