

Mr. Dooley has spent the better part of his life in service to the labor movement and his community. Throughout his career he has served as International Representative, President, Vice President, and Legislative Coordinator to various Labor organizations.

Active in numerous charitable organizations, Mr. Dooley is a member of the Board of Directors of New Brunswick Tomorrow, the Vice President of the David B. Crabiel Scholarship Foundations, and the Assistant Treasurer of the Middlesex County Board of Social Services. He has also been actively involved with the Middlesex County Heart Association, Middlesex County Open Space and Recreation Advisory Board, the United Way, and various religious organizations including the Diocese of Metuchen and St. Peter's Parish.

Mr. Dooley has also been very active in the Irish American community as a member of the Friendly Sons of the Shillelagh of the Jersey Shore, Friendly Sons of St. Patrick of Central New Jersey, and the Ocean County Emerald Society. Just this year the Ancient Order of Hibernians in America named him Irishman of the Year.

With Thomas Dooley's retirement, the Middlesex County Central Labor Council and PACEIU will be losing a worker, a family man, and a leader in the labor community. I want to offer my congratulations and thanks for his outstanding years of service. His hard work and dedication to the labor movement and his community will be sorely missed.

TRIBUTE TO SHAMONG TOWNSHIP

HON. JIM SAXTON

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 24, 2002

Mr. SAXTON. Mr. Speaker, I rise today to pay tribute to Shamong Township, Burlington County, New Jersey as it celebrates its 150th Anniversary of Incorporation.

Shamong is an Indian name meaning "place of the horn," so named for the abundance of deer that supplied both food and clothing for the Native Americans living or visiting there for centuries.

Named Brotherton in 1758 when 3,285 acres were set aside for an Indian reservation, all remaining Indians south of the Raritan River were invited to reside there. Native Americans were encouraged to work in the mills then found in the area, thus bringing the areas most popular name, Indian Mills. The reservation was returned to the government in 1801 when the majority of the Indians moved to New York State and joined with the Oneidas.

Farming has long been the most prevalent of Shamong's enterprises, and has long provided a livelihood for its residents.

As a political entity, Shamong Township was formed in February, 1852 from parts of Medford, Southampton and Washington Townships. It was larger then, but soon gave ground to Woodland Township in 1866, and Tabernacle Township in 1901. Some of its former size was regained in 1902 when portions of Atlantic and Camden counties were annexed.

Shamong Township lies near the geographic center of the megalopolis extending from Boston to Richmond. In the heart of the

Pinelands, a U.S. Biosphere Reserve, Shamong is home to the history and lore of the Pines. The woodlands are largely a part of the Wharton Tract and are state-owned. Its farms are still productive. New residential areas are planned, while industry and business seek their place in the community as well.

I congratulate Shamong Township and its residents for one and one-half centuries of the embodiment of rural life, and join their celebration of their history.

A TRIBUTE TO MR. DONALD SMITH

HON. JOHN E. SWEENEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 24, 2002

Mr. SWEENEY. Mr. Speaker, I would like to take this opportunity to pay honor to a great man. In the aftermath of the September 11th terrorist attacks, we have learned the true definition of a hero. A hero is a person who risks his life every day for the sake of helping others. Donald Smith fits that definition. Mr. Smith served for more than 40 years as a member of the Fort Ann, New York, Volunteer Fire Company and West Fort Ann, New York, Volunteer Fire Company. His service to the community of Fort Ann and the 22d district of New York deserves recognition.

Mr. Speaker, Donald Smith was the epitome of dedication. He worked tirelessly in all activities of the fire company, whether it was responding to a call, conducting a fundraiser, or simply washing one of the fire trucks. He played a vital role in training new firefighters and served as a leader for all to follow. His reliability to the company was unparalleled. No matter what needed to be done, Mr. Smith was always one of the first to respond.

