By Mrs. BOXER:

S. 1980. A bill to require a training program for all airline personnel responsible for checking passenger identification, and for other purposes; to the Committee on Commerce, Science, and Transportation.

By Mrs. BOXER:

S. 1981. A bill to enhance penalties for fraud in connection with identification documents that facilitates an act of domestic terrorism; to the Committee on the Judiciary.

Mrs. BOXER. Mr. President, today I am introducing two bills to help prevent terrorists from using false identification to gain access to our Nation's airports and airplanes.

The tragic events of September 11 taught our Nation and the world a very harsh lesson about the safety of our skies. Congress responded by drafting and passing legislation to ensure enhanced security at our airports and on our airplanes. I worked hard with my colleagues on the Senate Commerce Committee to increase the security of our Nation's skies, and we succeeded in passing an airline security bill.

However, there is still more we can do. Current law does not go far enough when it comes to guarding against the use of fake IDs by terrorists. The importance of this fact cannot be underestimated. As we now know, some of the terrorists who hijacked the planes on September 11 did indeed use fake IDs to board the planes. My two bills include three “T”s to prevent terrorists from using false identification—technology, training, and tough sentences.

First, the legislation I am introducing today will mandate training for airline personnel who are responsible for checking the identification of passengers.

Second, my legislation would provide technology to catch fraudulent IDs. It would require the placement of ID technology in every airport across the Nation. This technology would check

the validity of passengers' IDs, and could also include optical or facial scanners to determine if an individual is in a terrorist database. These technologies are out there, they're ready for use, and our airports should be using them starting now.

Finally, I propose legislation to mandate prison time for anyone who produces, transfers, possesses, or uses a fake ID in connection with terrorism. Currently, in Federal law, there is no mandatory imprisonment for the production, transfer, possession, or use of a fake ID. Under any circumstances, even in relation to terrorist acts. This, to me, seems wrong. If you at any point and time facilitate an act of terrorism by providing someone with a fake ID, making a fake ID, possessing a fake ID, or using that fake ID, you should go to jail. Period. My bill makes sure that principle is reflected in Federal law.

Last, my bill closes the loophole that punishes people for fake IDs used in acts of international terrorism, but not domestic terrorism. Under the USA PATRIOT Act the Congress passed last year, a definition of "domestic terrorism" was added to the criminal code. My bill makes sure that fake ID offenses related to domestic terrorism get the same punishment as those relating to international terrorism.

It simply is not enough to have sporadic safeguards in a handful of airports. The bills I am introducing today will help close loopholes that currently serve as wide open doors for terrorists.
