

ADDITIONAL STATEMENTS

TRIBUTE TO HARRISON WILLIAMS

• Mr. HOLLINGS. Mr. President, last November when our former colleague Harrison Williams passed away, I don't believe his legislative accomplishments were recognized by this body, and I wanted to remember my friend, the enormously popular Senator from New Jersey.

I had the privilege to serve with him for 15 of his 23 years, and he achieved more than most people will ever realize because he worked the old-fashioned way: making headway, not headlines. He sponsored progressive legislation that with 30 or 40 years hindsight, we now see has made an incredible difference in millions of people's lives.

The good mass transit systems we have in our Nation today we have because Pete was mass transit's champion. Americans have the best safety and environmental working conditions in the world because he created the Occupational Safety and Health Administration. We have pension protections because of him. We have greater accessibility for the handicapped because of him. Anything related to worker's rights, or working conditions, he had his hand in.

Like all of us he was not perfect, and he paid a price. But this Senator will remember my friend for his legislative accomplishments, and believes the words he said himself when he left this Chamber: That time, history and Almighty God would vindicate him for the principles for which he fought.

My wife, Peatsy, and I know how much his wife, Jeanette, and his four children, miss him, and we hope the best for them.●

MORRISTOWN MEMORIAL HOSPITAL

• Mr. CORZINE. Mr. President, I rise today to congratulate Morristown Memorial Hospital, a member hospital of the Atlantic Health System, for their receipt of the American Hospital Association's NOVA award. This prestigious award recognizes outstanding commitment to improving community-based health care.

The NOVA award honors Morristown's TeenHealthFX.com program, a free interactive Web site, providing teenagers with confidential and anonymous answers for difficult-to-ask health questions. This innovative program has succeeded at breaking down many of the barriers that so often prevent teens from obtaining critical health care information. Created in 1999, through the collaborative efforts of community leaders, teen, and health care professionals, this site has served as a gateway to area health care providers and a source of health care information for more than 100,000 young visitors.

I want to thank Morristown Hospital for supporting such an important and

effective program. It is not enough to simply make health information available to our young people. That information needs to be made available in a setting that is comfortable for teenagers to access. This is exactly the environment that TeenHealthFX.com has created in New Jersey. TeenHealthFX.com represents the type of creative thinking and collaboration that our communities must undertake if we are going to improve the health and health habits of teenagers and young adults. Again, congratulations to Morristown Hospital and thank you for your continued commitment to improving health care for all New Jerseyans.●
