TRIBUTE TO HATHAWAY & CLARK FUNERAL HOME

● Mr. BUNNING. Mr. President, I rise today to pay tribute to Hathaway & Clark Funeral Home of Louisville, KY. For over 100 years now, Hathaway & Clark Funeral Home has served the local community in a warm and caring manner.

Hathaway & Clark Funeral Home has been soulfully dedicated to serving the needs of the Louisville community since the early part of the 20th century. It is the oldest black-owned and operated funeral business in Louisville. The founder was a man by the name of James H. Hathaway. Mr. Hathaway officially opened the Hathaway mortuary on Burnett Avenue in the Fort Hill area in 1901. After Hathaway's death, his daughter and son-in-law, Columbia and Chester Clark, took over the business, adding Clark to the name.

In 1964, Hathaway & Clark built a new facility in the west end area at 2718 Virginia Avenue. In doing so, they became the first black Louisville funeral home to erect its own building.

Currently, Hathaway & Clark is operated by husband and wife duo, Lawrence and Violet Montgomery. Lawrence Montgomery, who currently serves as the company's president, has worked on and off at Hathaway for about fifty years. His wife Violet has been a full-time employee and secretary-treasurer since 1992. They both have worked extremely hard to build upon the foundation of service and professionalism that Hathaway & Clark was built on. During times of grief and sorrow, families can feel more secure knowing that Hathaway & Clark will be there to take care of all of their immediate needs. Many of their customers have been noted as saying how much they like and appreciate the warm feeling and atmosphere created by the staff and management of Hathaway & Clark.

We have all heard the old saying, "nothing is inevitable except death and taxes." While, I am quite certain that no individual or group will ever make us feel good about paying our taxes, I do know that families in Louisville can put their loved ones peacefully to rest with the help of Hathaway & Clark. I ask that my fellow colleagues join me in thanking Hathaway & Clark for serving Kentucky families since 1901.●

IN RECOGNITION OF LANSING COMMUNITY COLLEGE'S SOFTBALL WORLD SERIES CHAMPIONSHIP WIN

● Mr. LEVIN. Mr. President, I ask that the Senate join me today in congratulating the Lansing Community College Stars softball team for its win at the National Junior College Athletic Association World Series Championship in Phoenix, AZ. This was Lansing's third straight trip to the World Series, and their first win.

The Stars' season was nothing short of stellar. The Lady Stars broke their

2001 team record for home runs by sending 83 out of the stadium this year. They also batted a .368 team batting average, the highest in the nation. Finishing the season ranked number two in the nation, the Lady Stars finished the season with 49 wins and just seven losses. In the three years of the Lansing Community College program, the team boasts an overall record of 142 wins and just 25 losses.

These statistics don't win a championship on their own, though. The Lady Stars had to battle through 100 degree temperatures and formidable opposition to win three games and the championship on the final day of the series. Great defense, solid pitching, and timely hitting coupled with an experienced ball club made third time the charm for Lansing.

This Championship win is a great accomplishment, and I trust that my Senate colleagues will join me in congratulating the Lansing Community College Lady Stars softball team on this commendable triumph. I wish them the best in repeating next year.

I ask that the names of the team members, their position, college year and high school be printed in the RECORD.

The material follows:

Monica Kingsley, Pitcher, Sophomore, Fowlerville, MI.
Amanda Hixson, Outfield/Infield, Sophomore, Lansing Everett, MI.

TRIBUTE TO DR. LAURISTON S. TAYLOR

● Mr. DOMENICI. Mr. President, I rise to pay tribute to a truly great American on the occasion of his 100th birthday.

Dr. Lauriston S. Taylor was born on June 1, 1902. Dr. Taylor (or Laurie as he likes to be called) is one of the major contributors to our knowledge of radiation safety, not only in the United States but worldwide as well.

Laurie published his first paper in 1922 while a student at Cornell and has contributed to radiation safety over a span of 80 years, publishing over 150 papers, and has written or contributed to over 16 books.

Laurie served as Chairman of the National Committee on Radiation Protection (NCRP), the organization he helped establish and led for nearly 50 years and the organization now Chartered by the U.S. Congress as the National Council of Radiation Protection and Measurements.

In addition, his accomplishments include serving as: President of the Health Physics Society, Chairman of the International Commission on Radiation Units and Measurements, President of the International Conference on Medical Physics, Chairman of the Civil Service Commission, and Special Assistant to the President of the National Academy of Sciences.

A few of the many awards bestowed upon Laurie include: The Presidential Bronze Star and the Medal of Freedom from the United States Air Force, The Gold Medal from the Royal Swedish Academy of Sciences, and The Janeway Medal from the American Radium Society.

It is with pleasure that I note that Dr. Taylor's decades of contributions to improving radiation safety throughout the World have been documented by the Health Physics Society in an edition of their international journal Health Physics, and their Newsletter.

Laurie is, indeed, a person for all seasons: teacher, mentor, scholar, leader and visionary.

I deeply appreciate all that Laurie Taylor has contributed to this Nation and the world. I invite my colleagues to join in wishing him a very happy 100th birthday.●

TRIBUTE TO JACQUELINE BEAN

● Mr. BURNS. Mr. President, today I recognize a very special woman from the State of Montana who has recently retired from the Burns Telecommunications Center. Jacqueline Bean has made a tremendous difference at the Burns Telecommunications Center during her tenure. Her level of influence in the telecommunications industry and Montana has been instrumental in promoting, maintaining and establishing a base to expand upon the Center and extend its longevity. I cannot tell you how many times Jacqueline stressed the need to ensure the center's long-term impact.

Jacqueline's commitment and loyalty to the Burns Telecommunications Center and to the goals I established have helped lead to the success of the Center. Jacqueline never lost sight of the vision I had in mind, to promote opportunities in education, healthcare, and business especially in rural States like Montana, to work for increased individual opportunity through telecommunications and support Montana telecommunications projects, involv-

ing cutting edge technology for education based distance learning programs, telemedicine initiatives, and e-commerce across secure computer networks in the global economy. Jacqueline put forth a whole-hearted effort to increase these opportunities for students, teachers, administrators, individuals, and employees across Montana by advancing the Burns Telecommunications Center and its mission.

Jacqueline has always gone above and beyond the call of duty. She is not only a woman I admire and respect, she is a close, personal friend and I want to extend my personal thanks for all of her support and effort on behalf of the Burns Telecommunications Center. I truly appreciate Jacqueline's loyalty, dedication and commitment and all that she has accomplished on behalf of the Burns Telecommunications Center. We bid farewell, but not good-bye, to a woman that has brought so much integrity to the Burns Telecommunications Center.●

HARLEM GLOBETROTTERS

● Mr. KYL. Mr. President, I note with pleasure that the Harlem Globetrotters basketball team was honored in April by the Arizona chapter of the National Conference for Community and Justice.

The world-renowned Harlem Globetrotters, who have made their home in Phoenix since 1995, have given joy to basketball fans in America and around the world for three quarters of a century. In over 20,000 games of basketball, played in some 115 countries, the team's stellar showmen and athletes have been ambassadors for their country and their sport. Especially impressive is the tenacity of owner and former player Mannie Jackson, who took a franchise on the wane and revived it. He and his athletes have given something of value to Arizonans, Americans, and basketball lovers everywhere.

Arizona is proud to be the home of the 21st century Globetrotters, recipients of a richly deserved humanitarian award.●
