

to develop regulations to enforce Title IX, until recently only 4 agencies—Education, Energy, Agriculture and HHS—had done so.

And there is a growing movement to roll back Title IX protections. Funding has been slashed for numerous programs that support gender equity in education. In 1996, Congress eliminated funding under Title IV of the Civil Rights Act that had for two decades supported Title IX and gender-equity services in 49 state education agencies. Attacks on gender equity have been growing, and women have been forced to turn to the legal system to get the rights they are guaranteed by the law.

So, there is so much more work to do. We must support and enforce the strong compliance standards that are currently in place. And we must call on the Administration to take action to do just that. Title IX, gender equity and educational opportunity are simply too important to let fall by the wayside. We must remain vigilant. Protecting the rights of women is not simply the right thing to do, it is the essence of what we stand for as Americans.

Mr. Speaker, I would like to thank Congresswoman MINK for her continued leadership on this important issue.

COLORADO GENERAL ASSEMBLY

HON. BOB SCHAFFER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 20, 2002

Mr. SCHAFFER. Mr. Speaker, it is an honor to rise today to express appreciation to the Colorado General Assembly. The respective members of the Colorado House of Representatives have made a commitment to improving the healthcare needs of the people of Colorado as expressed in their House Joint Resolution, which was adopted by the Second Regular Session of the 63rd General Assembly of the State of Colorado.

This joint resolution states support for the extension of health credits, the modernization of Medicare and the support of the "Immediate Helping Hand Prescription Drug Assistance Act." I commend the efforts of the Colorado House of Representatives and respectfully submit the following Colorado Joint Resolution for the RECORD.

House Resolution 02—1007, by Representatives Clapp, Crane, Fairbank, Johnson, Mace,

Miller, Mitchell, Paschall, Rhodes, Snook, Spradley, Stafford, Stengel, Williams S., Williams T., Witwer, Alexander, Boyd, Daniel, Fritz, Hefley, Hoppe, Kester, King, Larson, Lawrence, Sanchez, Scott, Swenson, Tochtrop, and Young.

CONCERNING THE HEALTH CARE NEEDS OF THE PEOPLE OF COLORADO

Whereas, President George W. Bush has proposed an innovative and comprehensive plan to improve access to health care as part of his proposed budget for 2003; and

Whereas, President Bush's proposed budget contains an allocation of eighty-nine billion dollars for new tax credits for health care expenses (health credits) to be available for working individuals and families; and

Whereas, These health credits could mean up to three thousand dollars in tax relief for eligible families and up to one thousand dollars for eligible individuals; and

Whereas, To enhance the effect of these health credits, President Bush has proposed that states could provide the power of group purchasing for the health credits through state-sponsored purchasing pools for certain individuals; and

Whereas, These health credits will make private health insurance more affordable for many Coloradans who do not currently have employer-subsidized insurance; and

Whereas, President Bush's proposed budget will also loosen the restrictions on medical savings accounts (MSAs) and flexible spending accounts (FSAs); and

Whereas, Employees who purchase a high-deductible health care plan will be permitted to make contributions to MSAs in an amount equal to the amount of the deductible; and

Whereas, MSAs will be made available to all employers, and they will be made permanent; and

Whereas, Employees will be permitted to rollover up to five hundred dollars in unspent health care contributions to an FSA to use the following year or to contribute to a 401(k) plan; and

Whereas, These changes will make MSAs and FSAs more attractive to employees and employers and therefore improve the quality of health care for working individuals and families from Colorado; and

Whereas, President Bush has also worked with a bipartisan group of legislators to establish the framework for legislation to improve Medicare and keep its benefits secure based on the following principles:

(1) Promoting the option of a subsidized prescription drug benefit as part of a modernized Medicare;

(2) Providing better coverage for preventive care and serious illnesses;

(3) Allowing current and future beneficiaries to have the option of keeping the traditional Medicare plan with no charges;

(4) Providing better health insurance options;

(5) Strengthening the long-term financial security of Medicare;

(6) Updating and streamlining Medicare's regulations and administrative procedures, while reducing its fraud and abuse;

(7) Encouraging high quality health care for all seniors; and

Whereas, President Bush's framework for bipartisan legislation will help modernize Medicare and help fulfill its promise of health care security for Colorado's seniors and people with disabilities; and

Whereas, Proposed legislation entitled the "Immediate Helping Hand Prescription Drug Assistance Act" would give states block grants to provide a drug benefit for low-income Medicare beneficiaries; and

Whereas, The "Immediate Helping Hand Prescription Drug Assistance Act" would

provide forty-eight billion dollars to states over seven years, including over eighty-five million dollars to Colorado; and

Whereas, This federal assistance would help Colorado's seniors afford prescription drugs; and

Whereas, President Bush's plans for extending health credits, increasing the flexibility of MSAs and FSAs, and modernizing Medicare, as well as the "Immediate Helping Hand Prescription Drug Assistance Act" will vastly improve the quality of health care for the citizens of Colorado; now, therefore,

Be It Resolved by the House of Representatives of the Sixty-third General Assembly of the State of Colorado:

That we, the members of the House of Representatives of the State of Colorado, encourage the Colorado congressional delegation to support and work to pass legislation related to extending health credits, increasing the flexibility of MSAs and FSAs, and modernizing Medicare, and also support and work to pass the "Immediate Helping Hand Prescription Drug Assistance Act".

Be It Further Resolved, That copies of this Resolution be sent to the President of the United States, the Secretary of the United States Department of Health and Human Services, and each member of Colorado's delegation to the United States Congress.

JUDITH RODRIGUE,

Chief Clerk of the House of Representatives.