Mr. Speaker, Donald Smith was a member of the West Fort Ann Volunteer Fire Company for only three years before his passing. His service to the company was best exemplified through his constant selflessness. He did not attend one of the company's annual banquets, because he felt that due to his short time with the company, he did not deserve to attend for free. His dedication and tireless efforts however, will not go unrecognized. On May 26, 2002, Mr. Smith will be honored with the Firefighter of the Year award at the West Fort Ann Volunteer Fire Company's annual banquet. This is a great honor to a distinguished individual, who made a great impression on the community and all those he touched and served.

Mr. Speaker, the life of Donald Smith deserves to be recognized. I truly feel that the amount of service one dedicates to the community truly measures the extent of one's character. Risking one's life for the sake of helping others is extremely admirable. What is most striking though, is that Mr. Smith was a volunteer firefighter. He committed these brave and courageous acts day in and day out without compensation or reward for them. His motivation was simply the desire to assist those in his community. Donald Smith was a dedicated firefighter and a true hero, Mr. Speaker, and I ask all members to join me in paying tribute to him.

PERSONAL EXPLANATION

HON. HAROLD ROGERS

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 24, 2002

Mr. ROGERS of Kentucky. Mr. Speaker, on Thursday, April 18, 2002, I was in Somerset, Kentucky attending the funeral services for a dear friend of mine, Pulaski County Sheriff Sam Catron. As such, I was not present for rollcall votes #99-103. The votes were on the approval of the journal, a motion to instruct conferees on the farm security bill, and consideration of H.R. 586, the Tax Relief Guarantee Act of 2002. Had I been present, I would have voted yea on rollcalls #99, 101, 102, 103, and nay on rollcall #100.

CONGRATULATING "CLUB 60," ONE OF THE OLDEST SENIOR CITIZENS CLUBS IN NEW YORK STATE

HON. SUE W. KELLY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 24, 2002

Mrs. KELLY. Mr. Speaker, I rise today to honor the 50th anniversary of the founding of "Club 60," an organization that promotes social, intellectual and recreational activities for the senior citizens in the Town of Poughkeepsie. In March 1952, the Women's City and Country Club became interested in establishing clubs for the aging. At that same time, Chairman of the New York State Joint Legislature Committee on Problems of the Aging, Thomas C. Desmond, contacted all the mayors of cities and towns and urged them to proclaim May 1952 as the First Senior Citizens Month. The Mayor of the City of Poughkeepsie complied and May 1952 became the first Senior Citizens Month in the town with the formation of this senior 60 group.

Since that first meeting where 25 members came to play games, talk and enjoy a cup of tea, the club has grown to include over 140 seniors today. At the beginning, without much guidance, their aim was to merely get people there and have the type of meetings seniors would be interested in coming back to. Like any other organization, Club 60 has grown tremendously over the years. Not only do members elect their own officers in May of each year, but they now have a constitution and by-laws, as well as weekly business meetings. The seniors, who pride themselves on being self-supporting are encouraged to make their own decisions and plan their own programs. This has aided in continuing some of the members youthful pleasures and enjoyments such as ceramics and painting classes. Keeping active is crucial to both their physical and mental well-being. From day trips, to picnics and annual dinners, this elderly club provides companionship opportunities that seniors wouldn't necessarily have if they did not belong to this group.

It is satisfying to see other clubs for senior citizens are forming around the country. As people are living longer, it is important we continue to promote educational and recreational opportunities for those over 60. A gathering place, such as Club 60, where the

elderly come together to recreate, share hobbies and common interests will certainly enhance their quality of life. For 50 years, this senior citizen group has provided opportunities to meet new friends, develop new interests and socialize with peers. For all their efforts, my fellow colleagues, please join me in honoring Club 60, an organization that has been instrumental in meeting the social, physical and mental needs of our senior citizens.

