#### SECTION 1. ESTABLISHMENT OF INITIATIVES FOR PREDOMINANTLY MUSLIM COUNTRIES.

(a) FINDINGS.—The Congress makes the following findings:

(1) Surveys indicate that, in countries of predominantly Muslim population, opinions of the United States and American foreign policy among the general public and select audiences are significantly distorted by highly negative and hostile beliefs and images and that many of these beliefs and images are the result of misinformation and propaganda by individuals and organizations hostile to the United States.

(2) These negative opinions and images are highly prejudicial to the interests of the United States and to its foreign policy.

(3) As part of a broad and long-term effort to enhance a positive image of the United States in the Muslim world, a key element should be the establishment of programs to promote a greater familiarity with American society and values among the general public and select audiences in countries of predominantly Muslim population.

(b) ESTABLISHMENT OF INITIATIVES.—The Secretary of State shall establish the following programs with countries with predominantly Muslim populations as part of the educational and cultural exchange programs of the Department of State:

(1) JOURNALISM PROGRAM.—A program for foreign journalists and postsecondary students of journalism which, in cooperation with private sector sponsors to include universities, shall sponsor workshops and professional training in techniques, standards, and practices in the field of journalism to assist the participants to achieve the highest standards of professionalism.

The program shall provide training in the library sciences, including exchange opportunities for postsecondary study in the United States. The purpose of the program shall be to advance American values and society, particularly the importance of freedom and democracy.

(3) ENGLISH LANGUAGE TEACHING.—The Secretary shall establish a program to provide grants to United States citizens to work in middle and secondary schools as English language teaching assistants for not less than an academic year. If feasible, the host government or local educational agency shall share the salary costs of the assistants.

Such partnerships shall encourage economic development, municipal cooperation, health care initiatives, youth and educational programs, disability advocacy, emergency preparedness, and humanitarian assistance.
