ABORTION NON-DISCRIMINATION ACT OF 2002

Mrs. MYRICK. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 546 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 546

Resolved, That upon the adoption of this resolution it shall be in order to consider in the House the bill (H.R. 4691) to prohibit certain abortion-related discrimination in governmental activities. The bill shall be considered as read for amendment. The previous question shall be considered as ordered on the bill to final passage without intervening motion except: (1) one hour of debate on the bill equally divided and controlled by the chairman and ranking minority member of the Committee on Energy and Commerce; and (2) one motion to recommit.

The SPEAKER pro tempore (Mr. LAHOOD). The gentlewoman from North Carolina (Mrs. MYRICK) is recognized for 1 hour.

Mrs. MYRICK. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentlewoman from New York (Ms. SLAUGHTER) pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

On Tuesday, the Committee on Rules met and granted a closed rule for the Abortion Non-Discrimination Act of 2002. H.R. 4691 strengthens existing law by saying that health care entities should not be forced by the government to provide abortions. It is a very small but very important step in the right direction. It simply protects conscience rights of those organizations who do not want to be involved in abortion.

I urge Members to act promptly to enact the Abortion Non-Discrimination Act, which will address the crisis of conscience rights and begin to eliminate the intolerance, coercion and discrimination against health care participants who do not believe in participating in abortion procedures due to moral or religious beliefs.

In 1996 Congress passed a law that forbids government discrimination against health care entities that refuse to undergo training in the performance of induced abortions, to require or provide such training, to perform such abortions or to provide referrals for such training for such abortions.

However, due to recent judicial misrepresentation, H.R. 4691 is needed to clarify that health care entities include all health care organizations, including hospitals. It is a simple, commonsense and technical change.

I am pleased that in my home State of North Carolina a physician or a nurse does not have to perform abortion if it is against their religious principles. The same applies for hospitals and health care institutions. In fact, 44 other States have similar conscience clauses. So this is not something new and different.

As a cosponsor of this legislation, I am very pleased to see it reach the floor of the House.

I also believe that today a growing number of health care practices, procedures and medications present serious moral concerns for many health care providers. Recent medical and pharmacological developments increasingly put health care entities at the vortex of some of society's controversial moral dilemmas.

Increasingly, there is pressure upon health care providers, both individuals and organizations, to put aside personal moral beliefs in order to facilitate convenient access to new drugs, procedures and technologies. In the ordinary course of professional life, without any additional pressures, these dilemmas arise often enough to create crisis for tens of thousands of health care entities.

However, in addition to these dilemmas, there are increasing pressures upon health care participants to facilitate or provide products or services which violate their own conscience. Advocates of particular procedures and programs, particularly major promoters of abortion, are systematically singling out health care providers and entities to squeeze and compel them to abandon their moral values as the price to pay to remain in the profession or in the market.

Mr. Speaker, health care providers want this bill in overwhelming numbers, believing in their hearts that they too have a right to choose, a right to choose not to be involved in destroying life. To that end, I urge my colleagues to support the rule and the underlying bill.

Mr. Speaker, I reserve the balance of my time.

Ms. SLAUGHTER. Mr. Speaker, I yield myself such time as I may consume.

(Ms. SLAUGHTER asked and was given permission to revise and extend her remarks.)

Ms. SLAUGHTER. Mr. Speaker, I thank the gentlewoman from North Carolina (Mrs. MYRICK) for yielding me the customary 30 minutes.

Mr. Speaker, it has been a mere 6 weeks since the leadership lobbied on to the House floor a bill targeting women and their reproductive health care. Be assured that the election season is upon us, and in the face of a crumbling stock market and exploding deficits and uncertain war on terrorism at home and calls for new war in Iraq, of this we can be sure: Congress will use the floor of the House of Representatives to push propaganda restricting a