DOUG DEAN,

Speaker of the House of Representatives.

TRIBUTE TO JOHN ROBERT DALZELL, OUTGOING CHAIRMAN, INLAND EMPIRE ECONOMIC PARTNERSHIP

HON. KEN CALVERT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 20, 2002

Mr. CALVERT. Mr. Speaker, I rise today to honor and pay tribute to an individual whose dedication to the community and to the overall well-being and safety of my hometown of Corona, CA, is exceptional. The City of Corona has been fortunate to have dynamic and dedicated community leaders who willingly and unselfishly give time and talent to making their communities a better place to live and work. John Robert Dalzell is one of these individuals. On Thursday, June 27, 2002, John Robert Dalzell will be retiring after 31 years of dedicated service to the community as a law enforcement officer. His outstanding work as a police officer, in addition to his personal involvement in the community, will be celebrated at a luncheon in his honor.

John Robert Dalzell was born in Illinois on September 1, 1947 and shortly after his family moved to Arizona. After graduation from high school, John enlisted for and honorably served in the United States Navy for five years which included tours of duty in Vietnam. He obtained his Bachelor's Degree from Chapman College and began his law enforcement career with the Corona Police Department as a reserve officer and police officer in 1976. He was promoted to the rank of lieutenant in 1980 and to captain in 1983.

John's exemplary career as a police officer includes serving as the commanding officer in charge of all three divisions in the police department. John holds several advanced Peace

Officer Standards and Training certificates including Advanced and Executive Certificate and has served on law enforcement advisory boards throughout Riverside County.

John has also been actively involved in the community, as the past president and current member of the Corona Breakfast Lions club, former chairman of the American Cancer Society Charity Dinner Committee and the 2001 recipient of the Temescal District Boy Scouts of America Distinguished Citizen Award.

John's tireless work as a police officer has contributed unmeasurably to the safety and betterment of the City of Corona. His involvement in community organizations of the City of Corona make me proud to call him a fellow community member, American and friend. I know that all of Corona is grateful for his efforts and salute him as he departs. I look forward to continuing to work with him for the good of our community in the future.

NATIONAL SERVICE DAY

HON. JAMES P. MORAN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 20, 2002

Mr. MORAN of Virginia. Mr. Speaker, I rise today in support of National Service Day, a day on which we commemorate those who are committed to civic duty and helping their communities. National Service represents opportunity, responsibility and community.

In 1992, when President Bill Clinton was launching his dream of national service, he said, "We need a new spirit of community, a sense that we are all in this together, or the American Dream will continue to wither. Our Destiny is bound up with the destiny of every other American." Less than a year later, his dream was realized.

I was pleased to support the National and Community Trust Act in 1993, which created AmeriCorps, a domestic national service program founded on the framework of Federal, State and local partnership.

Since the inception of AmeriCorps, over 200,000 Americans have been able to serve their country, and more importantly, their communities.

I am proud that many citizens have been able to take advantage of serving in AmeriCorps. I am also proud that many of my constituents have chosen to give back to their communities in many different ways.

In the Commonwealth of Virginia, over 18,000 citizens of all ages and backgrounds are participating in over 90 national service projects, which include coordinating after-school programs, building homes and organizing neighborhood watch groups.

I am pleased to say, that this year, the Corporation for National Service will provide Virginia with more than \$6 million dollars to support Virginia communities through three national service initiatives: AmeriCorps, Learn and Serve America, and National Senior Service Corps.

After September 11th, much has been said about "giving back to our communities" in a time of national crisis, and I strongly believe that Americans want to continue this trend, even when the present threat is gone.

When citizens are deeply-rooted to their communities, when they have seen with their

own eyes the positive impact that their service has made on their communities, and when these same communities are boosted, national service has served its very local purpose.

I am proud, Mr. Speaker, to recognize National Service Day, and honor those who represent the true American ideals of opportunity, responsibility and community.

CODE TALKERS RECOGNITION ACT

SPEECH OF

HON. TOM UDALL

OF NEW MEXICO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 18, 2002

Mr. UDALL of New Mexico. Mr. Speaker, I rise today in support of H.R. 3250, the Code Talkers Recognition Act. This bill expresses Congress' recognition towards the Native American Code Talkers for their honorable contribution in the U.S. victories during World War I and II.

The Sioux, Comanche, and Choctaw Code Talkers served on the frontlines of World War II in the European fronts and on the Pacific. During World War I the Choctaw Code Talkers served as radio airmen who were positioned in the widest possible area for communications that resulted in the successful transferring of their unbreakable code.

Many Native American Code Talkers provided vital combat information in their native language, regarding the enemies' locations and their strength. As a result, countless American soldier's lives were saved in battle. As a member of the House Committee of Veteran Affairs, I acknowledge the magnitude of commitment these men carried out in order to defend our Country and to grasp victory.

Last year on July 26, 2001, I had the privilege to participate in the Congressional Gold Medal award ceremony for the Navajo Code Talkers. Mr. Speaker, I support this legislation that will honor additional heroes of America, the Sioux, Comanche, and Choctaw Code Talkers. These code talkers respectfully deserve equal recognition for their heroic support in World Wars I and II.

JUNETEENTH

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 20, 2002

Mr. RANGEL. Mr. Speaker, I rise today to recognize the historic significance of June 19th, known as Juneteenth, a day which marks the end of slavery across America and the independence of African Americans.

Juneteenth began in the great State of Texas when Major General Gordon Granger of the Union Army led his troops into the city of Galveston. There, on June 19, 1865, he officially proclaimed freedom for slaves in that State. Note that this was two and a half years
