

stunned disbelief, these workers, always prepared and ever vigilant, instinctively donned their uniforms and raced to the scene.

At ground zero, as many as 400 of these brave men and women sacrificed their very lives in service to their communities that morning. Since that time hundreds more have labored tirelessly in efforts to save and recover their fellow rescuers and other victims. Although we react with awe and commend them for working above and beyond the call of duty, these courageous souls expect no less from themselves and carry on despite the heavy emotional and physical burdens of their mission.

This instinct to respond has shown in the efforts of emergency response personnel nationwide. On seeing the events of September 11 unfold, volunteers from all parts of the country, including firefighters and other workers from the State of Wisconsin, travelled across the country to the impact zones to assist in whatever means necessary. From home, firefighters and other rescue workers have organized fund-raising and supply drives to support rescue and recovery efforts and the families of their fallen brethren. In Madison, WI, local firefighters have raised over \$200,000 for families of their New York counterparts who died at the World Trade Center. Other community fire departments throughout Wisconsin have responded in kind.

I am proud to recognize the contribution of our Wisconsin emergency response community. More than three-quarters of our fire and rescue workers in Wisconsin are volunteers, individuals who balance this substantial public service commitment while working full-time jobs throughout our communities. These workers know, like no other, the sacrifices that were made at the World Trade Center on September 11, and our prayers go out to them as they grieve for their comrades-in-arms.

As we prepare to respond to this vicious attack on our Nation, we must not forget the integral part that emergency response workers will play in this campaign. The threat of terrorism knows no boundaries, as we were so painfully reminded, and these first-responders will be on the front lines of our defense. These workers have been quietly preparing for years for this mission, but they will need our continued support to remain at-the-ready. It will be these workers who will ensure that America "gets back to work," because their efforts give us security in our streets, our public facilities, and our homes. I would like to say to all of our emergency response workers thank you for your service to our communities. Your work has never been so needed, never so appreciated.

Mr. REID. Madam President, I ask unanimous consent that the concurrent resolution and preamble be agreed to en bloc, the motion to reconsider be laid upon the table en bloc, and that any statements relating thereto be

#### S. CON. RES. 76

Whereas on September 11, 2001, terrorists hijacked and destroyed 4 civilian aircraft, crashing 2 of the planes into the towers of the World Trade Center in New York City and a third plane into the Pentagon in northern Virginia, and resulting in the crash of a fourth plane in Somerset County, Pennsylvania;

Whereas these attacks destroyed both towers of the World Trade Center, as well as adjacent buildings, and seriously damaged the Pentagon;

Whereas thousands of innocent Americans and foreign nationals were killed or injured as a result of these attacks;

Whereas police officers, firefighters, public safety officers, and medical response crews were thrown into extraordinarily dangerous situations, responding to these horrendous events, acting heroically, and trying to help and to save as many of the lives of others as possible in the impact zones, in spite of the clear danger to their own lives;

Whereas some of these rescue workers, police officers, and firefighters have died or are missing at the site of the World Trade Center;

Whereas firefighters, rescue personnel, and police officers have been working above and beyond the call of duty, putting their lives at risk, working overtime, going without proper sleep, and spending time away from their families and loved ones;

Whereas the United States Capitol Police, United States Secret Service, the Police Department of Metropolitan Washington, D.C., the Arlington County Police Department, and other law enforcement agencies have put in extra hours to ensure the safety of all Americans, particularly the President, members of Congress, and other United States Government officials; and

Whereas since the morning of September 11, 2001, police officers and public safety officers throughout the United States have been called upon to put in extra time to ensure the safe and security of Americans: Now, therefore, be it

(2) the efforts of law enforcement and public safety personnel throughout the nation for their service at a time when their call to serve and protect their nation is even more essential than ever before.

#### S. RES. 164

Whereas according to the American Cancer Society, in 2001, 192,200 women will be diagnosed with breast cancer and 40,600 women will die from this disease;

Whereas it is estimated that about 2,000,000 women were diagnosed with breast cancer in the 1990s, and that in nearly 500,000 of those cases, the cancer resulted in death;

Whereas the risk of breast cancer increases with age, with a woman at age 70 years having twice as much of a chance of developing the disease as a woman at age 50 years;

Whereas at least 80 percent of the women who get breast cancer have no family history of the disease;

Whereas mammograms, when operated professionally at a certified facility, can provide safe screening and early detection of breast cancer in many women;

Whereas experts agree that mammography is the best method of early detection of breast cancer, and early detection is the key to saving lives;

Whereas mammograms can reveal the presence of small cancers up to 2 years or more before a regular clinical breast examination or breast self-examination, reducing mortality by up to 63 percent; and

Whereas the 5-year survival rate for localized breast cancer is over 97 percent: Now, therefore, be it

*Resolved, That the Senate—*

(1) designates October 19, 2001, as "National Mammography Day"; and

(2) requests that the President issue a proclamation calling upon the people of the United States to observe the day with appropriate programs and activities.

Whereas more than 76,000 men, women, and children currently await life-saving transplants;

Whereas every 14 minutes another name is added to the national transplant waiting list;

Whereas people of all ages and medical histories are potential organ, tissue, and blood donors;

Whereas more than 2,300 of those awaiting transplants are under the age of 18;

Whereas approximately 14,000 children and young adults under the age of 18 have donated organs or tissue since 1988;

Whereas science shows that acceptance rates increase when donors are matched to recipients by age;

Whereas organ donation is often a family decision, and sharing a decision to become a donor with family members can help to ensure a donation when an occasion arises;

Whereas nationwide there are up to 15,000 potential donors annually, but consent from family members to donation is received for less than 6,000;

Whereas educating young people about organ and tissue donation promotes family discussions over the desire of family members to become organ donors;

Whereas Youth For Life: Remembering Walter Payton is committed to educating young adults about organ donation and encouraging students to discuss this decision with their family and register to be organ donors;

Whereas the Youth For Life: Remembering Walter Payton program is dedicated to football legend Walter Payton, who broke the NFL career rushing record on October 7, 1984; and
