

IN RECOGNITION OF LEE BOLLINGER'S SERVICE AS PRESIDENT OF THE UNIVERSITY OF MICHIGAN

• Mr. LEVIN: Mr. President, today I would like to pay tribute to a dynamic and visionary leader in my home State of Michigan, Mr. Lee Bollinger.

For nearly 5 years, Lee Bollinger has served as the president of one of the world's premier institutions of higher learning, the University of Michigan. During the Bollinger administration, the University of Michigan has experienced a period of dynamic growth and change.

At a time when it is essential to keep higher education affordable for all Americans, it is imperative that universities do all they can to provide a quality education at an affordable price. Lee Bollinger has worked hard to place the University of Michigan in a healthy financial position so that it can meet its financial obligations. The University has operated its fiscal affairs astutely under Lee's leadership. U of M's endowment is now the fourth largest among public universities.

In recent years, some have suggested that university presidents are chosen more for their ability to raise money than for their academic prowess or vision for the modern research university. Despite his success at managing the University's fiscal affairs, Lee Bollinger was not such a university president. He is truly a Renaissance man whose vision of the University as a tool for academic and social progress permeated all that he did while in Ann Arbor.

Lee Bollinger's vision for the University has reinforced Michigan's role as a leader in the arts and sciences. He was instrumental in the construction of the Walgreen Drama Center, which houses the 450-seat theater named in honor of the most famous living American playwright and an alumnus of the University of Michigan, Arthur Miller. In addition, he made it possible to bring the Royal Shakespeare Company to campus.

The sciences have also flourished under Lee's tenure. He has worked to develop the University's Life Sciences Initiative, which will soon house hundreds of researchers who will probe the human genome and will work to discover new treatments for a variety of diseases. This initiative has the potential to make both the University and the State of Michigan leaders in the emerging field of biotechnology.

My admiration for Lee has also been shaped by his unwavering support of the University's affirmative action policy in admissions. Under his stewardship, the University has made inclusion and diversity its bywords. Lee has steadfastly led the defense of the University's policies in two separate lawsuits that are currently being heard in Federal court, and which may ultimately be heard before the Supreme Court. I thank him for his tremendous commitment to making sure that the

University of Michigan continues to provide a diverse learning environment for all of its students. I know the University will continue to fight for these issues even after Lee moves on to his new position as President of Columbia University.

Just last month, Lee was recognized by the Association of Academic Health Centers with the Herbert W. Nickens Award in honor of his strong advocacy for diversity at the University and in our Nation. It is an award that is well deserved.

As Lee Bollinger leaves Ann Arbor for New York City, I want to take this opportunity to wish him and his wife, Jean, all the best. During his tenure as President, Lee Bollinger enhanced the University of Michigan's stature as one of the premier institutions of learning in the world. I know that my Senate colleagues will join me in congratulating Lee Bollinger on his tenure as President of the University of Michigan. I trust that the Columbia University community will soon come to admire him as much as we have in Michigan.●

#### MEASURES READ THE FIRST TIME

The following bills were read the first time:

S. 1786. A bill to expand aviation capacity in the Chicago area.

S. 1789. A bill to amend the Federal Food, Drug, and Cosmetic Act to improve the safety and efficacy of pharmaceuticals for children.
