

have. I believe it is wrong that our Nation's seniors are forced to pay the highest prices in the world for their prescription drug needs, and both of my plans could provide immediate financial relief for the nearly 119,000 Medicare beneficiaries in South Dakota and the 39 million Medicare beneficiaries nationwide.

I have also introduced legislation that would guarantee greater access to generic pharmaceuticals, which play an integral role in keeping down the cost of pharmaceuticals. Many seniors have expressed to me that if they only had greater access to generics that they could get a better handle on their medication costs. This is another way we can immediately address the price of prescription drugs without additional bureaucratic red-tape.

There is no question, however, that a comprehensive Medicare prescription drug benefit would be a tremendous addition to the Medicare program. I have been an ardent supporter of efforts in recent years to push forward with a strong, voluntary prescription drug plan that gives seniors the option of prescription drugs through Medicare. I strongly believe that we must ensure that Medicare beneficiaries have access to needed drugs, access to their local pharmacy, and affordable premiums that make the program accessible to all. And, perhaps most importantly, any benefit must ensure rural beneficiaries, like many on Medicare in South Dakota, are assured that they have universal access wherever they live.

I was pleased to join in AARP's "Medicare Monday" celebration. Providing Medicare prescription drug benefits is a goal that I share with Medicare beneficiaries nationwide, and I will continue my fight for lower prescription drug costs until we reach that goal. •
