

Let me conclude by saying that I consider the Trade Adjustment Assistance program to be a commitment between our government and the American people. It is the only program designed to help American workers cope with the changes that occur as a result of international trade. Current legislation expires on September 30th of this year, and it is time to do something more than a simple reauthorization. I ask my colleagues to support this bill.

#### TITLE —IRAQ PETROLEUM IMPORT RESTRICTION ACT OF 2001

#### SECTION . SHORT TITLE AND FINDINGS.

(a) This Title can be cited as the “Iraq Petroleum Import Restriction Act of 2001.”

(b) FINDINGS.—Congress finds that:

(1) the government of the Republic of Iraq: (A) has failed to comply with the terms of United Nations Security Council Resolution 687 regarding unconditional Iraqi acceptance of the destruction, removal, or rendering harmless, under international supervision, of all nuclear, chemical and biological weapons and all stocks of agents and all related subsystems and components and all research, development, support and manufacturing facilities, as well as all ballistic missiles with a range greater than 150 kilometers and related major parts, and repair and production facilities and has failed to allow United Nations inspectors access to sites used for the production or storage of weapons of mass destruction;

(B) routinely contravenes the terms and conditions of UNSC Resolution 661, authorizing the export of petroleum products from Iraq in exchange for food, medicine and other humanitarian products by conducting a routine and extensive program to sell such products outside of the channels established by UNSC Resolution 661 in exchange for military equipment and materials to be used in pursuit of its program to develop weapons of mass destruction in order to threaten the United States and its allies in the Persian Gulf and surrounding regions;

(C) has failed to adequately draw down upon the amounts received in the Escrow Account established by UNSC Resolution 986 to purchase food, medicine and other humanitarian products required by its citizens, resulting in massive humanitarian suffering by the Iraqi people;

(D) conducts a periodic and systematic campaign to harass and obstruct the enforcement of the United States and United Kingdom-enforced “No-Fly Zones” in effect in the Republic of Iraq; and

(E) routinely manipulates the petroleum export production volumes permitted under UNSC Resolution 661 in order to create uncertainty in global energy markets, and therefore threatens the economic security of the United States.

(2) Further imports of petroleum products from the Republic of Iraq are inconsistent with the national security and foreign policy interests of the United States and should be eliminated until such time as they are not so inconsistent.

#### SEC. . PROHIBITION ON IRAQI-ORIGIN PETROLEUM IMPORTS.

The direct or indirect import from Iraq of Iraqi-origin petroleum and petroleum products is prohibited, notwithstanding an authorization by the Committee established by UNSC Resolution 661 or its designee, or any other order to the contrary.

#### SEC. . TERMINATION/PRESIDENTIAL CERTIFICATION.

This Act will remain in effect until such time as the President, after consultation with the relevant committees in Congress, certifies to the Congress that:

(a) the United States is not engaged in active military operations in:

- (1) enforcing "No-Fly Zones" in Iraq;
- (2) support of United Nations sanctions against Iraq;
- (3) preventing the smuggling of Iraqi-origin petroleum and petroleum products in violation of UNSC Resolution 986; and

(4) otherwise preventing threatening action by Iraq against the United States or its allies; and

(b) resuming the importation of Iraqi-origin petroleum and petroleum products would not be inconsistent with the national security and foreign policy interests of the United States.

#### SEC. . HUMANITARIAN INTERESTS.

It is the sense of the Senate that the President should make all appropriate efforts to ensure that the humanitarian needs of the Iraqi people are not negatively affected by this Act, and should encourage public, private, domestic and international means the direct or indirect sale, donation or other transfer to appropriate non-governmental health and humanitarian organizations and individuals within Iraq of food, medicine and other humanitarian products.

laws or regulations to enforce them or notify Federal authorities of such violations;

(I) publishes in final form regulations—

(i) under section 210(b) of the Motor Carrier Safety Improvement Act of 1999 (49 U.S.C. 31144 nt.) that establish minimum requirements for motor carriers, including foreign motor carriers, to ensure they are knowledgeable about Federal safety standards, that include the administration of a proficiency examination;

(E) the information infrastructure of the Mexican government is sufficiently accurate, accessible, and integrated with that of U.S. law enforcement authorities to allow U.S. authorities to verify the status and validity of licenses, vehicle registrations, operating authority and insurance of Mexican motor carriers while operating in the United States, and that adequate telecommunications links exist at all United States-Mexico border crossings used by Mexican motor carrier commercial vehicles, and in all mobile enforcement units operating adjacent to the border, to ensure that licenses, vehicle registrations, operating authority and insurance information can be easily and quickly verified at border crossings or by mobile enforcement units;

(F) there is adequate capacity at each United States-Mexico border crossing used by Mexican motor carrier commercial vehicles to conduct a sufficient number of meaningful vehicle safety inspections and to accommodate vehicles placed out-of-service as a result of said inspections;
