AMENDMENTS

Under clause 8 of rule XVIII, proposed amendments were submitted as follows:

H.R. 4628

OFFERED BY: Mr. CHAMBLISS

AMENDMENT No. 3: At the end (page 30, after line 7), add the following new title:

TITLE VI—INFORMATION SHARING

SEC. 601. SHORT TITLE.

This title may be cited as the "Homeland Security Information Sharing Act".

SEC. 602. FINDINGS AND SENSE OF CONGRESS.

(a) FINDINGS.—The Congress finds the following:

(1) The Federal Government is required by the Constitution to provide for the common defense, which includes terrorist attack.

(2) The Federal Government relies on State and local personnel to protect against terrorist attack.

(3) The Federal Government collects, creates, manages, and protects classified and sensitive but unclassified information to enhance homeland security.

(4) Some homeland security information is needed by the State and local personnel to prevent and prepare for terrorist attack.

(5) The needs of State and local personnel to have access to relevant homeland security information to combat terrorism must be reconciled with the need to preserve the protected status of such information and to protect the sources and methods used to acquire such information.

(6) Granting security clearances to certain State and local personnel is one way to facilitate the sharing of information regarding specific terrorist threats among Federal, State, and local levels of government.

(7) Methods exist to declassify, redact, or otherwise adapt classified information so it may be shared with State and local personnel without the need for granting additional security clearances.

(8) State and local personnel have capabilities and opportunities to gather information on suspicious activities and terrorist threats not possessed by Federal agencies.

(9) The Federal Government and State and local governments and agencies in other jurisdictions may benefit from such information.

(10) Federal, State, and local governments and intelligence, law enforcement, and other emergency preparation and response agencies must act in partnership to maximize the benefits of information gathering and analysis to prevent and respond to terrorist attacks.

(11) Information systems, including the National Law Enforcement Telecommunications System and the Terrorist Threat Warning System, have been established for rapid sharing of classified and sensitive but unclassified information among Federal, State, and local entities.

(12) Increased efforts to share homeland security information should avoid duplicating existing information systems.

(b) SENSE OF CONGRESS.—It is the sense of Congress that Federal, State, and local entities should share homeland security information to the maximum extent practicable, with special emphasis on hard-to-reach urban and rural communities.

SEC. 603. FACILITATING HOMELAND SECURITY INFORMATION SHARING PROCEDURES.

(a) PROCEDURES FOR DETERMINING EXTENT OF SHARING OF HOMELAND SECURITY INFORMATION.—

(1) The President shall prescribe and implement procedures under which relevant Federal agencies determine—

(A) whether, how, and to what extent homeland security information may be shared with appropriate State and local personnel, and with which such personnel it may be shared;

(B) how to identify and safeguard homeland security information that is sensitive but unclassified; and

(C) to the extent such information is in classified form, whether, how, and to what extent to remove classified information, as appropriate, and with which such personnel it may be shared after such information is removed.

(2) The President shall ensure that such procedures apply to all agencies of the Federal Government.

(3) Such procedures shall not change the substantive requirements for the classification and safeguarding of classified information.
