STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mrs. FEINSTEIN:

S. 2217. A bill to designate the facility of the United States Postal Service located at 3101 West Sunflower Avenue in Santa Ana, as the "Hector G. Godinez Post Office Building"; to the Committee on Governmental Affairs.

Mrs. FEINSTEIN. Mr. President, I rise to ask my colleagues to support a bill to name the Santa Ana, CA Post Office as the "Hector G. Godinez Post Office Building." I introduced similar legislation the during the last session of Congress, and I hope, with the Senate's support, it will become law during this session.

Hector Godinez, who passed away in May of 1999, was a true leader in his community of Santa Ana, CA. He was a pioneer in the United States Postal Service rising from letter carrier to become the first Mexican-American to achieve the rank of District Manager within the United States Postal Service. He served with honor in World War II, was a ardent civil rights activist and an active participant in civic organizations and local government.

After graduation from Santa Ana High School, Mr. Godinez enlisted into the armed services and was a tank commander in World War II under General George Patton. For his service, he earned a bronze star for bravery under fire and was also awarded a purple heart for wounds received in battle.

Upon his return home in 1946, Mr. Godinez started his first of 48 years of

distinguished service as a United States postal worker.

Hector Godinez was a true pillar within the Santa Ana community devoting his tireless energy to such civic groups as the Orange County District Boy Scouts of America, Santa Ana Chamber of Commerce, Orange County YMCA and National President of the League of United Latin American Citizens, one of the country's oldest Hispanic civil rights organizations.

On behalf of the Godinez family and the people of Santa Ana, CA, it is my pleasure to introduce this bill to name the Santa Ana, CA Post in his honor.

Mr. JEFFORDS:

S. 2220. A bill to amend the Solid Waste Disposal Act to require implementation by brand owners of management plans that provide refund values for certain beverage containers; to the Committee on Environment and Public Works.

Mr. JEFFORDS. Mr. President, I rise today in celebration of Earth Day to introduce the National Beverage Producer Responsibility Act of 2002. This legislation will increase recycling, reduce litter, save energy, create jobs, decrease the generation of waste and proliferation of landfills, and supply recyclable materials for a high-demand market.

The estimated 1999 recycling rate for aluminum, glass and plastic beverage containers was 41 percent when measured by units and 30 percent when measured by weight. This is unacceptable. We have many laws in place holding industries responsible for their actions; the beverage industry should not be exempt.

The arguments for increasing the beverage container recycling rate to 80 percent could not be more timely. This redemption rate would save the equivalent of 640 million barrels of oil in the next decade. Based on 1999 figures, recycled containers accounted for a reduction of greenhouse gas emissions by 4,093,000 metric tons, or about 79 pounds for each of 103.9 million households in the U.S. Analysis shows that land filling the containers recycled in 1999 would have required the use of about 20 million cubic yards of landfill space. A single landfill of this size, with a depth of 300 feet, would cover an area of about 40 acres. Recycling is an easy way to ease our dependence on foreign oil, reduce greenhouse gas emissions, and conserve natural resources.

Ten States, including Vermont, attest to the success of deposit legislation, commonly called bottle bills. Vermont, whose law passed in 1972, has one of the highest redemption rates in the nation, 95 to 98 percent of deposit-bearing containers are recycled. The popularity behind the issue grows every year; thirty bottle bills were introduced this year in State legislatures across this country.

The National Beverage Producer Responsibility Act of 2002 is a new approach to the traditional bottle bill