TRIBUTE TO LAKE CITY, FLORIDA'S USO SHOW PERFORMED BY MEMBERS OF THE AMERICAN LEGION AUXILIARY UNIT 57 AND AMERICAN LEGION POST 57, DEPARTMENT OF FLORIDA

HON. KAREN L. THURMAN

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 24, 2002

Mrs. THURMAN. Mr. Speaker, I am here today to pay tribute to a wonderful group of men and women in Lake City, Florida who started their own local USO troupe called Reflections of the USO and are delighting audiences near and far. The 16 members that make up the two performing groups—called the Eloquence and the Sweethearts—are all members of the American Legion Auxiliary Unit 57 or the American Legion Post 57, Department of Florida. As part of their USO show, they wear spirited costumes from the 1950s and '60s and lip synch oldies but goodies once performed by entertainers with the United Service Organization (the USO) for our troops overseas.

In celebration of the USO's 60th birthday, the Lake City group performed a special Valentine's Day dance featuring memorable tunes like Boogie Woogie Bugle Boy. They raised \$300 that night, which the group generously donated to the USO. Since then, the group has continued to entertain audiences throughout the community and state at Lake City Community College, the VA Hospital, the Shriners and a nursing home in Orlando. They've even performed during Elder Day at the state Capitol in Tallahassee.

I'm so proud of them, and their tremendous spirit, enthusiasm and patriotism. Mr. Speaker, please join me in recognizing the following individuals who are part of this unique mission to rekindle the memory of the USO and to keep its work alive: Ginger Fitzgerald; Pat Barribeau; Annette Burnham; Larry Burnham; Gaynell Burnham; Betty Jo Henderson; Wanda Procoplo; Sandy Reeves; Paula Schuck; Pat Priest; Barbara Reppert; Carol Underhill; Alberto Marriott; Mark Thomas; Philip Hearne; Randy Sweet and Marian Wyman.

I would also like to submit for the Record a history of the group called "A Small Flower" written by troupe member, Patricia Barribeau, who is also the Unit National Security Chairman of the American Legion Auxiliary Unit 57.

A SMALL FLOWER

Like a seed that blossoms into a beautiful flower, a small project within our Auxiliary blossomed beyond belief. The spirit of the holidays and the challenge to fill the dance hall for our Holly Ball was the beginning. Someone said, "Let's sing some songs when the band takes a break." Eyes rolled and heads wagged. I thought to myself, 'How ridiculous; I've got the voice of a frog.' But six members took the challenge, and little did they know what was in store.

The first undertaking was to decide exactly what we were going to do. This was the point when we discovered that no one could really sing. So we decided instead to choose a few select songs from the past that brought back memories and lip synch. Among the original songs were Boogie Woogie Bugle Boy, Soldier Boy and God Bless The USA. We wore red, white and blue dresses, shiny fabric with long gloves and high heels. Finally, opening night arrived and we were a hit.

We started planning for the Annual Sweetheart Dance soon after the first of the year. Enthusiasm was high so we decided to entertain at the dance. By now, there was a name for the group: The Eloquence. It was time to make the program a little longer so we added two new acts: The Sweethearts, performing Sincerely and Dedicated To The One I Love and Kate Smith with God Bless America. Four women make up The Sweethearts. They wear dark pants, white shirts, sequined red vests, cummerbunds and red bow ties. As for Kate Smith, she wears her signature black dress with a sweetheart neck and a long lovely silk handkerchief. She is truly a vision of her early days. Also, a member of the Sons of the American Legion joined the ranks in his army fatigues. He'd Join in Boogie Woogie Bugle Boy and Hang On Sloop.

The birth of the USO show came about in somewhat of a similar manner. Out of somewhere a voice said, "We look like a USO troupe!" and another said, "Let's build that up." We'll take up a collection for the USO. And before you know it, WWII, Korean War and Vietnam-era songs were being practiced and remembered. We gathered information about the USO from the Internet, the library and the encyclopedia, wrote a history of the USO that would serve as the opening to the show.

The night of the Sweetheart Dance arrived, and we had the jitters. So the District Chaplain had us take hands, bow our heads and ask God to help us through this without making fools of ourselves. We walked onto stage and to our surprise there were more than 350 people in the hall. Thankfully, the show went off without a hitch, and after all expenses, we made \$300, which we sent to the USO in the name of American Legion Auxiliary Unit 57, Lake City, Florida.

