“(iii) only through matching foreign export credit offers can the Bank buttress United States negotiators in their efforts to bring these loopholes within the disciplines of the Arrangement; and

“(iv) in order to bring untied aid within the discipline of the Arrangement, the Bank should consider initiating highly competitive financial support when the Bank learns that foreign untied aid offers will be made; and

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendment of the House to the bill S. 1372, to reauthorize the Export-Import Bank of the United States, submit the following joint statement to the House and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report:

The House amendment struck all of the Senate bill after the enacting clause and inserted a substitute text.

The Senate recedes from its disagreement to the amendment of the House with an amendment that is a substitute for the Senate bill and the House amendment. The differences between the Senate bill, the House amendment, and the substitute agreed to in conference are noted below, except for clerical corrections, conforming changes made necessary by agreements reached by the conferees, and minor drafting and clerical changes.

The managers on the part of the House and Senate met on May 21, 2002 (the Senate chairing), and reconciled the differences between the two bills are explained below.

SHORT TITLE

Senate Bill

Section 1 of the Senate bill provides the short title of the bill, the “Export-Import Bank Reauthorization Act of 2001.”

House Amendment

Section 1 of the House amendment provides the short title of the bill, the “Export-Import Bank Reauthorization Act of 2002”, and provides a table of contents.

Conference Agreement

The Senate recedes to the House, with an amendment consisting of an updated table of contents.

Clarification That Purposes Include United States Employment

Senate Bill

The Senate bill contains no similar provision.

House Amendment

Section 2 of the House amendment provides that the objects and purposes of the Bank include ensuring the employment of United States workers.

Conference Agreement

The Senate recedes with an amendment stating that the Bank’s objective shall be to contribute to maintaining employment of U.S. workers.

EXTENSION OF AUTHORITY

Senate Bill

Section 2 of the Senate bill reauthorizes the Export-Import Bank of the United States (the Bank or Ex-Im) through September 30, 2006.

House Amendment

Section 3 of the House amendment reauthorizes the Bank through September 30, 2005.

Conference Agreement

The House recedes to the Senate. The intention of the conferees was to provide an extension of the authorization for the Bank—2006—that would not coincide with the first year of a President’s term. The purpose was not to burden a new Administration with the task of both placing new leadership in the Bank and managing the reauthorization of the Bank.

ADMINISTRATIVE EXPENSES

Senate Bill

The Senate bill contains no similar provision.

House Amendment

Section 4 of the House amendment authorizes \$80 million for the administrative budget of the Bank for FY2002. For FY2003 through 2005, the amount authorized for administrative expenses is \$80 million plus an annual inflation index. The following two new budget subcategories are created within the Administrative expenses budget category: technology, and outreach to small businesses with fewer than 100 employees. For FY2002, the bill authorizes \$2 million for outreach to small businesses with fewer than 100 employ-

ees. For FY2003 to FY2005, this \$2 million authorization figure will be indexed annually for inflation. This section also includes sense of the Congress language on the importance of technology improvements at the Bank.

Conference Agreement

The Conferees agree to include budget subcategories in the President’s budget relating to administrative expenses and to a sense of the Congress on the importance of technology improvements at the Export-Import Bank.

INCREASE IN AGGREGATE LOAN, GUARANTEE, AND INSURANCE AUTHORITY

Senate Bill

The Senate bill contains no similar provision.

House Amendment

Section 5 of the House amendment increases the current statutory ceiling of \$75 billion on the total amount of Ex-Im loans, guarantees, and insurance outstanding at any one time to \$100 billion in FY 2002, \$110 billion in FY 2003, \$120 billion in FY 2004 and \$130 billion in FY 2005. This statutory ceiling will also be indexed for inflation in each year of the authorization.

Conference Agreement

The Senate recedes with an amendment to increase the Bank’s loan, guaranty, and insurance authority to \$85 billion in FY 2003, \$90 billion in FY 2004, \$95 billion in FY 2005, and \$100 billion FY 2006.

ACTIVITIES RELATING TO AFRICA

Senate Bill

Section 3 of the Senate bill extends the expiration date for the sub-Saharan Africa advisory committee of the Export-Import Bank from September 30, 2001 to September 30, 2006.

House Amendment

Section 6 of the House amendment reauthorizes the sub-Saharan Africa Advisory Committee for four years until September 30, 2005. The provision requires the Bank to continue to report to Congress annually for each of the four years on steps taken in Sub-Saharan Africa and to consult with the Department of Commerce and the Trade Promotion Coordinating Committee on Africa activities. This section also creates an Office on Africa within the Bank.

Conference Agreement

The House recedes with amendments relating to the Trade Promotion Coordinating Council and reports issued to Congress.

SMALL BUSINESS

Senate Bill

Section 5 of the Senate bill increases from 10 percent to 18 percent the amount the Ex-Im Bank must make available of its aggregate loan, guarantee, and insurance authority each fiscal year to finance exports directly by small business concerns.

