

of unused guarantee authority. The Office of Management and Budget has estimated that the existing \$127.2 million budget authority balance will be adequate to support the more generous terms and conditions contained in my amendment. The amendment, therefore, does not need to provide any additional budget authority.

If we do not take every action we can to support this vital industry, I am afraid the wave of bankruptcies will continue. By the end of the year, we may not have much of a steel industry to speak of. What will we then say to those who question our defense preparedness? What will we say to the steelworkers of America, to their families, and to the communities and consuming industries that depend upon a vital American steel industry? What will we say to the industries that are next on the hit lists of foreign predators? Let us stand up for steel in its time of need, as the industry has stood up for us in times of war and times of peace. Let us not allow imports to eviscerate this efficient and productive industry, an industry that has provided quality jobs to generations of hard-working Americans.

I would like to thank several Senators who helped in crafting this amendment. Senators GRAMM of Texas and NICKLES of Oklahoma, as well as Senators VOINOVICH of Ohio and SPECTER of Pennsylvania, all of whom demonstrated their creativity and flexibility—as well as good humor—in coming to agreement. I also wish to thank our distinguished majority whip for his very considerable help and encouragement to all of us.

I urge my colleagues to support this amendment to the Emergency Steel Loan Guarantee Program.