Soon, we received numerous invitations to perform. We were asked to entertain for the residents of the Veterans Home in Lake City. We performed at a luncheon for senior citizens from five surrounding counties at the request of the local chapter of the Florida Association of Community Colleges. By now, the telephone calls were streaming in. Could we perform for the Shriners in May to raise more money for the USO? How about coming to the VA Hospital in April? Can you make it to some of the local festivals? Can you entertain at the Veterans of Foreign Wars Post Home? That would be another place where we can take up a collection for the USO. It seemed as if everyone knew about the American Legion Auxiliary USO presentation. We recognized veterans in the community at every program. The most outstanding request of all came when we were asked to appear in Tallahassee in the Rotunda at the Capitol on April 19.

Our local USO dance troupe of the American Legion Auxiliary Unit 57, Florida, is doing more than preserving an old pastime. We are rekindling a love of our country and recognizing our veterans for a job well done. We are also collecting donations for the USO so that they will be able to continue to make life a little better for our young men and women in the military who serve our country so dutifully here and around the world.

This project has truly turned into a very big red poppy.

TREATMENT FOR PROSTATE CANCER

HON. PATRICK J. KENNEDY

OF RHODE ISLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 24, 2002

Mr. KENNEDY of Rhode Island. Mr. Speaker, I wish to insert into the RECORD a study published by Health Policy R&D. The study investigates the promise of the use of brachytherapy as a treatment for prostate cancer.

STUDY SUMMARY—BRACHYTHERAPY: A DESIRABLE AND COST EFFECTIVE OPTION FOR THE TREATMENT OF PROSTATE CANCER

Brachytherapy (pronounced "brake-e-ther-apy") is a cancer therapy that offers individuals with prostate cancer an effective treatment with lower risks of potentially devastating side effects than the leading clinical alternatives. Brachytherapy is a form of radiation treatment in which a radioactive isotope—or "seed"—is inserted directly into a patient's prostate. Nearly 200,000 men are diagnosed with prostate cancer each year.

This study has been prepared to educate individuals about brachytherapy with hard data and facts. It provides an overview of the science behind brachytherapy, its clinical impact, the relative cost advantages it offers and the improved quality of life it offers to prostate cancer survivors.

This study reveals that if just one in eight men diagnosed with prostate cancer chose brachytherapy over radical prostatectomy, our health care system would save nearly \$93 million annually in direct treatment costs, based on Medicare data. Society would save an additional \$46 million by avoiding expensive complications and lost work time.

Clinical Advantages of Brachytherapy—Lower Rates of Serious Side Effects: Typically a 45-minute outpatient procedure, brachytherapy treats early-stage prostate cancer as well as or better than the alternatives of radical prostatectomy (surgical excision of the prostate) and external beam radiation. In addition, complications occur less frequently in brachytherapy than with radical prostatectomy (still the most common treatment), including—lower risks of erectile dysfunction (also known as impotence), lower risks of urinary incontinence, lower risks of other significant complications, including surgical mortality.

Cost-Effectiveness of Brachytherapy: Brachytherapy offers not only clinically effective treatment, but also cost-effective treatment. Specifically, brachytherapy offers two tiers of cost savings: lower direct treatment costs than radical prostatectomy and lower indirect costs for treatment and mitigation of serious complications.

This study considers the costs that could be avoided annually if just one in eight men of the nearly 200,000 men annually diagnosed with prostate cancer chose brachytherapy over the most common alternative: surgical removal of the prostate. The resulting savings breaks down as follows: \$93 million in direct savings for direct treatment costs, \$21.3 million in treatment costs for erectile dysfunction, \$14.6 million in costs to address urinary incontinence, \$25 million for lost productivity.

The assumptions in this study are conservative. The estimate of savings due to brachytherapy would be even higher if additional considerations were quantified, such