House Amendment

Section 7 of the House amendment increases the volume of small business lending the Bank must pursue from the current statutory minimum of 10 percent of all authorizations annually to a minimum of 20 percent of total Bank financing. The Bank is required to set-aside a minimum of 8 percent of the total Bank financing to be used for small businesses with less than 100 employees. The Bank must also conduct outreach and increase loans to businesses owned by socially disadvantaged individuals or women and also must establish an Office of Small Business Exporters.

Conference Agreement

The Senate recedes to the House with an amendment providing for outreach to businesses owned by socially and economically

disadvantaged small business concerns, small businesses owned by women and to small businesses employing fewer than 100 employees. The Small Business Administration's definitions of businesses owned by "socially disadvantaged individuals" and women are the definitions to be used by the Bank in the implementation of this provision.

TECHNOLOGY

Senate Bill

The Senate bill contains no similar provision.

House Amendment

Section 8 of the House amendment requires the Bank to focus on technology improvements, which will improve small business outreach. The legislation directs the Bank to implement both an electronic system designed to track all pending transactions and technology to allow customers to use the Internet to apply for all Bank programs. The Bank is also directed to submit to Congress an interim report and an annual report for each year of the four-year authorization on technological progress made by the Bank and on how this is assisting small businesses.

Conference Agreement

The Senate recedes with an amendment focusing the efforts on small business and mandating an annual report on the Bank's progress.

TIED AID CREDIT FUND

Senate Bill

The Senate bill contains no similar provision.

House Amendment

Section 9 of the House amendment mandates that the Department of Treasury in cooperation with the Export-Import Bank develop the process and standards governing how the Tied Aid Credit Fund is used. The Department of Treasury must report on this process and standards to the House Financial Services and Senate Banking Committees as soon as possible but no later than 6 months after enactment of this legislation. Any subsequent updates to the process and standards must likewise be reported to Congress. The Export-Import Bank will administer the Tied Aid Credit Fund on a deal-by-deal basis in accordance with these standards. The Department of Treasury will not have the power to veto specific Tied Aid Credit Fund transactions. Until the Department of Treasury has reported back to the House Financial Services and the Senate Banking committees on standards for the Tied Aid Credit Fund, the standards enumerated in the legislation will govern the use of the Tied Aid Credit Fund. Finally, this section also requires the Bank to reconsider a denial of the use of Tied Aid funds if the applicant requests reconsideration within 3 months of the original decision.

Conference Agreement

The Senate recedes to the House with an amendment removing the reference to the ability of the Secretary of Treasury's authority to veto the use of tied aid and stating that the after the principals, process and standards developed by the Department of Treasury and the Export-Import Bank have been followed in a given case, the Export-Import Bank will make the final decision on that case regarding the use of the tied aid credit. However, such credit shall not be approved if the President of the United States determines after consulting with the President of Ex-Im and the Secretary of the Treasury that the extension of such credit would materially impede the enforcement of existing arrangements restricting the use of tied aid or efforts to establish, negotiate or

enforce arrangements to restrict the use of tied aid for commercial purposes.

Senate Bill

The Senate bill contains no similar provision.

Conference Agreement

The House recedes to the Senate.

EXPANSION OF AUTHORITY TO USE TIED AID CREDIT FUND

Senate Bill

Section 6 of the Senate bill directs the U.S. to seek negotiations for multilateral disciplines and transparency for market windows within the Organization for Economic Cooperation and Development (OECD) Export Credit Arrangement. One year after the enactment of the legislation, the Treasury Department must report to the House Financial Services Committee and the Senate Banking Committee on progress in reaching this OECD agreement on untied aid. Two years after enactment of the legislation, the Treasury Department must report to the House Financial Services Committee and the Senate Banking Committee on progress in reaching an OECD agreement on market windows. This section allows the Tied Aid Credit Fund to be used to combat both untied aid and market windows.

Conference Agreement

The Conferees adopt a provision consisting of the House provisions relating to untied aid and the Senate provision relating to market windows with an additional report relating to negotiations on market windows in the OECD.

Senate Bill

Section 4 of the Senate bill requires the Ex-Im Bank to submit its annual competitiveness report to Congress not later than June 30 of each year. Section 4 also specifies that the bank's annual report to Congress on export credit competition should include information on export financing available to foreign competitors through market windows. Finally, section 4 requires the Ex-Im Bank to estimate the annual amount of export financing available from the government and government-related agencies and include that information in Ex-Im's annual competitiveness report.

House Amendment

Section 12 of the House amendment requires the Bank to submit its annual competitiveness report by June 30 of each year. Within this report, the Bank is directed to list the volumes of financing of the different

Foreign Export Credit Agencies and classify its transactions according to their principal purpose, such as to correct a market failure or provide matching support.

Conference Agreement

Conference Agreement

The Conferees agree to create a new section entitled "Annual Report" which requires the Bank to supply the Congress information relating to technology assistance to small business concerns, and small business suppliers to users of the Bank. The Bank is further required to report on outreach efforts to socially and economically disadvantaged small business concerns, small business concerns owned by women, and small business employing fewer than 100 people.
