NAYS—7

NOT VOTING—20

□ 1320

So the joint resolution was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

PRIVILEGES OF THE HOUSE— SENSE OF HOUSE THAT CON- GRESS SHOULD COMPLETE AC- TION ON H.R. 854 OR OTHER PRO- VIDER REIMBURSEMENT LEGIS- LATION

Mr. FARR of California. Mr. Speaker, I rise to a question of the privileges of the House and offer a privileged resolution that I noticed pursuant to rule IX and ask for its immediate consideration.

The SPEAKER pro tempore (Mr. THORNBERRY). The Clerk will report the resolution.

The Clerk read as follows:

Whereas President George W. Bush has urged Congress to put Medicare on a “sustainable financial footing” in order to assure Americans of affordable and accessible health care.

Whereas the Administration has failed to take action to protect Medicare and Medicaid programs from severe cuts that threaten basic services to persons in need of health care.

Whereas the Medicaid program is facing significant cuts through reductions in the disproportionate share hospital program, threatening the very financial viability of the nation’s public hospitals.

Whereas the cuts made in order by the Balanced Budget Act were postponed until 2003 by the Benefits Improvement and Protection Act but without further congressional action cuts will be reimposed and have the potential to seriously cripple safety-net public health services in states across the nation.

Whereas, in addition to slashing payments to hospitals the Administration has also eliminated the UPL payments for hospitals,

further weakening their ability to provide health care to the indigent and uninsured.

Whereas federal payments to states for this program have been reduced by approximately \$700 million in FY 2002 and will be reduced further by about \$900 million in FY 2003, thus severely restricting public hospitals’ ability to serve persons in need of health care.

Whereas the number of uninsured persons without access to health care has risen in the last year to 41.2 million.

Whereas by failing to act Congress imposes on the states and localities an undue burden to carry health care costs as well as abrogates its responsibility to maintain the general welfare of the country, bringing discredit to this Body and threatening the very well-being of the populace.

Now, Therefore, Be It Resolved that it is the sense of the House of Representatives that the Congress should complete action on H.R. 854 or other provider reimbursement legislation before recessing and should insure that Medicare and Medicaid providers have appropriate funds to carry out their health care mandates.

The SPEAKER pro tempore. The Chair will hear briefly from the proponent of the resolution as to whether the resolution constitutes a question of privileges of the House under rule IX.

Mr. FARR of California. Mr. Speaker, rule IX of the House Rules Manual states that questions of privilege are “those affecting the rights, reputation, and conduct of, Members, Delegates, or the Resident Commissioner, individually, in their representative capacity only.”

The rights, reputation and conduct of this Member are negatively affected when the House cannot move legislation that the American people overwhelmingly support. That is true when it comes to full funding for education, for prescription drug, HMO reform and economic recovery.

I, like others, represent 700,000 people. My rights and those of my constituents are being denied when urgent legislation that has majority support is blocked from consideration simply because the Republican leadership will not schedule the bill.

As a result, I believe this resolution meets the test of privilege.

While the health care safety net is under particular strain, general health care providers, hospitals, doctors and home health care agencies are facing disastrous financial circumstances.

The Disproportionate Share Hospitals, also known as DSH hospitals, cuts first enacted in the Balanced Budget Act of 1997 were initially postponed, but now are scheduled to go back into force, creating a health care havoc for hospitals across this Nation. In California alone, the DSH cuts total \$184 million and will grow exponentially if we do not act to correct this situation. The hospital system in California, nor in any other State, can absorb this level of funding reduction. We have to act now.

Other provider reimbursement programs are facing similar financial catastrophe. Physician reimbursements were reduced by 5.4 percent in January of this year and are scheduled to decline by another 17 percent by the year

2005. Just 2 days ago, a 10 percent reduction in nursing reimbursements to nursing homes and skilled nursing home facilities was implemented. How are these critical facilities supposed to cope? How will their patients fare unless Congress addresses a reasonable level of care?

States and localities that operate hospitals and health clinics to treat the indigent and low-income populations rely on Medicaid revenues to help cover their costs. Low provider rates compound the effects of other losses that these facilities will be experiencing this year, including the dramatic drop in Federal revenues from the DSH cliff and reductions in State support, and reductions in the State support because of the implications at the State level.

I urge this body not to recess unless we can correct the problem and make sure that basic health care providers, our public hospitals and doctor networks, have the funds they need to give care when and where it is needed. It is our duty as the legislative branch of government not to abandon these responsibilities. We must do this, and we have to do it now.

I ask for support of my resolution.

The SPEAKER pro tempore. The Chair is prepared to rule on whether the resolution offered by the gentleman from California constitutes a question of the privileges of the House under rule IX.

The resolution offered by the gentleman from California expresses the sense of the House that the Congress should complete action on a legislative measure. Specifically, the resolution calls upon the Congress to complete action on a specific health care bill or other similar legislation and to ensure that health care providers are adequately funded.

As the Chair ruled yesterday, a resolution expressing the sentiment that Congress should act on a specified measure does not constitute a question of privileges of the House under rule IX.

The Chair would further add that the Chair understands the gentleman from California purported to invoke a question of the privileges of the House rather than a question of personal privilege.

Accordingly, the resolution offered by the gentleman from California does not constitute a question of the privileges of the House under rule IX and may not be considered at this time.

Mr. FARR of California. Mr. Speaker, I appeal the ruling of the Chair, and I ask to be heard on the appeal.

□ 1330

The SPEAKER pro tempore (Mr. THORNBERRY). The question is, Shall the decision of the Chair stand as the judgment of the House?

MOTION TO TABLE OFFERED BY MR. HULSHOF

Mr. HULSHOF. Mr. Speaker, I move to lay the appeal on the table.

The SPEAKER pro tempore. The question is on the motion offered by

the gentleman from Missouri (Mr. HULSHOF) to lay on the table the appeal of the ruling of the Chair.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. FARR. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The Sergeant at Arms will notify absent Members.

The vote was taken by electronic device, and there were—yeas 206, nays 192, not voting 34, as follows:
